

KOMMUNALBANKEN AS

Incorporated with limited liability in the Kingdom of Norway

Programme For The Issuance Of Debt Instruments

Application has been made to the Luxembourg Stock Exchange for debt instruments (the "**Instruments**") issued under the programme (the "**Programme**") described in this document (as amended or supplemented, the "**Base Prospectus**") to be admitted to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange during the period of twelve months after the date of this document. The regulated market of the Luxembourg Stock Exchange is a regulated market for the purposes of Directive 2014/65/EU on markets in financial instruments (as amended, "**MiFID II**"). Application will also be made for Instruments issued under this Base Prospectus to be admitted to listing on the Official List of the United Kingdom Financial Conduct Authority (the "**FCA**") and to trading on the Regulated Market of the London Stock Exchange plc (the "**London Stock Exchange**") during the period of twelve months after the date of this Base Prospectus. The Regulated Market of the London Stock Exchange is a regulated market for the purposes of MiFID II. Instruments may also be issued under the Programme which are unlisted or which will be admitted to listing, trading and/or quotation by any other listing authority, stock exchange and/or quotation system.

Application has been made to the Luxembourg *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority in Luxembourg for the purpose of the Luxembourg law dated 10 July 2005 on prospectuses for securities, as amended (the "**Luxembourg Prospectus Law**"), which implements the Prospectus Directive (as defined herein) to approve this Base Prospectus as a base prospectus issued in compliance with the Prospectus Directive and the relevant implementing provisions of the Luxembourg Prospectus Law. This Base Prospectus constitutes a Base Prospectus for the purposes of Article 5.4 of the Prospectus Directive (as defined herein). By approving the Base Prospectus the CSSF gives no undertaking as to the economic and financial opportuneness of the transaction contemplated by this Base Prospectus or the quality or solvency of the Issuer in line with the provisions of Article 7(7) of the Luxembourg Prospectus Law.

Secondary offerings (*uridashi*) of Instruments may be made in Japan. Pursuant to the Prospectus Directive, a prospectus is required to be published when securities are offered to the public or admitted to trading on a regulated market in an EU Member State and the CSSF has approved this Base Prospectus for such purposes, as described above. This Base Prospectus does not constitute an approved document for the purposes of any secondary offerings (*uridashi*) of Instruments made in Japan.

The Instruments have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction of the United States, and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S ("**Regulation S**") under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

The Instruments are being offered and sold (i) outside the United States to non-U.S. persons in reliance on Regulation S (the "**Regulation S Instruments**") and (ii) within the United States to persons who are both "qualified institutional buyers" (each, a "**QIB**") within the meaning of Rule 144A ("**Rule 144A**") under the Securities Act and "qualified purchasers" (each, a "**QP**") within the meaning of Section 2(a)(51)(A) of the U.S. Investment Company Act of 1940, as amended (the "**Investment Company Act**"), and the rules and regulations thereunder, in each case acting for their own account or for the account of one or more QIBs who are also QPs in reliance on Rule 144A (the "**Rule 144A Instruments**"). Instruments may not be issued under the Programme with a denomination of less than EUR1,000 (or equivalent in another currency) (except under secondary offerings (*uridashi*) in Japan) and, in the case of Rule 144A Instruments and any Instruments issued as part of a Tranche (as defined herein) of Instruments that contain both Regulation S Instruments and Rule 144A Instruments, U.S.\$100,000 (or equivalent in another currency). Prospective purchasers are hereby notified that sellers of the Instruments may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A. For a description of these and certain further restrictions on offers, sales and transfers of Instruments and the distribution of this Base Prospectus, see "*Subscription and Sale*" and "*Transfer Restrictions*".

There are certain risks related to the issue of Instruments under the Programme which investors should ensure they fully understand (see "*Risk Factors*" on page 16 of this Base Prospectus).

This Base Prospectus may only be used for the purpose for which it has been published.

Kommunalbanken AS (the "**Issuer**") (in relation to itself and the Instruments only) accepts responsibility for the information contained in this Base Prospectus and any applicable Final Terms (as defined herein). The Issuer declares that, having taken all reasonable care to ensure that such is the case, the information contained in this Base Prospectus is, to the best of its knowledge, in accordance with the facts and contains no omission likely to affect its import.

Each Tranche of Instruments will be issued on the terms set out herein under "*Terms and Conditions of the Instruments*" (the "**Conditions**"), as completed by a document specific to such Tranche called final terms (the "**Final Terms**") or as amended and/or replaced in a separate prospectus specific to such Tranche (the "**Drawdown Prospectus**") as described under "*Final Terms and Drawdown Prospectuses*" below. In the case of a Tranche of Instruments which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to (1) information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus and (2) terms being completed by the relevant Final Terms shall be read and construed as a reference to such terms being supplemented, amended and/or replaced by the relevant Drawdown Prospectus, unless the context requires otherwise.

This document should be read and construed together with any supplement hereto and any other information deemed to be incorporated by reference herein and, in relation to any Tranche of Instruments which is the subject of Final Terms, should be read and construed together with the relevant Final Terms.

The Issuer has confirmed to the dealers (the "**Dealers**") named under "*Subscription and Sale*" below that this Base Prospectus contains all information which is material in the context of the Instruments; that the Base Prospectus is true, accurate and complete in all material respects and is not misleading; that the opinions and intentions expressed therein are honestly held and based on reasonable assumptions; that there are no other facts in relation to the information contained or incorporated by reference in this Base Prospectus or in relation to such opinions or intentions the omission of which would, in the context of the Programme or the issue of the Instruments, make any statement in this Base Prospectus or the opinions or intentions expressed therein misleading in any material respect; and that all reasonable enquiries have been made to verify the foregoing. The Issuer has further confirmed to the Dealers that this Base Prospectus contains all such information as may be required by all applicable laws, rules and regulations and the information in the section of this Base Prospectus under the heading "*Summary*" is not misleading, inaccurate or inconsistent when read with the rest of this Base Prospectus.

No person has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any documents incorporated by reference herein or other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any Dealer.

No representation or warranty is made or implied by the Dealers or any of their respective affiliates, and neither the Dealers nor any of their respective affiliates makes any representation or warranty or accepts any responsibility, as to the accuracy or completeness of the information contained in this Base Prospectus.

Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Instrument shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date thereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial or trading position of the Issuer since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Instruments in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Instruments and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Instruments, see "*Subscription and Sale*".

The Instruments have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and may include Instruments in bearer form, which are subject to U.S. tax law requirements. Instruments may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons, except in transactions exempt from the registration requirements of the Securities Act.

THE INSTRUMENTS HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION, ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER U.S. REGULATORY AUTHORITY, AND NONE OF THE FOREGOING AUTHORITIES HAVE PASSED UPON OR ENDORSED THE MERITS OF THE OFFERING OF INSTRUMENTS OR THE ACCURACY OR THE ADEQUACY OF THIS BASE PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

The Instruments are being offered and sold outside the United States only to persons that are non-U.S. persons in reliance on Regulation S and within the United States only to QIBs that are also QPs in reliance on Rule 144A. Prospective purchasers are hereby notified that sellers of the Instruments may be relying on the exemption from the provision of Section 5 of the Securities Act provided by Rule 144A. Instruments may not lawfully be offered or sold to persons in the United Kingdom otherwise than in compliance with the Prospectus Directive and any applicable law. For a description of these and certain further restrictions on offers, sales, and transfers of Instruments and distribution of this Base Prospectus, see "*Subscription and Sale*" and "*Transfer Restrictions*".

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Instruments and should not be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Instruments. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

Redemption of some Instruments may be made by delivery or transfer of securities or instrument(s) in a company or fund (e.g., shares of a company or fund shares of an exchange traded fund). The shares of underlying entities which may be delivered (as the case may be) upon redemption of Physical Delivery Instruments (as defined in the Conditions) are not shares in the Issuer.

As a result of the implementation of the BRRD (as defined herein) into Norwegian law, holders of the Instruments may be subject to write-down or conversion into equity on any application of the general bail-in tool and non-viability loss absorption, which may result in such holders losing some or all of their investment. See "*Risk Factors - Risks Relating to the Issuer - Implementation of the Bank Recovery and Resolution Directive in Norway*", "*Risk Factors - Risks Relating to the Instruments - Under the terms of the Instruments, investors will agree to be bound by and consent to the exercise of any Norwegian bail-in power by the Norwegian resolution authority*" and Condition 20 (*Acknowledgement of Bail-in and Loss Absorption Powers*) in the Conditions.

IMPORTANT – EEA RETAIL INVESTORS

If the applicable Final Terms in respect of any Instruments includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Instruments are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA (as defined below). For these purposes, a "retail investor" means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Instruments or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Instruments or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET

The applicable Final Terms or Drawdown Prospectus in respect of any Instruments may include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the

Instruments and which channels for distribution of the Instruments are appropriate. Any person subsequently offering, selling or recommending the Instruments (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Instruments (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Instruments is a manufacturer in respect of such Instruments, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

IMPORTANT – INDEX LINKED INSTRUMENTS

By purchasing an Index Linked Instrument (as defined herein) referencing an index with one or more underlying U.S. securities, an investor will be deemed to represent that it has not taken, and will not take, any short position with respect to any of the underlying components of the relevant index that would cause it to cease to be a Qualified Index (as defined herein) with respect to such investor, see "*Risk Factors - Risks Relating to the Instruments - U.S. withholding tax may apply to Instruments with payments linked to dividends paid by U.S. issuers*".

PRODUCT CLASSIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT (CHAPTER 289 OF SINGAPORE)

The Final Terms in respect of any Instruments may include a legend entitled "Singapore Securities and Futures Act Product Classification" which will state the product classification of the Instruments pursuant to section 309B(1) of the Securities and Futures Act (Chapter 289 of Singapore) (the "**SFA**"). The Issuer will make a determination in relation to each issue about the classification of the Instruments being offered for purposes of section 309B(1)(a). Any such legend included on the relevant Final Terms will constitute notice to "relevant persons" for purposes of section 309B(1)(c) of the SFA.

BENCHMARK REGULATION

Interest and/or other amounts payable under the Instruments may be calculated by reference to certain indices and reference rates, including BBSW, BKBM, EURIBOR, EONIA, LIBOR, NIBOR, SOFR, SONIA, STIBOR and the U.S. Federal Funds Rate (each as defined herein). Any such reference rate or index may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the "**Benchmark Regulation**"). As at the date of this Base Prospectus, ICE Benchmark Administration Limited, the administrator of LIBOR, is included in register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 (*Register of administrators and benchmarks*) of the Benchmark Regulation. As at the date of this Base Prospectus, none of the Australian Securities Exchange, the administrator of BBSW, the New Zealand Financial Markets Association, the administrator of BKBM, the European Money Markets Institute, the administrator of EONIA and EURIBOR, Norske Finansielle Referanser AS, the administrator of NIBOR, the Federal Reserve Bank of New York, the administrator of SOFR and the U.S. Federal Funds Rate, the Bank of England, the administrator of SONIA, and Financial Benchmarks Sweden AB, the administrator of STIBOR are included in ESMA's register of administrators and benchmarks under the Benchmarks Regulation. However, Article 51 (*Transitional provisions*) of the Benchmark Regulation provides that providers already providing a benchmark on 30 June 2016 have until 1 January 2020 to apply for authorisation or registration in accordance with Article 34 (*Authorisation and registration of an administrator*) of the Benchmark Regulation and may continue to provide such an existing benchmark until 1 January 2020 or, where the provider submits an application for authorisation or registration, unless and until such authorisation or registration is refused. Such transitional provisions may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the Final Terms. The registration status of any administrator under the Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Final Terms to reflect any change in the registration status of the administrator.

Any reference in this Base Prospectus to any legislation (whether primary legislation or other subsidiary legislation made pursuant to primary legislation) shall be construed as a reference to such legislation as the same may have been, or may from time to time be, amended, superseded or re-enacted.

ENFORCEMENT OF FOREIGN JUDGMENTS

The Issuer is a government funding agency incorporated under the laws of the Kingdom of Norway. All of the officers and directors named herein reside outside of the United States and all or a substantial portion of the assets of the Issuer and its officers and directors are located outside the United States. As a result, prospective investors may have difficulties effecting service of process in the United States upon the Issuer or such persons in connection with any lawsuits related to the Instruments, including actions arising under the federal securities laws of the United States. In addition, investors may have difficulties in enforcing in original actions brought in courts in jurisdictions outside the United States, liabilities predicated upon U.S. securities laws.

AVAILABLE INFORMATION

The Issuer has agreed that, for so long as any Instruments are "restricted securities" as defined in Rule 144(a)(3) under the Securities Act, it will during any period that it is neither subject to Section 13 or 15(d) of the U.S. Securities and Exchange Act of 1934, as amended (the "Exchange Act"), nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder furnish, upon request, to any holder or beneficial owner of Instruments or any prospective purchaser designated by any such holder or beneficial owner, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

STABILISATION

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF INSTRUMENTS, THE DEALER OR DEALERS (IF ANY) NAMED AS THE STABILISING MANAGER(S) IN THE APPLICABLE FINAL TERMS (THE "STABILISING MANAGER(S)") (OR PERSONS ACTING ON BEHALF OF ANY STABILISING MANAGER(S)) MAY OVERALLOT INSTRUMENTS OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE INSTRUMENTS AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL.

HOWEVER, STABILISATION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE FINAL TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF INSTRUMENTS IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF INSTRUMENTS AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF INSTRUMENTS. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF

THE STABILISING MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

FORWARD-LOOKING STATEMENTS

This Base Prospectus includes "forward-looking statements". All statements other than statements of historical fact included in this Base Prospectus, including, without limitation, those regarding the Issuer's financial position, business strategy, plans and objectives of management for future operations, are forward-looking statements. These forward-looking statements are identified by their use of terms and phrases such as "anticipate", "believe", "could", "estimate", "expect", "intend", "may", "plan", "predict", "project", "will" and similar terms and phrases, including references to assumptions.

Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements, or industry results. These factors include, but are not limited to, the following:

- competitive pressure;
- market conditions;
- volatility in interest rates;
- operational risk;
- counterparty risk;
- liquidity risk;
- the occurrence of catastrophic events, terrorist attacks and similar events;
- significant adverse regulatory developments, including changes in tax law;
- a downgrade in the Issuer's credit ratings;
- an interruption, failure or breach of the Issuer's operational system;
- the ineffectiveness of the Issuer's risk management policies and procedures; and
- requirements to make additional pension contributions.

The Issuer's risks are more specifically described under "*Risk Factors*". If one or more of these risks or uncertainties materialise, or if underlying assumptions prove incorrect, the Issuer's actual results, performance or achievements or industry results may be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding the Issuer's present and future business strategies and the environment in which the Issuer will operate in the future. These forward-looking statements speak only as of the date of this Base Prospectus or as of such earlier date at which such statements are expressed to be given. The Issuer expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any change in the Issuer's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

In this case a short description of the Element is included in the summary with the mention of "Not Applicable".

However, the Norwegian State does not guarantee any of the Issuer's obligations including the Instruments and payment to holders of Instruments is therefore solely dependent on the creditworthiness of the Issuer. • <i>Resolution powers</i> - The implementation of the Bank Recovery and Resolution Directive ("BRRD") in Norway or the taking of any action under it (or any suggestion of such exercise) may result in investors losing some or all of their investment in the Instruments and could materially affect the value of any Instruments. • <i>Bail-in</i> - By acquiring Instruments, each investor agrees to be bound by the effect of the exercise of any Norwegian bail-in power by the Norwegian resolution authority and the variation of the terms of the Instruments, if necessary, to give effect to the exercise of any Norwegian bail-in power by the Norwegian resolution authority.

There are also certain risks relating to the Instruments generally, such as restrictions on transfer, [Instruments being issued at a substantial discount or premium,] credit or corporate ratings not reflecting all the risks, modification and waiver, change of law and minimum specified denominations.

[In addition to the above, there are risks specific to Renminbi-denominated Instruments:

- *Renminbi is not freely convertible* - Certain restrictions may affect the ability of the Issuer to source Renminbi to finance its obligations under Instruments denominated in Renminbi.
- *Limited availability of Renminbi outside the People's Republic of China* - The limited availability of the Renminbi outside the People's Republic of China (due to restrictions) may affect the ability of the Issuer to source Renminbi to finance its obligations under Instruments denominated in Renminbi.
- *Investment is subject to exchange rate, currency and interest rate risks* - Changes in economic and political conditions may have an impact on the value of the Renminbi against the U.S. Dollar. Furthermore, changes in policies may also heighten the interest rate volatility. These factors could result in a decline of the value of a holder's investment.
- *Restricted methods of payment* - All payments will be made in accordance with the modes of payment prescribed in the terms and conditions and no other means of payment may be utilised by the Issuer.
- *Gains on transfer may be subject to income taxes* - Under PRC law, non-PRC resident enterprise or individual holders of Renminbi-denominated Instruments may become subject to

RISK FACTORS

Prospective investors should read the entire Base Prospectus.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Instruments issued under the Programme. These factors are contingencies that may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Factors (although not exhaustive) which could be material for the purpose of assessing the market risks associated with Instruments issued under the Programme are described below.

Prospective investors should note that the risks relating to the Issuer, the industry in which it operates and the Instruments summarised in the section of this Base Prospectus headed "Summary" are the risks that the Issuer believes to be the most relevant to an assessment by a prospective investor of whether to consider an investment in the Instruments. However, as the risks which the Issuer faces relate to events and depend on circumstances that may or may not occur in the future, prospective investors should consider not only the information on the key risks summarised in the section of this Base Prospectus headed "Summary" but also, among other things, the risks and uncertainties described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Instruments issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Instruments may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Instruments are exhaustive. The risks described below are not the only risks the Issuer faces. Additional risks and uncertainties not presently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Words and expressions defined in the "Terms and Conditions of the Instruments" below or elsewhere in this Base Prospectus have the same meanings in this section, unless otherwise stated.

Prospective investors should consider, among other things, the following:

Risks Relating to the Issuer

Interest rate risk

Interest rate risk occurs in connection with the Issuer's lending and funding activities and arises from the different interest rate periods for the Issuer's assets and liabilities and the fact that incoming and outgoing payments are due at different times. As part of the management of interest rate risk on assets and liabilities, the Issuer enters into derivative contracts, mainly swaps and FRA (forward rate agreement) contracts, and purchases and sells securities issued by governments and financial institutions.

The Issuer has maintained its strategy of adapting its funding activities to its various types of loan, which has resulted in the Issuer's funding and lending activities having virtually identical interest rate periods. The Issuer has divided loans and funding into various portfolios. Management of interest rate risk is carried out by means of matching the duration of the various funding portfolios with that of the various lending portfolios. A portfolio's duration is defined as the weighted average duration of each individual funding/lending transaction included in the portfolio. Individual loans/funding transactions are weighted by their market value in comparison to the market value of the portfolio.

However, there is no guarantee that the Issuer will continue to be able to match interest rate periods for its funding and lending activities. This, in turn, may adversely affect the Issuer's business, results of operation and/or financial condition.

Counterparty risk

Counterparty risk relates to the risk that the counterparty to an agreement may be unable to honour its commitments in the future. The Issuer has a conservative policy concerning agreements vis à vis each counterparty. These counterparties may only be Norwegian or international financial institutions with a high credit rating from Moody's or S&P. All counterparties must post collateral with the Issuer. Exposure is continuously monitored and reported to the Issuer's risk committee each week and to the Board of Directors of the Issuer at each of its meetings. Some agreements are structured with a view to reducing the

Issuer's counterparty risk, for example, by entering into netting agreements, taking of collateral, payment in advance or repayment in instalments.

However, there is no guarantee that the Issuer's policy in monitoring counterparty risk will be effective and this may adversely affect the Issuer's business, results of operation and/or financial condition.

Liquidity risk

Liquidity risk relates to the risk that the Issuer may be unable to meet its obligations on the agreed date of settlement as a result of market-related factors. The Issuer seeks to maintain 12 months of net cash requirements to meet its obligations well in advance of the date of maturity for large issues, such that the liquidity risk can be viewed as extremely limited. In addition, the Issuer uses interest rate swaps to hedge the duration of long-term fixed rate funding. The Issuer has the highest credit ratings of AAA from S&P and Aaa from Moody's, enabling prompt access to capital should this be required. However, a downturn in the market could result in the Issuer's net cash position being insufficient to meet its obligations on the agreed date.

The Issuer has not registered, and will not register, as an investment company under the Investment Company Act

The Issuer will seek to qualify for an exemption from the definition of "investment company" under the Investment Company Act and will not register as an investment company in the United States under the Investment Company Act. The Investment Company Act provides certain protections to investors and imposes certain restrictions on registered investment companies, none of which will be applicable to the Issuer or its investors.

The Kingdom of Norway does not guarantee any of the Issuer's obligations

As at the date of this Base Prospectus, the Issuer is owned entirely by the Norwegian State as represented by the Ministry of Local Government. However, the Norwegian State does not guarantee any of the Issuer's obligations including the Instruments and payment to Holders of Instruments is therefore solely dependent on the creditworthiness of the Issuer.

Implementation of the Bank Recovery and Resolution Directive in Norway

On 2 July 2014, Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the "**Bank Recovery and Resolution Directive**" or "**BRRD**") entered into force in the EU. The BRRD is designed to provide authorities with a credible set of resolution tools with which to intervene so as to ensure the continuity of an institution's critical financial and economic functions, while minimising the impact of the failure of an institution on the economy and financial system.

The resolution tools are intended to be used prior to the point at which any insolvency proceedings with respect to the relevant financial institution could have been initiated and only upon the relevant resolution authority being satisfied that the relevant conditions for resolution contained in the BRRD have been met. The BRRD contains safeguards for shareholders and creditors in respect of the application of the "bail-in tool" which aim to ensure that they do not incur greater losses than they would have incurred had the relevant financial institution been wound up under normal insolvency proceedings.

A law transposing the provisions of BRRD was enacted by the Norwegian Parliament on 15 March 2018 and countersigned by the King-in-council on 23 March 2018 (the "**Norwegian implementing legislation**"). The Norwegian implementing legislation is a framework law with powers delegated to the Norwegian government to enact supplementing and implementing regulations. Supplementing and implementing regulations adopted by the Ministry of Finance and the Financial Supervisory Authority of Norway came into force on 1 January 2019. The BRRD will apply in Norway in line with the EU legislation, meaning that claims falling within the scope of the Norwegian implementing legislation could become subject to write down or conversion on any application of the general bail-in tool or (in the case of subordinated claims) on any application of the non-viability loss absorption measure, which may result in loss to the holders of such claims, or their rights in respect of the claims and/or the value of their investment may otherwise be materially adversely affected.

The Issuer is designated as a systemically important institution by the Ministry of Finance. The Financial Supervisory Authority of Norway has in its advice to the Ministry of Finance expressed that the supervisor will treat the Issuer similar to other systemically important institutions, and further that the largest institutions are expected to be subject to a minimum requirements for own fund and eligible liabilities ("MREL") requirement corresponding to a loss absorption amount in line with applicable capital requirements and a recapitalisation to meet the capital requirements after recapitalisation, subject to any individual adjustments that may apply based on institution specific considerations. It is difficult to predict the effect MREL may have on the Issuer until the new MREL requirements have been fully implemented. There is a risk that the MREL requirements within the framework for MREL applicable to the Issuer could require the Issuer to issue additional MREL eligible liabilities in order to meet the new requirements within the required timeframes.

Since the Issuer and the Instruments fall within the scope of the Norwegian implementing legislation, the Instruments may, amongst other resolution powers, be subject to the bail-in powers and could be written down or converted into equity as part of a resolution process. The exercise of any power under the BRRD (as implemented in Norwegian law) or any suggestion of, or perception of there being an increased likelihood of, such exercise could materially adversely affect the rights of Holders, the price or value of the Instruments and/or the ability of the Issuer to satisfy its obligations under the Instruments. Prospective investors in the Instruments should consult their own advisers as to the possible consequences of the BRRD (as implemented in Norwegian law). See "*Risk Factors – Risks Relating to the Instruments – Under the terms of the Instruments, investors will agree to be bound by and consent to the exercise of any Norwegian bail-in power by the Norwegian resolution authority*".

On 23 November 2016, the European Commission presented a comprehensive package of reforms to further strengthen the resilience of EU banks (the "**EU Banking Reforms**") which proposals amend many of the existing provisions set forth in the BRRD. In February 2019, the Committee of Permanent Representatives endorsed the positions agreed with the European Parliament on all elements of the EU Banking Reforms. The agreed text remains subject to formal adoption by the European Parliament and Council of the EU, which is expected to occur during 2019. Until such time as the proposals are formally approved by the European Parliament and Council of the EU, there can be no assurance as to whether, or when, the proposed amendments will be adopted and whether they will be adopted in the manner as currently proposed and therefore it is uncertain how they will affect the Issuer or the holders of the Instruments.

Risks Relating to the Instruments

There is no active trading market for the Instruments

Instruments issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Instruments which is already issued). If the Instruments are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although application has been made for the Instruments issued under the Programme to be admitted to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange and application will be made for Instruments issued under the Programme to be admitted to listing on the Official List of the FCA and to trading on the Regulated Market of the London Stock Exchange, there is no assurance that such application will be accepted, that any particular Tranche of Instruments will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Instruments.

The Instruments may be redeemed prior to maturity

Unless in the case of any particular Tranche of Instruments the relevant Final Terms specifies otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Instruments due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Kingdom of Norway or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Instruments in accordance with the Conditions.

In addition, if in the case of any particular Tranche of Instruments the relevant Final Terms specifies that the Instruments are redeemable at the Issuer's option in certain other circumstances, the Issuer may choose to redeem the Instruments at times when prevailing interest rates may be relatively low. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Instruments.

Interest rate risk

Investment in fixed rate Instruments involves the risk that subsequent changes in market interest rates may adversely affect the value of the fixed rate Instruments.

Partly paid Instruments

The Issuer may issue Instruments where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of their investment.

The value of Index Linked Instruments is subject to fluctuations and volatility in the underlying index or basket of indices

The Issuer may issue Index Linked Instruments where the Maturity Redemption Amount, automatic early redemption or interest payable is dependent upon the level of an index or indices. The index or indices may comprise of reference equities, bonds, other securities, property, currency exchange rate or other assets or bases of reference, and may be a well known and widely published index or indices or an index or indices established by an entity which may not be widely published or available. An investment in Index Linked Instruments will entail significant risks not associated with a conventional fixed rate or floating rate debt security.

Index Linked Redemption Instruments may be redeemable by the Issuer by payment of the par value amount and/or by payment of an amount determined by reference to the value of the index/indices. Interest payable on Index Linked Interest Instruments may be calculated by reference to the value of one or more indices.

Potential investors in Index Linked Instruments should be aware that depending on the terms of the Index Linked Instruments (i) they may receive no or a limited amount of interest, (ii) payments may occur at a different time than expected and (iii) except in the case of principally protected Instruments, they may lose all or a substantial portion of their investment if the value of the index/indices does not move in the anticipated direction.

In addition, the movements in the level of the index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an index or result of a formula, the greater the effect on yield.

If the Maturity Redemption Amount or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices on the Maturity Redemption Amount or interest payable will be magnified.

If the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred at any relevant time, such determination may have an effect on the timing of valuation and consequently the value of the Instruments and/or may delay settlement in respect of the Instruments.

Prospective purchasers should review the Conditions relating to Index Linked Instruments and the relevant Final Terms to ascertain whether and how such provisions apply to the Instruments.

The market price of Index Linked Instruments may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the index or indices. The level of the index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded.

Also, certain indices may be subject to regulation which may affect the performance of the relevant indices or restrict them from being used for certain purposes, including in connection with any Index Linked Instruments. Prospective investors should be aware that the consequences of the regulation of any indices relevant to the Index Linked Instruments may have a material adverse effect on the value of such Instruments and, in certain circumstances; the Issuer may be required to redeem such Instruments early.

The value of Share Linked Instruments is subject to fluctuations and volatility in the underlying shares or basket of shares

The Issuer may issue Share Linked Instruments where the Maturity Redemption Amount, automatic early redemption or interest payable are dependent upon the price of or changes in the price of shares or a basket of shares or where, depending on the price or change in the price of the shares or basket of shares, the Issuer has an obligation to deliver specified assets. Accordingly, an investment in Share Linked Instruments may bear similar market risks to a direct equity investment and investors should take advice accordingly. An investment in Share Linked Instruments will entail significant risks not associated with a conventional debt security.

Share Linked Redemption Instruments may be redeemable by the Issuer by payment of the par value amount and/or by the physical delivery of a given number of share(s) and/or by payment of an amount determined by reference to the value of the share(s).

Potential investors in Share Linked Instruments should be aware that depending on the terms of the Share Linked Instruments (i) they may receive no or a limited amount of interest, (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) except in the case of principally protected Instruments, they may lose all or a substantial portion of their investment if the value of the share(s) do not move in the anticipated direction.

In addition, the movements in the price of the share or basket of shares may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the share or shares may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the share or shares, the greater the effect on yield.

If the Maturity Redemption Amount or interest payable, or Entitlement deliverable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share or shares on the Maturity Redemption Amount or interest payable, or Entitlement deliverable, will be magnified.

If the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred at any relevant time any such determination may have an effect on the timing of valuation and consequently the value of the Instruments and/or may delay settlement in respect of the Instruments. Prospective purchasers should review the Conditions relating to Share Linked Instruments and the relevant Final Terms to ascertain whether and how such provisions apply to the Instruments.

In the case of Share Linked Instruments following the declaration by the issuer of the relevant shares (the "**Share Company**") of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make the corresponding adjustment, if any, to any of the terms of the relevant Conditions and/or the relevant Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (*provided that* no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Share Linked Instruments. In certain circumstances where it is impossible or impractical to make such adjustments, the Calculation Agent may instruct the Issuer to redeem the affected Share Linked Instruments.

In addition, in the case of Share Linked Instruments, if a Merger Event, Tender Offer, Delisting, Nationalisation or Insolvency occurs in relation to any Share, the Calculation Agent in its sole and absolute discretion may take the action described in (i) or (ii) below:

- (i) determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the relevant Conditions and/or the relevant Final Terms to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency and determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Share Linked Instruments; and
- (ii) redeem all, but not some only, of the Instruments.

Following such redemption or cancellation an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the relevant Instruments being redeemed or cancelled and may only be able to do so at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time.

The market price of Share Linked Instruments may be volatile and may be affected by the time remaining to the redemption date, the volatility of the share or shares, the dividend rate (if any) and the financial results and prospects of the Share Company or Share Companies as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares may be traded.

No Share Company will have participated in the preparation of the relevant Final Terms or in establishing the terms of the Share Linked Instruments and neither the Issuer nor any Dealer will make any investigation or enquiry in connection with such offering with respect to any information concerning any such Share Company contained in such Final Terms or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Final Terms) that would affect the trading price of the share will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such Share Company could affect the trading price of the share and therefore the trading price of the Instruments.

Except as provided in the relevant Conditions in relation to Physical Delivery Instruments, holders of Share Linked Instruments will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant shares to which such Instruments relate.

U.S. withholding tax may apply to Instruments with payments linked to dividends paid by U.S. issuers

The U.S. Treasury Department has released regulations under Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), which require withholding of up to 30 per cent. (depending on whether an income tax treaty or other exemption applies) on payments or deemed payments made to non-U.S. persons on certain financial instruments to the extent that such payments are contingent upon or determined by reference to U.S. source dividends. Significant aspects of the application of these regulations to the Instruments are uncertain. Payments on Instruments that are treated by the applicable Treasury regulations as being contingent upon, or adjusted to reflect, any U.S. source dividends may be subject to this withholding. In addition, the regulations could impose withholding tax on non-U.S. persons to the extent U.S. source dividends are paid on the underlying equity securities, even if no corresponding payment is made on the Instruments to the non-U.S. persons. The Issuer will not be required to pay any additional amounts or otherwise indemnify any person with respect to amounts so withheld.

The regulations under Section 871(m) contain exceptions for certain securities with payments linked to certain broad-based indices that meet various requirements (a "**Qualified Index**"). Payments on a security linked to a Qualified Index generally are not subject to withholding under Section 871(m); however, if an investor in such an instrument enters into certain offsetting positions with respect to a portion of the underlying components of the index, that could cause the index to cease being treated as a Qualified Index with respect to that investor. The Issuer intends that any Index Linked Instruments issued under the Programme that relate to an index with one or more underlying U.S. components will reference a Qualified Index.

The value of FX Linked Instruments is subject to fluctuations and volatility in the underlying exchange rates

The Issuer may issue FX Linked Instruments where the Maturity Redemption Amount, automatic early redemption or interest payable are dependent upon movements in currency exchange rates or are payable in one or more currencies which may be different from the currency in which the Instruments are denominated. Accordingly, an investment in FX Linked Instruments may bear similar market risks to a direct foreign exchange investment and investors should take advice accordingly. An investment in FX Linked Instruments will entail significant risks not associated with a conventional debt security. FX Linked Redemption Instruments may be redeemable by the Issuer by payment of the par value amount and/or by the physical delivery of specified amount of one or more currencies and/or by payment of an amount determined by reference to the value of the currency/currencies. Interest payable on FX Linked Interest Instruments may be calculated by reference to the value of one or more currencies.

Potential investors in any FX Linked Instruments should be aware that depending on the terms of the FX Linked Instruments (i) they may receive no or a limited amount of interest, (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) except in the case of principally protected Instruments, they may lose all or a substantial portion of their investment if the currency exchange rates do not move in the anticipated direction. In addition, the movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations. If the Maturity Redemption Amount or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on the Maturity Redemption Amount or interest payable will be magnified. Fluctuations in exchange rates of the relevant currency will affect the value of FX Linked Instruments. Furthermore, investors who intend to convert gains or losses from the redemption or sale of FX Linked Instruments into their home currency may be affected by fluctuations in exchange rates between their home currency and the specified currency of the Instruments. Currency values may be affected by complex political and economic factors, including governmental action to fix or support the value of a currency, regardless of other market forces.

The value of Fund Linked Instruments is subject to fluctuations and volatility in the underlying fund or basket of funds

The Issuer may issue Fund Linked Instruments where the Maturity Redemption Amount, automatic early redemption or interest payable are dependent upon the price or changes in the price of fund share(s) or unit(s) or where, depending on the price or changes in the price of fund share(s) or unit(s), the Issuer has an obligation to deliver specified assets. Accordingly, an investment in Fund Linked Instruments may bear similar market risks to a direct fund investment and investors should take advice accordingly. An investment in Fund Linked Instruments will entail significant risks not associated with a conventional debt security.

Fund Linked Redemption Instruments may be redeemable by the Issuer by payment of the par value amount and/or by the physical delivery of specified amount of one or more fund shares or units and/or by payment of an amount determined by reference to the value of the fund share(s) or unit(s). Interest payable on Fund Linked Interest Instruments may be calculated by reference to the value of one or more fund shares or units.

Potential investors in Fund Linked Instruments should be aware that depending on the terms of the Fund Linked Instruments (i) they may receive no or a limited amount of interest (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) except in the case of principally protected Instruments, they may lose all or a substantial portion of their investment if the value of the fund share(s) or unit(s) do not move in the anticipated direction.

In addition, the movements in the price of fund share(s) or unit(s) may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the fund share(s) or unit(s) may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or prices of the fund share(s) or unit(s), the greater the effect on yield.

If the Maturity Redemption Amount or interest payable, or Entitlement deliverable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of

changes in the price of the fund share(s) or unit(s) on the Maturity Redemption Amount or interest payable, or Entitlement deliverable, will be magnified.

The price of unit(s) or fund share(s) may be affected by the performance of the fund service providers, and in particular the investment adviser.

In the case of Fund Linked Instruments linked to exchange traded funds ("ETFs"), if the Calculation Agent determines that an event giving rise to a Disrupted Day has occurred at any relevant time any such determination may have an effect on the timing of valuation and consequently the value of the Instruments and/or may delay settlement in respect of the Instruments. Prospective purchasers should review the Conditions relating to Fund Linked Instruments and the relevant Final Terms to ascertain whether and how such provisions apply to the Instruments.

In the case of Fund Linked Instruments linked to ETFs, following the declaration by the ETF of the occurrence of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical relevant Fund Shares and, if so, will (i) make the corresponding adjustment, if any, to any of the terms of the relevant Conditions and/or the relevant Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect and (ii) determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Fund Linked Instruments. In certain circumstances where it is impossible or impractical to make such adjustments, the Calculation Agent may instruct the Issuer to redeem the affected Fund Linked Instruments.

In addition, in the case of Fund Linked Instruments linked to ETFs, if a Merger Event, Tender Offer, De-listing, Material Underlying Event, Nationalisation or Insolvency Event occurs in relation to any Fund Share, the Calculation Agent in its sole and absolute discretion may take the action described in (i) or (ii) below:

- (i) determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the relevant Conditions and/or the relevant Final Terms to account for the Merger Event, Tender Offer, De-listing, Material Underlying Event, Nationalisation or Insolvency Event and determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Fund Linked Instruments; and
- (ii) require the Issuer to redeem or cancel, as applicable, all of the Instruments. Following such redemption or cancellation an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the relevant Instruments being redeemed or cancelled and may only be able to do so at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time.

The market price of Fund Linked Instruments may be volatile and may depend on the time remaining to the redemption date or settlement date (as applicable) and the volatility of the price of fund share(s) or unit(s). The price of fund share(s) or unit(s) may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded.

The value of Commodity Linked Redemption Instruments is subject to fluctuations and volatility in the underlying commodity

The Issuer may issue Commodity Linked Redemption Instruments where the Maturity Redemption Amount is dependent on an underlying commodity price. An investment in Commodity Linked Redemption Instruments will entail significant risks not associated with a conventional debt security. Potential investors in Commodity Linked Redemption Instruments should be aware that, depending on the terms of the Commodity Linked Redemption Instruments, the value of such Instruments may fluctuate in value significantly over short periods of time for a variety of factors, including: changes in the supply and demand of the underlying commodity; an ability to substitute or an inability to substitute the relevant underlying commodity; national and international governmental actions; changes in national or international economies relating to the underlying commodity; the general economic environment, including interest and foreign exchange rates; trading activities in commodities and related contracts which may include speculative trading; environmental events, pestilence; changes in technology and labour supply; and the

regulation of production, trade and distribution of the underlying commodity. As a result of such risks or other unanticipated risks, commodity prices may be volatile.

The timing of changes in the relevant price of the underlying commodity or commodities may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the underlying commodity or commodities, the greater the effect on yield.

If the Maturity Redemption Amount is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the underlying commodity or commodities on the Maturity Redemption Amount will be magnified.

Potential investors in Commodity Linked Redemption Instruments should be aware that depending on the terms of the Commodity Linked Redemption Instruments (i) they may receive no or a limited amount of interest, (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) except in the case of principally protected Instruments, they may lose all or a substantial portion of their investment if the value of the commodity(ies) do not move in the anticipated direction. In the case of such Instruments there is a risk that any investor may lose the value of their entire investment or part of it. In addition, the movements in the price of the commodity or basket of commodities may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices.

Physical Delivery Instruments

Redemption of some Instruments may be made by delivery or transfer of share(s) of a company or fund share(s) of an exchange traded fund. Potential investors should be aware that:

- occurrence of delivery or transfer of such share(s) or fund share(s) may be substantially delayed from the maturity date of the Instruments or any other date on which such delivery or transfer is expected to occur;
- in some event, no delivery or transfer of such share(s) or fund share(s) may be able to occur; and/or
- for such period of time after the maturity date and/or any other date on which such delivery or transfer is expected to occur as any person other than the relevant Holder shall continue to be the legal owner of the securities or the interests in the company or fund, the Holder may not be able to receive any payment or exercise any right which, if the Holder were the legal owner of the securities or the interests during such period, the Holder would have been entitled to.

Additional Disruption Events

If specified in the relevant Final Terms in relation to a Series of Index Linked Instruments, Share Linked Instruments, FX Linked Instruments, Fund Linked Instruments, Commodity Linked Redemption Instruments or Physical Delivery Instruments, if the Calculation Agent determines that an event giving rise to an Additional Disruption Event has occurred at any relevant time the Issuer may either (i) require the Calculation Agent to, at its sole discretion, make such adjustments to the Conditions to account for the Additional Disruption Event or (ii) redeem the Instruments by giving notice to the holders of Instruments in accordance with Condition 14. Prospective purchasers should review the Conditions relating to such Instruments and the relevant Final Terms to ascertain whether and how such provisions apply to the Instruments.

Instruments issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest bearing securities with comparable maturities.

Credit or corporate ratings may not reflect all risks

As of the date of this Base Prospectus, Moody's and S&P have assigned Aaa and AAA to the long-term senior debt of the Issuer, respectively.

Where a Tranche of Instruments is rated, the applicable rating(s) will be specified in the Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Instruments will be (1) issued by a credit rating agency established in the EEA and registered under the CRA Regulation, or (2) issued by a credit rating agency which is not established in the EEA but will be endorsed by a credit rating agency which is established in the EEA and registered under the CRA Regulation, or (3) issued by a credit rating agency which is not established in the EEA but which is certified under the CRA Regulation will also be disclosed in the Final Terms. Such rating(s) may not necessarily be the same as the ratings of the Issuer or any Instruments already issued. Furthermore, one or more independent rating agencies may also assign ratings to the Instruments, which may not necessarily be the same as the rating(s) described above or the rating(s) assigned to Instruments already issued. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this section, and other factors that may affect the value of the Instruments. A credit rating and/or a corporate rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. Any adverse change in an applicable credit rating could adversely affect the trading price of, and market for, Instruments issued under the Programme.

Modification and waiver

The Issue and Paying Agency Agreement contains provisions for calling meetings of Holders of Instruments (other than VPS Instruments) to consider matters affecting their interests. The VPS Trustee Agreement contains provisions for calling meetings of Holders of VPS Instruments to consider matters affecting their interests. These provisions permit defined majorities to bind all Holders of relevant Instruments including Holders that did not attend and vote at the relevant meeting and Holders that voted in a manner contrary to the majority.

The Conditions provide that the Issuer may, with the consent of the Issue and Paying Agent, or the VPS Account Operator or the VPS Trustee, as the case may be, but without the consent of the Holders of the relevant Instruments of any Series, amend the Conditions and the Deed of Covenant in so far as they may apply to such Instruments to correct a manifest error.

The VPS Trustee Agreement provides that the Issuer and the VPS Trustee may agree to amend the VPS Trustee Agreement or the Conditions applicable to the VPS Instruments without prior approval of Holders of the VPS Instruments.

In addition, pursuant to Condition 5.18 (*Benchmark replacement*), certain changes may be made to the interest calculation provisions of the Instruments in the circumstances and as otherwise set out in such Condition, without the requirement for consent of the Instrumentholders.

Change of law

Except for Condition 3.2 (which is governed by the laws of the Kingdom of Norway), the Instruments, all related contractual documentation (except for the VPS Agreement and the VPS Trustee Agreement) and any non-contractual obligations arising out of or in connection with them (except for the VPS Agreement and the VPS Trustee Agreement, which are governed by Norwegian law) are governed by English law. No assurance can be given as to the impact of any possible judicial decision or change to the laws of the Kingdom of Norway or England or administrative practice after the date of this Base Prospectus.

Conflicts of Interest – Calculation Agent

The Issuer may appoint a Dealer as Calculation Agent in respect of an issuance of Instruments under the Programme. In such a case the Calculation Agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Holders during the term and on the maturity of the Instruments or the market price, liquidity or value of the Instruments and which could be deemed to be adverse to the interests of the Holders.

Some Instruments may be subordinated to most of the Issuer's liabilities

If in the case of any particular Tranche of Instruments the relevant Final Terms specifies that the Instruments are subordinated obligations of the Issuer and the Issuer is declared insolvent and/or a winding up is initiated, it will be required to pay the holders of senior debt and meet its obligations to all its unsubordinated creditors in full before it can make any payments on the relevant Instruments. Depending on the status of a particular Tranche of subordinated Instruments, the Issuer may also be required, subject to applicable law, to pay the holders of other subordinated debt instruments in full before it can make any payments on the relevant Instruments. If this occurs, the Issuer may not have enough assets remaining after these payments to pay amounts due under the relevant Instruments.

Minimum Specified Denomination and higher integral multiples

In relation to an issue of Instruments which have a denomination consisting of minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Instruments may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such Specified Denomination. In such case a Holder who, as a result of trading such amount, holds a principal amount of less than the minimum Specified Denomination may not receive an Instrument in definitive form in respect of such holding (should definitive Instruments be printed) and would need to purchase a principal amount such that its holding amounts to a Specified Denomination.

Where Instruments are held by or on behalf of a clearing system, investors will have to rely on its procedures for transfer, payment and communication with the Issuer

Instruments issued under the Programme may be represented by one or more Global Instruments. Such Global Instruments will be deposited with (in the case of a Classic Global Instrument (a "CGI") or a Registered Instrument not held under the New Safekeeping Structure (the "NSS" or "New Safekeeping Structure")) a common depository, (in the case of a New Global Instrument (an "NGI") or a Registered Instrument to be held under the NSS) a common safekeeper for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking, S.A. ("**Clearstream, Luxembourg**") and/or with a custodian for The Depository Trust Company ("**DTC**"). Except in the circumstances described in the relevant Global Instrument, investors will not be entitled to receive Definitive Instruments. Euroclear, Clearstream, Luxembourg and/or DTC (as the case may be) will maintain records of the beneficial interests in the Global Instruments. While the Instruments are represented by one or more Global Instruments, investors will be able to trade their beneficial interests only through Euroclear, Clearstream, Luxembourg and/or DTC (as the case may be). See "*Clearing and Settlement*".

While the Instruments are represented by one or more Global Instruments the Issuer will discharge its payment obligations under the Instruments by making payments to or to the order of a common depository, common safekeeper (or a nominee for a common depository or common safekeeper) or custodian (as applicable) for Euroclear, Clearstream, Luxembourg and/or DTC (as the case may be) for distribution to their accountholders. A holder of a beneficial interest in a Global Instrument must rely on the procedures of Euroclear, Clearstream, Luxembourg and/or DTC to receive payments under the relevant Instrument. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Instruments.

Holders of beneficial interests in the Global Instruments will not have a direct right to vote in respect of the relevant Instruments. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear, Clearstream, Luxembourg and/or DTC (as the case may be) to appoint appropriate proxies.

Similarly, VPS Instruments will be issued in uncertificated and dematerialised book-entry form registered in the VPS. The VPS will maintain records of the ownership of the VPS Instruments. VPS Instruments will not be evidenced by any physical note or document of title other than statements of account made by the VPS. Ownership of VPS Instruments will be recorded and transfer effected only through the book-entry system and register maintained by the VPS.

The Issuer will discharge its payment obligations under VPS Instruments by making payments through the VPS and Holders of VPS Instruments must therefore rely on the procedures of the VPS to receive payments under VPS Instruments. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in VPS Instruments. Investors with accounts in Euroclear and Clearstream, Luxembourg may hold VPS Instruments in their accounts with such clearing systems and the

relevant clearing system will be shown in the records of the VPS as the holder of the relevant amount of VPS Instruments.

Restrictions on transfer

The Instruments have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States. The Instruments may not be offered, sold or delivered within the United States, or to or for the account or benefit of U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or a transaction not subject to, the registration requirements of the Securities Act and applicable United States state securities laws, or pursuant to an effective registration statement. The Instruments and the Issue and Paying Agency Agreement will contain provisions that will restrict the Instruments from being offered, sold or otherwise transferred except pursuant to the exemptions available pursuant to Rule 144A and Regulation S, or other exemptions under the Securities Act. In addition, any offer, sale or transfer of Instruments to U.S. persons or into the United States may be made only to QPs. Furthermore, the Issuer has not registered, and does not intend to register the Instruments under any other country's securities laws. Investors must ensure that their offers and sales of the Instruments within the United States and other countries comply with applicable securities laws. See "*Subscription and Sale*" and "*Transfer Restrictions*".

Nominee arrangements

Where, in the case of an issue of Instruments a nominee service provider is used by an investor to hold the relevant Instruments or such investor holds interests in any Series of Instruments through accounts with a clearing system (such as Euroclear, Clearstream, Luxembourg and/or DTC), such investor will receive payments in respect of principal, interest (if any) or any other amounts due, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or clearing system, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or clearing system to distribute all payments attributable to the relevant Instruments which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or clearing system, as well as the Issuer.

For the purposes of (a) distributing any notices to Holders, and (b) recognising Holders for the purposes of attending and/or voting at any meetings of Holders, the Issuer will recognise as Holders only those persons who are at any time shown as accountholders in the records of Euroclear, Clearstream, Luxembourg and/or DTC as persons holding a principal amount of the relevant Series of Instruments. Accordingly, an investor must rely upon the nominee service provider which is the accountholder with the relevant clearing system through which the investor made arrangements to invest in the Instruments (and, if applicable, the domestic clearing system through which the Instruments are held), to forward notices received by it from Euroclear, Clearstream, Luxembourg and/or DTC and to return the investor's voting instructions or voting certificate application to Euroclear, Clearstream, Luxembourg and/or DTC. Accordingly, such an investor will be exposed to the risk that the relevant nominee service provider or clearing system may fail to pass on the relevant notice to, or fail to take relevant instructions from, the investor.

In addition, such a Holder will only be able to sell any Instrument held by it prior to its stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer, the Arranger, any Dealer to be appointed under the Programme or the Issuing and Paying Agent or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or clearing system nor makes any representation or warranty, express or implied, as to the services provided by any relevant nominee service provider or clearing system.

Limitation of rights of action of Holders of VPS Instruments

No Holder of VPS Instruments is entitled to take any action against the Issuer or any other party in relation to any of the liabilities of the Issuer or any other party under or in connection with the VPS Note Conditions (as set out in the VPS Trustee Agreement) or the VPS Trustee Agreement, other than through the VPS Trustee and in accordance with the VPS Note Conditions and the VPS Trustee Agreement.

Eurosystem eligible collateral

The NGI form for bearer instruments and the New Safekeeping Structure for registered instruments have been introduced to allow for the possibility of debt instruments being issued and held in a manner which

will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the "Eurosystème") and intra-day credit operations by the Eurosystème either upon issue or at any or all times during their life. The Final Terms for each Series of Global Instruments to be issued in NGI form (in the case of Bearer Instruments) or to be held under the NSS (in the case of Registered Instruments) will specify whether such Instruments are intended to be held in a manner which will permit them to be recognised as Eurosystème eligible collateral. However, in any particular case, such recognition will depend upon satisfaction of the Eurosystème eligibility criteria at the relevant time. Investors should note that, as of the date of this Base Prospectus, unsecured debt instruments issued by non-EU credit institutions do not meet the current Eurosystème eligibility requirements and therefore Instruments issued by the Issuer under this Programme cannot presently be recognised as eligible collateral for Eurosystème credit operation purposes.

Under the terms of the Instruments, investors will agree to be bound by and consent to the exercise of any Norwegian bail-in power by the Norwegian resolution authority

The Instruments may be subject to the exercise, in the future, of a bail-in power by the relevant Norwegian resolution authority, and the Instruments include a contractual consent to the application of a Norwegian bail-in power and, consequently, investors may lose part or all of their investment in the Instruments.

By acquiring Instruments, each Holder and each beneficial owner acknowledges, accepts, consents and agrees to be bound by (a) the effect of the exercise of any Norwegian bail-in power by the Norwegian resolution authority that may include and result in any of the following, or some combination thereof: (i) the reduction of all, or a portion, of the principal amount of, or any interest on, the Instruments or any other outstanding amounts due under, or in respect of, the Instruments; (ii) the conversion of all, or a portion, of the principal amount of, or any interest on, the Instruments or any other outstanding amounts due under, or in respect of, the Instruments into shares, other securities or other obligations of the Issuer or another person (and the issue to or conferral on the Holder of Instruments of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Instruments; (iii) the cancellation of the Instruments; (iv) the amendment or alteration of the maturity of the Instruments or amendment of the amount of interest payable on the Instruments, or the date on which the interest becomes payable, including by suspending payment for a temporary period; and (b) the variation of the terms of the Instruments, if necessary, to give effect to the exercise of any Norwegian bail-in power by the Norwegian resolution authority. The exercise of any such powers or any suggestion of, or perception of there being an increased likelihood of, such exercise could materially adversely affect the rights of Holders, the price or value of the Instruments and/or the ability of the Issuer to satisfy its obligations under the Instruments. See Condition 20 (*Acknowledgement of Bail-in and Loss Absorption Powers*) in the Conditions.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Instruments in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may change significantly (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Instruments, (ii) the Investor's Currency-equivalent value of the principal payable on the Instruments and (iii) the Investor's Currency-equivalent market value of the Instruments.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

In its financial guidelines, the Issuer has decided that it will not have net currency positions, and so any foreign currency positions are hedged to the fullest extent practicable.

Discontinuation or replacement of, or changes to, Benchmarks

Reference rates and indices, including interest rate benchmarks such as LIBOR and EURIBOR, which are used to determine the amounts payable under financial instruments or the value of such financial instruments ("**Benchmarks**") have, in recent years, been the subject of political and regulatory scrutiny as

to how they are created and operated. This has resulted in regulatory reform and changes to existing Benchmarks, with further changes anticipated. For instance:

- In June 2016, the Benchmark Regulation came into force. The stated overall objective of the Benchmark Regulation is to help restore confidence in the integrity of benchmarks by enhancing the robustness and reliability of benchmarks, facilitating the prevention and detection of their manipulation and clarifying responsibility for and the supervision of benchmarks by the authorities. It regulates the administration of, contribution to and use of a broad range of indices and replaces corresponding benchmark regulatory regimes previously in place in member states.
- The Chief Executive of the FCA questioned the sustainability of LIBOR in its current form in July 2017, and advocated a transition away from reliance on LIBOR to alternative reference rates. After the end of 2021, it is the FCA's intention that it will not be necessary to sustain LIBOR through its influence or legal powers by persuading, or obliging banks to submit to LIBOR. Therefore, the continuation of LIBOR in its current form (or at all) after 2021 cannot be guaranteed. The FCA and Bank of England are encouraging development of, and transition to, alternative reference rates by end-2021 and have tasked a Working Group on Sterling Risk-Free Rates to catalyse a broad-based transition to SONIA (the Sterling Overnight Index Average) over the next four years from January 2018, across sterling bond, loan and derivative markets.
- In relation to EURIBOR, the European Money Markets Institute ("**EMMI**") published a position paper in March 2017 referring to certain proposed reforms to EURIBOR. In May 2017, the EMMI determined that it would not at this stage be appropriate to move from the current quote-based EURIBOR methodology but will continue to identify whether and how the calculation methodology could be improved. The EMMI established a working group in September 2017 to identify an alternative risk free overnight rate in the euro area.
- The European Central Bank has announced that it is developing a euro unsecured overnight interest rate to complement existing benchmark rates and serve as a backstop reference rate and that it will begin publishing this rate by October 2019.

Any of the reforms or pressures described above or any other changes to a Benchmark could affect the level of the published rate, including causing it to be lower and/or more volatile than it would otherwise be. No assurance may be provided that relevant changes will not occur with respect to LIBOR, EURIBOR or any other relevant Benchmark and/or that such Benchmarks will continue to exist. Indeed, transition to new reference rates across different currencies and products is expected or under consideration as of the date of this Base Prospectus.

The Programme provides for the issuance of Instruments with a floating rate of interest determined on the basis of Benchmarks, including BBSW, BKBM, EONIA, EURIBOR, LIBOR, NIBOR, SOFR, SONIA, STIBOR or the U.S. Federal Funds Rate. If the relevant Benchmark is unavailable on any Interest Determination Date, then the rate of interest for Floating Rate Instruments may be determined for a period by the fallback provisions provided for under Condition 5.5 (*Provisions relating to Floating Rate Instruments only (other than Floating Rate Instruments which reference SONIA or SOFR)*). The potential elimination of any Benchmark, or changes in the manner of administration of any Benchmark, could require or result in an adjustment to the interest provisions of the Conditions (as further described in Condition 5.18 (*Benchmark replacement*)), or result in other adverse consequences, in respect of any Floating Rate Instruments linked to such Benchmark. Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to potential changes to such benchmark may adversely affect such Benchmark during the term of the relevant Floating Rate Instruments, the return on the relevant Floating Rate Instruments and the trading market for securities based on the same Benchmark.

The Conditions set out below provide for certain fallback arrangements in the event that a published benchmark, such as LIBOR, (including any page on which such benchmark may be published (or any successor service)) becomes unavailable, including the possibility that the interest rate could be set by reference to a successor rate or an alternative reference rate and that such successor rate or alternative reference rate may be adjusted (if required) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark. In certain circumstances, the ultimate fallback of interest for a particular Interest Period may result in the interest rate for the last preceding Interest Period being used.

This may result in the effective application of a fixed rate for Floating Rate Instruments based on the rate which was last observed on the Relevant Screen Page. In addition, due to the uncertainty concerning the availability of successor rates and alternative reference rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequence could have a material adverse effect on the value of and return on any such Floating Rate Instruments. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant Benchmark could affect the ability of the Issuer to meet its obligations under the Floating Rate Instruments or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Instruments. Investors should consider these matters when making their investment decision with respect to the Floating Rate Instruments.

The market continues to develop in relation to SONIA and SOFR as reference rates for Floating Rate Instruments

On 29 November 2017, the Bank of England and the FCA announced that the Bank of England's Working Group on Sterling Risk-Free Rates had been mandated with implementing a broad-based transition to the SONIA over the following four years across sterling bond, loan and derivatives markets, so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021. Investors should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term).

SOFR is published by the Federal Reserve Bank of New York (the "**Federal Reserve**") and is intended to be a broad measure of the cost of borrowing cash overnight collateralised by Treasury securities and a current preferred replacement rate to the U.S. LIBOR.

The market or a significant part thereof may adopt an application of SONIA and/or SOFR that differs significantly from that set out in the Conditions and used in relation to Floating Rate Instruments that reference a SONIA or SOFR rate issued under the Programme. The Issuer may in future also issue Instruments referencing SONIA or SOFR that differ materially in terms of interest determination when compared with any previous SONIA or SOFR referenced Instruments issued by it under the Programme. The development of Compounded Daily SONIA and Weighted Average SOFR as interest reference rates for the Eurobond markets, as well as continued development of SONIA and SOFR-based rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA or SOFR referenced Instruments issued under the Programme from time to time.

Furthermore, interest on Instruments which reference Compounded Daily SONIA or Weighted Average SOFR is only capable of being determined at the end of the relevant Observation Period or on the SOFR Reset Date immediately prior to the first day of the relevant Suspension Period (as applicable) and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Instruments that reference a SONIA or SOFR rate to reliably estimate the amount of interest that will be payable on such Instruments and some investors may be unable or unwilling to trade such Instruments without changes to their IT systems, both of which could adversely impact the liquidity of such Instruments. Further, in contrast to other Floating Rate Instruments, if the Instruments that reference a SONIA or SOFR rate become due and payable as a result of an event of default under Condition 7, the Interest Rate payable for the final Interest Period shall only be determined on the date the Instruments became due and payable and shall not be reset thereafter. In addition, the manner of adoption or application of SONIA or SOFR reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA or SOFR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA or SOFR reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Instruments referencing a SONIA or SOFR rate. Investors should consider these matters when making their investment decision with respect to any such Floating Rate Instruments.

Since both SONIA and SOFR are relatively new market indices, Instruments linked to SONIA or SOFR may have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed to SONIA or SOFR, such as the spread over the index reflected in interest rate provisions, may evolve over time, and trading prices of such

Instruments may be lower than those of later-issued indexed debt securities as a result. Further, if SONIA or SOFR do not prove to be widely used in securities like the Instruments, the trading price of such Instruments linked to SONIA or SOFR may be lower than those of Instruments linked to indices that are more widely used. Investors in such Instruments may not be able to sell such Instruments at all or may not be able to sell such Instruments at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk. There can also be no guarantee that SONIA and/or SOFR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in Instruments referencing SONIA and/or SOFR, as the case may be. For example, the Federal Reserve notes on its publication page for SOFR that the Federal Reserve may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice. If the manner in which SONIA or SOFR is calculated is changed, that change may result in a reduction of the amount of interest payable on such Instruments and the trading prices of such Instruments.

In respect of any Instruments issued with a specific use of proceeds, such as a Green Bond, there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor

The Final Terms relating to any specific Tranche of Instruments may provide that it will be the Issuer's intention to apply the proceeds from an offer of those Instruments, whether directly or indirectly, for projects and activities that satisfy certain eligibility requirements that purport to promote climate-friendly and other environmental purposes ("**Green Assets**").

Prospective investors should have regard to the information in the relevant Final Terms regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Instruments together with any other investigation such investor deems necessary. In particular, no assurance is or can be given to investors that the use of such proceeds for any Green Assets will satisfy, in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments is or are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses the subject of, or related to, the relevant Green Assets.

Furthermore, it should be noted that there is currently no clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green" or "sustainable" or equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green" or "sustainable" or such other equivalent label nor can any assurance be given that such clear definition or consensus will develop over time or that any prevailing market consensus will not significantly change following an investment decision. Accordingly, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any Green Assets will meet or continue to meet on an ongoing basis any or all investor expectations regarding such "green", "sustainable" or other equivalently-labelled objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Green Assets. No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Instruments and in particular with any Green Assets to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold any such Instruments. Any such opinion or certification is only current as of the date that opinion or certification was initially issued and the criteria and/or considerations that informed the provider of such opinion or certification may change at any time.

Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Instruments. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. In the event that any such Instruments are listed or admitted to trading on any dedicated "green", "environmental", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments is or are required to comply,

whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses the subject of, or related to, any Green Assets. Furthermore, it should be noted that the criteria for any such listing or admission to trading may vary from one stock exchange or securities market to another.

No representation or assurance is given or made by the Issuer, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Instruments or, if obtained, that any such listing or admission to trading will be maintained during the life of the Instruments. Payment of any principal or interest in respect of such Instruments will be made from the Issuer's general funds and will not be directly linked to the performance of any Green Assets. While it is the intention of the Issuer to apply the proceeds of any Instruments so specified for Green Assets in, or substantially in, the manner described in the relevant Final Terms, there can be no assurance that the relevant Green Asset and the use of the proceeds of such Instruments will be, or will be capable of being, implemented in, or substantially in, such manner and/or in accordance with any timing schedule and that accordingly any proceeds of such Instruments will be totally or partially used for such Green Assets. Nor can there be any assurance that such Green Assets will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) originally expected or anticipated by the Issuer. Any such event or failure by the Issuer will not constitute an Event of Default under the Instruments. Any such event or failure to apply the proceeds of any issue of Instruments for any Green Assets as aforesaid and/or withdrawal or amendment of any third party opinion or certification (whether or not solicited by the Issuer), and/or the amendment of any criteria on which such opinion or certification was given, or any such third party opinion or certification stating that the Issuer is not complying or fulfilling relevant criteria, in whole or in part, with respect to any matters for which such opinion or certification is opining or certifying and/or any such Instruments no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid, may have a material adverse effect on the value of such Instruments and also potentially the value of any other Instruments which are intended to finance Green Assets and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Risks relating to Renminbi-denominated Instruments

A description of risks which may be relevant to an investor in Instruments denominated in Renminbi ("**Renminbi Instruments**") is set out below.

Renminbi is not freely convertible and there are significant restrictions on the remittance of Renminbi into and out of the PRC which may adversely affect the liquidity of Renminbi Instruments

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar.

However, there has been significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

On the other hand, remittance of Renminbi into and out of the PRC for the settlement of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are being developed.

Although Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund in 2016 and policies further improving accessibility to Renminbi to settle cross-border transactions in foreign currencies were implemented by the People's Bank of China (the "**PBoC**") in 2018, there is no assurance that the PRC Government will continue to liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite the Renminbi internationalisation pilot programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC Government will not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the

overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Instruments denominated in Renminbi.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Renminbi Instruments and the Issuer's ability to source Renminbi outside the PRC to service Renminbi Instruments

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. While the PBoC has entered into agreements (the "**Settlement Arrangements**") on the clearing of Renminbi business with financial institutions (the "**Renminbi Clearing Banks**") in a number of financial centres and cities, including but not limited to Hong Kong, has established the Cross-Border Inter-Bank Payments System (CIPS) to facilitate cross-border Renminbi settlement, and is further in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions, the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by the PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from the PBoC, although the PBoC has gradually allowed participating banks to access the PRC's onshore inter-bank market for the purchase and sale of Renminbi. The Renminbi Clearing Banks only have limited access to onshore liquidity support from the PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In cases where the participating banks cannot source sufficient Renminbi through the above channels, they will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Instruments. To the extent the Issuer is required to source Renminbi in the offshore market to service its Renminbi Instruments, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all. If Renminbi is not available in certain circumstances as described in the terms and conditions applicable to Renminbi Instruments, the Issuer can make payments in U.S. dollars as set out in the Conditions.

Investment in Renminbi Instruments is subject to exchange rate risks

The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. Recently, the PBoC implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. All payments of interest and principal will be made in Renminbi with respect to Renminbi Instruments unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the Renminbi Instruments in that foreign currency will decline.

Investment in Renminbi Instruments is subject to currency risk

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the Renminbi Instruments as a result of Inconvertibility, Non-transferability or Illiquidity (each, as defined in the Conditions), the Issuer shall be entitled to settle any such payment in U.S. Dollars on the due date at the U.S. Dollar Equivalent (as defined in the Conditions) of any such interest or principal, as the case may be.

Investment in Renminbi Instruments is subject to interest rate risks

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further

liberalisation may increase interest rate volatility. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

As Renminbi Instruments may carry a fixed interest rate, the trading price of the Renminbi Instruments will consequently vary with the fluctuations in the Renminbi interest rates. If holders of the Renminbi Instruments propose to sell their Renminbi Instruments before their maturity, they may receive an offer lower than the amount they have invested.

Payments with respect to Renminbi Instruments may be made only in the manner designated in the terms and conditions of the relevant Renminbi Instruments

All payments to investors in respect of Renminbi Instruments will be made solely (i) for so long as the Renminbi Instruments are represented by Global Instruments held with the common depositary or common safekeeper (or a nominee for a common depositary or a common safekeeper), as the case may be, for Euroclear and Clearstream, Luxembourg or any alternative clearing system, by transfer to a Renminbi bank account maintained in Hong Kong, or (ii) for so long as the Renminbi Instruments are represented by Instruments in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. The Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC).

Gains on the transfer of Renminbi Instruments may become subject to income taxes under PRC tax laws

Under the *PRC Enterprise Income Tax Law*, the *PRC Individual Income Tax Law* and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of Renminbi Instruments by non-PRC resident enterprise or individual holders may be subject to PRC enterprise income tax ("**EIT**") or PRC individual income tax ("**IIT**") if such gain is regarded as income derived from sources within the PRC. While the *PRC Enterprise Income Tax Law* levies EIT at the rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident enterprise from the transfer of the Renminbi Instruments but its implementation rules have reduced the EIT rate to 10 per cent. The *PRC Individual Income Tax Law* levies IIT at a rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident individual Holder from the transfer of the Renminbi Instruments.

However, uncertainty remains as to whether the gain realised from the transfer of Renminbi Instruments by non-PRC resident enterprise or individual Holders would be treated as income derived from sources within the PRC and thus become subject to EIT or IIT. This will depend on how the PRC tax authorities interpret, apply or enforce the *PRC Enterprise Income Tax Law*, the *PRC Individual Income Tax Law* and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, Holders who are residents of Hong Kong, including enterprise Holders and individual Holders, will not be subject to EIT or IIT on capital gains derived from a sale or exchange of the Instruments.

Therefore, if enterprise or individual resident Holders which are non-PRC residents are required to pay PRC income tax on gains derived from the transfer of Renminbi Instruments, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise or individual holders of Renminbi Instruments reside that reduces or exempts the relevant EIT or IIT, the value of their investment in Renminbi Instruments may be materially and adversely affected.

IMPORTANT INFORMATION RELATING TO PUBLIC OFFERS OF INSTRUMENTS

Public Offers of Instruments in the European Economic Area

Certain Tranches of Instruments with a denomination of less than EUR100,000 (or its equivalent in any other currency) may, subject as provided below, be offered to the public in any Relevant Member State in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to in this Base Prospectus as a "**Public Offer**".

This Base Prospectus has been prepared on a basis that permits Public Offers of Instruments in Belgium, France, Germany, Luxembourg, Norway and the United Kingdom (each a "**Public Offer Jurisdiction**"). Any person making or intending to make a Public Offer of Instruments in a Public Offer Jurisdiction on the basis of this Base Prospectus must do so only with the consent of the Issuer – see "*Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)*" below.

If after the date of this Base Prospectus the Issuer intends to add one or more Relevant Member States to the list of Public Offer Jurisdictions for any purpose, the Issuer will prepare a supplement to this Base Prospectus specifying such Relevant Member State(s) and any relevant additional information required by the Prospectus Directive. Such supplement will also set out provisions relating to the consent of the Issuer to the use of this Base Prospectus in connection with any Public Offer in any such additional Public Offer Jurisdiction.

Save as provided above, neither the Issuer nor any of the Dealers has authorised, nor do they authorise, the making of any Public Offer of Instruments in circumstances in which an obligation arises for the Issuer or the Dealers to publish or supplement a prospectus for such offer.

Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)

As described more fully in the following paragraphs, express consent is given by the Issuer as the person responsible for drawing up this Base Prospectus, to the use of this Base Prospectus and the Issuer accepts responsibility for the content of this Base Prospectus also with respect to subsequent resale or final placement of Instruments by any financial intermediary which was given consent to use this Base Prospectus.

In the context of any Public Offer of Instruments in a Public Offer Jurisdiction, the Issuer accepts responsibility in that Public Offer Jurisdiction for the content of this Base Prospectus in relation to any person (an "**Investor**") in that Public Offer Jurisdiction to whom an offer of any Instruments is made by any financial intermediary to whom the Issuer has given its consent to use this Base Prospectus (an "**Authorised Offeror**") provided that the offer is made in compliance with all conditions attached to the giving of the consent. Such consent and conditions are described below under "*Consent*". Neither the Issuer nor any of the Dealers has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with any applicable conduct of business rules or other local regulatory or securities law requirements in that Public Offer Jurisdiction in relation to such Public Offer.

Save as provided below, neither the Issuer nor any of the Dealers has authorised the making of any Public Offer and the Issuer has not consented to the use of this Base Prospectus by any other person in connection with any Public Offer of Instruments. Any Public Offer made without the consent of the Issuer is unauthorised and neither the Issuer nor any of the Dealers accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer.

If, in the context of a Public Offer, an Investor is offered Instruments by a person which is not an Authorised Offeror, the Investor should check with such person whether anyone is responsible for this Base Prospectus for the purposes of the Public Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

Consent

Subject to the conditions set out below under "*Common Conditions to Consent*":

- (a) *Specific Consent*: the Issuer consents to the use of this Base Prospectus in connection with a Public Offer of Instruments in any Public Offer Jurisdiction by any of the Dealers and by:

"We, [insert legal name of financial intermediary], refer to the [insert title of relevant Instruments] (the "Instruments") described in the Final Terms dated [insert date] (the "Final Terms") published by Kommunalbanken AS (the "Issuer"). Accordingly, we are using the Base Prospectus in connection with the Public Offer in accordance with the consent of the Issuer on the Authorised Offeror Terms and subject to the conditions of such consent. Terms used herein and otherwise not defined shall have the same meaning as given to such terms in the Base Prospectus."

Any financial intermediary falling within this sub-paragraph (b) who wishes to use this Base Prospectus in connection with a Public Offer is required, for the duration of the relevant Offer Period specified in the applicable Final Terms, to publish a duly completed Acceptance Statement on its website.

The consent referred to above relates to Public Offers occurring within twelve months from the date of this Base Prospectus.

Common conditions to consent

The conditions to the consent of the Issuer are (in addition to the conditions described in either sub-paragraph (a) or sub-paragraph (b) under "*Consent*" above) that such consent:

ARRANGEMENTS BETWEEN INVESTORS AND AUTHORISED OFFERORS

AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY INSTRUMENTS IN A PUBLIC OFFER FROM AN AUTHORISED OFFEROR OTHER THAN THE ISSUER WILL DO SO, AND OFFERS AND SALES OF SUCH INSTRUMENTS TO AN INVESTOR BY SUCH AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS, EXPENSES AND SETTLEMENT ARRANGEMENTS. THE ISSUER WILL NOT BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS (OTHER THAN DEALERS) IN CONNECTION WITH THE PUBLIC OFFER OR SALE OF THE INSTRUMENTS CONCERNED AND, ACCORDINGLY, THIS BASE PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE INVESTOR MUST LOOK TO THE RELEVANT AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER FOR THE PROVISION OF SUCH INFORMATION AND THE AUTHORISED OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION. NEITHER THE ISSUER NOR ANY OF THE DEALERS

(EXCEPT WHERE THE DEALER IS THE RELEVANT AUTHORISED OFFEROR) HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.

IN THE EVENT OF AN OFFER BEING MADE BY A FINANCIAL INTERMEDIARY, SUCH FINANCIAL INTERMEDIARY WILL PROVIDE INFORMATION TO INVESTORS ON THE TERMS AND CONDITIONS OF THE OFFER AT THE TIME THE OFFER IS MADE.

Public Offers: Issue Price and Offer Price

Instruments to be offered pursuant to a Public Offer will be issued by the Issuer at the Issue Price specified in the applicable Final Terms. The Issue Price will be determined by the Issuer in consultation with the relevant Dealer(s) at the time of the relevant Public Offer and will depend, amongst other things, on the interest rate applicable to the Instruments and prevailing market conditions at that time. The offer price of such Instruments will be the Issue Price or such other price as may be agreed between an Investor and the Authorised Offeror making the offer of the Instruments to such Investor. The Issuer will not be party to arrangements between an Investor and an Authorised Offeror, and the Investor will need to look to the relevant Authorised Offeror to confirm the price at which such Authorised Offeror is offering the Instruments to such Investor.

THE AUTHORISED OFFEROR TERMS

In the case of any Tranche of Instruments, if (and only if) Part B of the applicable Final Terms specifies "General Consent" as "Applicable", the Issuer hereby offers to grant its consent to the use of this Base Prospectus in connection with a Public Offer of the Instruments by any financial intermediary which fulfils the terms and conditions attached to such consent as described in this Base Prospectus including the "Authorised Offeror Terms". The "Authorised Offeror Terms" are as set out below.

 - (i) obtain from each potential Investor an executed application for the Instruments; or
 - (ii) keep a record of all requests it:
 - (A) makes for its discretionary management clients;
 - (B) receives from its advisory clients; and

(C) receives from its execution-only clients,

in each case prior to making any order for the Instruments on their behalf, and in each case maintain the same on its files for so long as is required by any applicable Rules;

- (o) it will make available to each potential Investor in the Instruments this Base Prospectus, the applicable Final Terms and any other information materials provided by or on behalf of the Issuer for such purpose, and will not convey or publish any information that is not contained in or entirely consistent with this Base Prospectus as completed by the applicable Final Terms or make any representation in connection with the offering or sale of, or the solicitation of interest in, the Instruments; and
- (p) if it conveys or publishes any communication (other than this Base Prospectus, the applicable Final Terms and any other information materials provided by or on behalf of the Issuer for the purposes of the relevant Public Offer) in connection with the relevant Public Offer, it will ensure that such communication:
 - (i) is consistent with the Base Prospectus;
 - (ii) is fair, clear and not misleading and complies with the Rules;

 - (iv) does not, without the prior written consent of the Issuer or the relevant Dealer(s) (as applicable), use the legal or publicity names of the Issuer or the relevant Dealer(s) or any other name, brand or logo registered by an entity within their respective groups, or any material over which any such entity retains a proprietary interest or in any statements (oral or written), marketing material or documentation in relation to the Instruments except to describe the Issuer as issuer of the relevant Instruments.

2. **Indemnity**

The relevant financial intermediary agrees that if the Issuer incurs any liability, damages, cost, loss or expense (including, without limitation, legal fees, costs and expenses and any value added tax thereon) (a "Loss") arising out of, in connection with or based on any inaccuracy of any of the foregoing representations and warranties or any breach of any of the foregoing undertakings then the relevant financial intermediary shall pay to the Issuer on demand an amount equal to such Loss.

3. **Governing Law and Jurisdiction**

The relevant financial intermediary agrees that:

- (a) the contract between the Issuer and the financial intermediary formed upon acceptance by the financial intermediary of the offer of the Issuer to use this Base Prospectus with their consent in connection with the relevant Public Offer (the "**Authorised Offeror Contract**"), and any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract, shall be governed by, and construed in accordance with, English law;
- (b) the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Authorised Offeror Contract (including a dispute relating to any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract) and accordingly the relevant financial intermediary submits to the exclusive jurisdiction of the English courts;
- (c) each relevant Dealer will, pursuant to the Contracts (Rights of Third Parties) Act 1999, be entitled to enforce those provisions of the Authorised Offeror Contract which are, or are expressed to be, for their benefit, including the agreements, representations, warranties, undertakings and indemnity given by the financial intermediary pursuant to the Authorised Offeror Terms, but, subject to this,

a person who is not a party to the Authorised Offeror Contract has no right to enforce any term of the Authorised Offeror Contract; and

- (d) the parties to the Authorised Offeror Contract do not require the consent of any person not a party to the Authorised Offeror Contract to rescind or vary the Authorised Offeror Contract at any time.

4. **Arrangements between an Investor and the Authorised Offeror who will distribute the Instruments**

Neither the Issuer nor, for the avoidance of doubt, any of the Dealers has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

An Investor intending to acquire or acquiring any Instruments from an Authorised Offeror will do so, and offers and sales of the Instruments to such Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between that Authorised Offeror and such Investor including as to price, allocations and settlement arrangements (the "Terms and Conditions of the Public Offer"). The Issuer will not be a party to any such arrangements with such Investor and, accordingly, this Base Prospectus does not, and any Final Terms will not, contain such information. The Terms and Conditions of the Public Offer shall be provided to such Investor by that Authorised Offeror at the time the offer is made. None of the Issuer or, for the avoidance of doubt, any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

FINAL TERMS AND DRAWDOWN PROSPECTUSES

In this section the expression "necessary information" means, in relation to any Tranche of Instruments, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and of the rights attaching to the Instruments. In relation to the different types of Instruments which may be issued under the Programme the Issuer has included in this Base Prospectus all of the necessary information except for information relating to the Instruments which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Instruments.

Any information relating to the Instruments which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Instruments will be contained either in the relevant Final Terms or in a Drawdown Prospectus.

For a Tranche of Instruments which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Instruments which is the subject of Final Terms are the Conditions as completed by the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Instruments which is the subject of a Drawdown Prospectus will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Instruments which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to (1) information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus and (2) terms being completed by the relevant Final Terms shall be read and construed as a reference to such terms being supplemented, amended and/or replaced by the relevant Drawdown Prospectus, unless the context requires otherwise.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, the Issuer may from time to time issue Instruments denominated in any currency or currencies subject as set out herein. A summary of the Issuer, the Programme and the Instruments appears above in "*Summary*". The applicable terms and conditions of any Instruments will be agreed between the Issuer and the relevant Dealer(s) prior to the issue of the Instruments and will be those set out herein under "*Terms and Conditions of the Instruments*" below as completed by the relevant Final Terms or as supplemented, amended and/or replaced by the applicable Drawdown Prospectus. This is a general description of the programme for the purposes of Article 22.5(3) of the Regulation (EC) No. 809/2004.

RATINGS

As of the date of this Base Prospectus, the following credit ratings have been assigned to the Issuer:

Moody's:

<u>Long-term senior debt</u>	<u>Instruments issued under the Programme</u>		
	<u>Senior unsecured</u>	<u>Subordinated</u>	<u>Short-term</u>
Aaa	Aaa	Aa3	P-1

S&P:

<u>Long-term senior debt</u>	<u>Instruments issued under the Programme</u>	
	<u>Senior unsecured with maturity of one year or more</u>	<u>Senior unsecured with maturity of less than one year</u>
AAA	AAA	A-1+

The information relating to credit rating systems below has been extracted from the websites of Moody's and S&P, as applicable. The Issuer confirms that such information has been accurately reproduced and that, so far as the Issuer is aware, and is able to ascertain from information published by Moody's and S&P, no facts have been omitted which would render the reproduced information inaccurate or misleading.

According to Moody's rating system, obligations rated "Aaa" are judged to be of the highest quality with minimal credit risk, obligations rated "Aa" are judged to be of high quality and are subject to very low credit risk and issuers rated "P-1" have a superior ability to repay short-term debt obligations. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from "Aa" through "Caa". The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

According to S&P's rating system, an obligor rated "AAA" has extremely strong capacity to meet its financial commitments. "AAA" is the highest issuer credit rating assigned by S&P. The addition of pluses and minuses provides further distinctions within ratings range from "AA" (very strong capacity to meet financial commitments) to "CCC" (currently vulnerable and dependent on favourable business, financial and economic conditions to meet financial commitments). S&P short-term ratings scale ranges from "A-1+", representing extremely strong ability to meet obligations, to "D", which indicates payment default. Since there are fewer short-term rating grades, each short-term rating corresponds to a band of long-term ratings and S&P "A-1+" short-term rating generally corresponds to the long-term ratings of "AAA", "AA+", "AA" and "AA-".

Both S&P and Moody's are established in the EEA and registered under the CRA Regulation and are, as of the date of this Base Prospectus, included in the list of credit ratings agencies published by ESMA on its website (www.esma.europa.eu/supervision/credit-rating-agencies/risk) in accordance with the CRA Regulation. ESMA is obliged to maintain on its website a list of credit rating agencies registered and certified in accordance with the CRA Regulation. This list must be updated within 5 working days of ESMA's adoption of any decision to withdraw the registration of a credit rating agency under the CRA Regulation. The ESMA website is not incorporated by reference into, nor does it form part of, this Base Prospectus.

Tranches of Instruments issued under the Programme will be rated or unrated. Where a Tranche of Instruments is rated, such rating will not necessarily be the same as the rating(s) described above or the rating(s) assigned to Instruments already issued. Where a Tranche of Instruments is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Instruments will be (1) issued by a credit rating agency established in the EEA and registered under the CRA Regulation, or (2) issued by a credit rating agency which is not established in the EEA but will be endorsed by a CRA which is established in the EEA and registered under

the CRA Regulation, or (3) issued by a credit rating agency which is not established in the EEA but which is certified under the CRA Regulation will be disclosed in the relevant Final Terms.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the CRA Regulation unless (1) the rating is provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation or (2) the rating is provided by a credit rating agency not established in the EEA but which is certified under the CRA Regulation.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The price and amount of Instruments to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions.

For the purposes of making determinations or calculations of interest rates, interest amounts, redemption amounts or any other matters requiring determination or calculation in accordance with the conditions of any Series of Instruments, the Issuer may appoint a calculation agent (the "**Calculation Agent**") for the purposes of such Instruments, in accordance with the provisions of the Issue and Paying Agency Agreement, and such Calculation Agent shall be specified in the relevant Final Terms.

References in these Terms and Conditions (the "**Conditions**") to Instruments are to Instruments of the relevant Series and any references to Coupons (as defined in Condition 1.2) and Receipts (as defined in Condition 1.3) are to Coupons and Receipts relating to Instruments of the relevant Series.

References herein to "**Conditions**" or "**Terms and Conditions**" are to these Terms and Conditions, or a correspondingly numbered provision hereof.

1. **Form and Denomination**

Form of Instruments

- 1.1 Instruments are issued in bearer form ("**Bearer Instruments**") or in registered form ("**Registered Instruments**"), or, in the case of VPS Instruments, in uncertificated and dematerialised book entry form as specified in the relevant Final Terms and are serially numbered. Registered Instruments are not exchangeable for Bearer Instruments. VPS Instruments may not be exchanged for Bearer Instruments or Registered Instruments.
- 1.2 Interest-bearing Bearer Instruments have attached thereto at the time of their initial delivery coupons ("**Coupons**"), presentation of which will be a prerequisite to the payment of interest save in certain circumstances specified herein. In addition, if so specified in the relevant Final Terms, such Instruments have attached thereto at the time of their initial delivery, a talon ("**Talon**") for further coupons and the expression "**Coupons**" shall, where the context so requires, include Talons.
- 1.3 Bearer Instruments, the principal amount of which is repayable by instalments ("**Instalment Instruments**") have attached thereto at the time of their initial delivery, payment receipts ("**Receipts**") in respect of the instalments of principal.
- 1.4 For so long as any of the Instruments is represented by an Instrument in global form (each, a "**Global Instrument**") held on behalf of Euroclear Bank SA/NV ("**Euroclear**") and/or Clearstream Banking, S.A. ("**Clearstream, Luxembourg**") each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of such Instruments (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Instruments standing to the account of any person shall be conclusive

and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of such Instruments for all purposes other than with respect to the payment of principal or interest on the Instruments, for which purpose the bearer of the relevant Global Instrument shall be treated by the Issuer and any Paying Agent as the holder of such Instruments in accordance with and subject to the terms of the relevant Global Instrument (and the expressions "**Holders**" and related expressions shall be construed accordingly).

For so long as The Depository Trust Company ("**DTC**") or its nominee is the person in whose name a Registered Instrument in global form (each, a "**Global Registered Instrument**") is registered in the relevant register, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Instruments represented by such Global Registered Instrument for all purposes under the Issue and Paying Agency Agreement and the Instruments except to the extent that in accordance with DTC's published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants.

For so long as a common depository or common safekeeper (or a nominee for a common depository or common safekeeper) for Euroclear and/or Clearstream is the person in whose name a Global Registered Instrument is registered in the relevant register, such common depository or common safekeeper (or nominee) will be considered the sole owner or holder of the Instruments represented by such Global Registered Instrument for all purposes under the Issue and Paying Agency Agreement and the Instruments except to the extent that in accordance with Euroclear and/or Clearstream's published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants.

The Conditions are modified by certain provisions contained in the Global Instruments.

Denomination of Instruments

- 1.5 Bearer Instruments are in the denomination or denominations (each of which denomination is integrally divisible by each smaller denomination) specified in the relevant Final Terms. Bearer Instruments of one denomination may not be exchanged for Bearer Instruments of any other denomination.
- 1.6 Registered Instruments and VPS Instruments are in the minimum denomination specified in the relevant Final Terms or integral multiples thereof.
- 1.7 Instruments may not be issued under the Programme with a Specified Denomination of less than EUR1,000 (or equivalent in another currency) (except under secondary offerings (*uridashi*) in Japan) and, in the case of Rule 144A Instruments and any Instruments issued as part of a Tranche of Instruments that contain both Regulation S Instruments and Rule 144A Instruments, at least U.S.\$100,000 (or equivalent in another currency).

Currency of Instruments

- 1.8 The Instruments are denominated in such currency or currencies as may be specified in the relevant Final Terms. Any currency or currencies may be so specified, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

Partly Paid Instruments

- 1.9 Instruments may be issued on a partly paid basis ("**Partly Paid Instruments**") if so specified in the relevant Final Terms. The subscription moneys therefore shall be paid in such number of instalments ("**Partly Paid Instalments**") in such amounts, on such dates and in such manner as may be specified in the relevant Final Terms. The first such instalment shall be due and payable on the date of issue of the Instruments. For the purposes of these Conditions, in respect of any Partly Paid Instrument, "**Paid Up Amount**" means the aggregate amount of all Partly Paid Instalments in respect thereof as shall have fallen due and been paid up in full in accordance with the Conditions.

Not less than 14 days nor more than 30 days prior to the due date for payment of any Partly Paid Instalment (other than the first such instalment) the Issuer shall publish a notice in accordance with Condition 14 stating the due date for payment thereof and stating that failure to pay any such Partly Paid Instalment on or prior to such date will entitle the Issuer to forfeit the Instruments with effect from such date ("**Forfeiture Date**") as may be specified in such notice (not being less than 14 days after the due date for payment of such Partly Paid Instalment), unless payment of the relevant Partly Paid Instalment together with any interest accrued thereon is paid prior to the Forfeiture Date. The Issuer shall procure that any Partly Paid Instalments paid in respect of any Instruments subsequent to the Forfeiture Date in respect thereof shall be returned promptly to the persons entitled thereto. The Issuer shall not be liable for any interest on any Partly Paid Instalment so returned.

Interest shall accrue on any Partly Paid Instalment which is not paid on or prior to the due date for payment thereof at the Interest Rate (in the case of non-interest bearing Instruments, including Instruments specified by the relevant Final Terms to be Zero Coupon Instruments, at the rate applicable to overdue payments) and shall be calculated in the same manner and on the same basis as if it were interest accruing on the Instruments for the period from and including the due date for payment of the relevant Partly Paid Instalment up to but excluding the Forfeiture Date. For the purpose of the accrual of interest, any payment of any Partly Paid Instalment made after the due date for payment shall be treated as having been made on the day preceding the Forfeiture Date (whether or not a Business Day as defined in Condition 5.14).

Unless an Event of Default (or an event which with the giving of notice, the lapse of time or the making or giving of any determination or certification would constitute an Event of Default) shall have occurred and be continuing, on the Forfeiture Date, the Issuer shall forfeit all of the Instruments in respect of which any Partly Paid Instalment shall not have been duly paid, whereupon the Issuer shall be entitled to retain all Partly Paid Instalments previously paid in respect of such Instruments and shall be discharged from any obligation to repay such amount or to pay interest thereon.

2. Title and Transfer

- 2.1 Title to Bearer Instruments, Receipts and Coupons passes by delivery. References herein to the "**Holders**" of Bearer Instruments or of Receipts or Coupons are to the bearers of such Bearer Instruments or such Receipts or Coupons.
- 2.2 Title to Registered Instruments passes by registration in the register which the Issuer shall procure to be kept by the Registrars. The Registrars will maintain separate registers in respect of each of the Regulation S Instruments and the Rule 144A Instruments. References herein to the "**Holders**" of Registered Instruments are to the persons in whose names such Registered Instruments are so registered in the relevant register.
- 2.3 Title to VPS Instruments passes by registration between the direct or indirect accountholders at the VPS in accordance with the rules and procedures of the VPS. References to "**Holders**" of VPS Instruments are to the persons in whose names such VPS Instruments are so registered in the relevant register.
- 2.4 The Holder of any Bearer Instrument, Coupon, Registered Instrument or VPS Instrument will (except as otherwise required by applicable law or regulatory requirement) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust

or any interest thereof or therein, any writing thereon, or any theft or loss thereof) and no person shall be liable for so treating such Holder.

Transfer of Registered Instruments and exchange of Bearer Instruments for Registered Instruments

2.5 A Registered Instrument may, upon the terms and subject to the conditions set forth in the Issue and Paying Agency Agreement, be transferred in whole or in part only (*provided that* such part is, or is an integral multiple of, the minimum denomination specified in the relevant Final Terms) upon the surrender of the Registered Instrument to be transferred, together with the form of transfer endorsed on it duly completed and executed, at the specified office of the relevant Registrar or any of the Transfer Agents. A new Registered Instrument will be issued to the transferee and, in the case of a transfer of part only of a Registered Instrument, a new Registered Instrument in respect of the balance not transferred will be issued to the transferor.

2.6 Transfers of beneficial interests in Global Registered Instruments will be effected by Euroclear, Clearstream, Luxembourg and/or DTC, as the case may be, and in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Global Registered Instrument will, subject to compliance with all applicable legal and regulatory restrictions, be exchangeable for Definitive Registered Instruments or for a beneficial interest in another Global Registered Instrument only in the authorised denominations set out in the relevant Final Terms and only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Issue and Paying Agency Agreement.

2.7 Upon the terms and subject to the conditions set forth in the Issue and Paying Agency Agreement, a Definitive Registered Instrument may be transferred in whole or in part (in the authorised denominations set out in the relevant Final Terms). In order to effect any such transfer (i) the Holder or Holders must (A) surrender the Definitive Registered Instrument for registration of the transfer of the Definitive Registered Instrument (or the relevant part of the Definitive Registered Instrument) at the specified office of the relevant Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the Holder or Holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the relevant Registrar or, as the case may be, the relevant Transfer Agent and (ii) the relevant Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request.

Subject as provided above, the relevant Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the relevant Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations) authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail to such address as the transferee may request, a new Definitive Registered Instrument of a like aggregate nominal amount to the Definitive Registered Instrument (or the relevant part of the Definitive Registered Instrument) transferred. In the case of the transfer of only part of a Definitive Registered Instrument, a new Definitive Registered Instrument in respect of the balance of the Definitive Registered Instrument not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

2.8 If so specified in the relevant Final Terms, the Holder of Bearer Instruments may exchange the same for the same aggregate principal amount of Registered Instruments upon the terms and subject to the conditions set forth in the Issue and Paying Agency Agreement. In order to exchange a Bearer Instrument for a Registered Instrument, the Holder thereof shall surrender such Bearer Instrument at the specified office outside the United States of the Issue and Paying Agent, the Registrar or the Transfer Agent together with a written request for the exchange. Each Bearer Instrument so surrendered must be accompanied by all unmatured Receipts and Coupons appertaining thereto other than the Coupon in respect of the next payment of interest falling due after the exchange date (as defined in Condition 2.9(b)) where the exchange date would, but for

the provisions of Condition 2.9, occur between the Record Date (as defined in Condition 9.2(c)) for such payment of interest and the date on which such payment of interest falls due.

- 2.9 Each new Registered Instrument to be issued upon the transfer of a Registered Instrument or the exchange of a Bearer Instrument for a Registered Instrument will, within three Relevant Banking Days of the transfer date or, as the case may be, the exchange date be available for collection by each relevant Holder at the specified office of the relevant Registrar or any of the Transfer Agents or, at the option of the Holder requesting such exchange or transfer be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder. For these purposes, a form of transfer or request for exchange received by the relevant Registrar or the any of Transfer Agents after the Record Date in respect of any payment due in respect of Registered Instruments shall be deemed not to be effectively received by the relevant Registrar or any of the Transfer Agents until the day following the due date for such payment. For the purposes of these Conditions:
- (a) **Relevant Banking Day**" means a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in the place where the specified office of the relevant Registrar or, as the case may be, the relevant Transfer Agent is located and, in the case only of an exchange of a Bearer Instrument for a Registered Instrument where such request for exchange is made to the Issue and Paying Agent, in the place where the specified office of the Issue and Paying Agent is located;
 - (b) the **"exchange date"** shall be the Relevant Banking Day following the day on which the relevant Bearer Instrument shall have been surrendered for exchange in accordance with Condition 2.8; and
 - (c) the **"transfer date"** shall be the Relevant Banking Day following the day on which the relevant Registered Instrument shall have been surrendered for transfer in accordance with Condition 2.5,
- 2.10 The issue of new Registered Instruments on transfer or on the exchange of Bearer Instruments for Registered Instruments will be effected without charge by or on behalf of the Issuer, the Issue and Paying Agent, the relevant Registrar or any of the Transfer Agents but upon payment by the applicant of (or the giving by the applicant of such indemnity as the Issuer, the Issue and Paying Agent, the relevant Registrar or any of the Transfer Agents may require in respect of) any tax, duty or other governmental charges which may be imposed in relation thereto.
- 2.11 Upon the transfer, exchange or replacement of Registered Instruments bearing the private placement legend (the **"Private Placement Legend"**) set forth in the form of Registered Instrument scheduled to the Issue and Paying Agency Agreement, the relevant Registrar or, as the case may be, the relevant Transfer Agent shall deliver only Registered Instruments that also bear such legend unless either (i) such transfer, exchange or replacement occurs two or more years after the later of (1) the original issue date of such Instruments or (2) the last date on which the Issuer or any affiliates (as defined below) of the Issuer as notified to the relevant Registrar and the relevant Transfer Agent by the Issuer as provided in the following sentence, was the beneficial owner of such Instrument (or any predecessor of such Instrument) or (ii) there is delivered to the relevant Registrar and the relevant Transfer Agent an opinion reasonably satisfactory to the Issuer of counsel experienced in giving opinions with respect to questions arising under the securities laws of the United States to the effect that neither such legend nor the restrictions on transfer set forth therein are required in order to maintain compliance with the provisions of such laws. The Issuer covenants and agrees that it will not acquire any beneficial interest, and will cause its "affiliates" (as defined in paragraph (a)(1) of Rule 144 under the Securities Act) not to acquire any beneficial interest, in any Registered Instrument bearing the Private Placement Legend unless it notifies the Registrar of such acquisition. The relevant Registrar, the relevant Transfer Agent and all Holders shall be entitled to rely without further investigation on any such notification (or lack thereof).

- 5.2 Instruments which are specified in the relevant Final Terms as being interest-bearing shall bear interest from their Interest Commencement Date at the Interest Rate payable in arrears on each Interest Payment Date.

Provisions relating to Fixed Rate Instruments only

- 5.3 If the relevant Final Terms specifies the Interest Rate applicable to the Instruments as being Fixed Rate, the amount of interest payable in respect of each Instrument for any Interest Period shall be the relevant Fixed Coupon Amount.

- 5.4 This Condition 5.4 shall apply to Fixed Rate Instruments denominated in Renminbi (the "**Renminbi Instruments**") only where the Final Terms for the relevant Renminbi Instruments specify that the Interest Payment Dates are subject to adjustment. The relevant Fixed Coupon Amount for such Instruments shall be calculated by the Calculation Agent by multiplying the product of the Interest Rate and the Calculation Amount by the Day Count Fraction and rounding the resultant figure to the nearest CNY0.01, with CNY0.005 being rounded upwards. The Calculation Agent shall cause the relevant Fixed Coupon Amount and the relevant Interest Payment Date to be notified to the Issue and Paying Agent, the Issuer and the Holders in accordance with Condition 14 and, if the Instruments are listed on a stock exchange and the rules of such stock exchange so requires, such stock exchange as soon as possible after their determination or calculation but in no event later than the fourth London Banking Day thereafter or, if earlier in the case of notification to the stock exchange, the time required by the rules of the relevant stock exchange.

Provisions relating to Floating Rate Instruments only (other than Floating Rate Instruments which reference SONIA or SOFR)

- 5.5 If the relevant Final Terms specifies the Interest Rate applicable to the Instruments as being Floating Rate it shall also specify the Reference Rate and which Relevant Screen Page on the Reuters Screen or any other information vending service shall be applicable. If a Reference Rate and a Relevant Screen Page are so specified and the Reference Rate specified is not SONIA or SOFR, the Interest Rate applicable to the relevant Instruments for each Interest Accrual Period shall be determined, subject to Condition 5.18, by the Calculation Agent on the following basis:

- (a) the Calculation Agent will determine the offered rate for deposits (or, as the case may require, the arithmetic mean (rounded, if necessary, to the nearest ten thousandth of a percentage point, 0.00005 being rounded upwards) of the rates for deposits) in the relevant currency for a period of the duration of the relevant Interest Accrual Period on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (b) if, on any Interest Determination Date, no such rate for deposits so appears (or, as the case may be, if fewer than two such rates for deposits so appear) or if the Relevant Screen Page is unavailable, the Calculation Agent will request appropriate quotations and will determine the arithmetic mean (rounded as aforesaid) of the rates at which deposits in the relevant currency are offered by four major banks in the Relevant Financial Centre interbank market (or, in the case of Instruments denominated or payable in euro, in the

euro-zone interbank market), reasonably selected by the Calculation Agent, at approximately the Relevant Time on the Interest Determination Date for a period of the duration of the relevant Interest Accrual Period and in an amount that is representative for a single transaction in the relevant market at the relevant time;

- (c) if, on any Interest Determination Date, only two or three rates are so quoted, the Calculation Agent will determine the arithmetic mean (rounded as aforesaid) of the rates so quoted; or
- (d) if fewer than two rates are so quoted, the Calculation Agent will determine the arithmetic mean (rounded as aforesaid) of the rates quoted by four major banks in the Relevant Financial Centre (or, in the case of Instruments denominated in euro, in such financial centre or centres in the euro-zone as the Calculation Agent may select) selected by the Calculation Agent, at approximately 11.00 a.m. (Relevant Financial Centre time (or local time at such other financial centre or centres as aforesaid)) on the first day of the relevant Interest Accrual Period for loans in the relevant currency to leading European banks for a period of the duration of the relevant Interest Accrual Period and in an amount that is representative for a single transaction in the relevant market at the relevant time; and
- (e) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Interest Rate for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:
 - (i) one rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (ii) the other rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next longer than the length of the relevant Interest Period;

provided, however, that if no rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate,

and the Interest Rate applicable to such Instruments during each Interest Accrual Period will be the sum of the relevant margin (for the purposes of this Condition 5.5, the "**Relevant Margin**") specified in the relevant Final Terms and the rate (or, as the case may be, the arithmetic mean (rounded as aforesaid) of the rates) so determined provided, however, that, if the Calculation Agent is unable to determine a rate (or, as the case may be, an arithmetic mean of rates) in accordance with the above provisions in relation to any Interest Accrual Period, the Interest Rate applicable to such Instruments during such Interest Accrual Period will be the sum of the Relevant Margin and the rate (or, as the case may be, the arithmetic mean (rounded as aforesaid) of the rates) determined in relation to such Instruments in respect of the last preceding Interest Accrual Period.

Notwithstanding anything contained in this Condition 5.5 above, if the relevant Final Terms specifies the U.S. Federal Fund Rates as the applicable Reference Rate: (i) if the U.S. Federal Funds Rate does not appear on the FEDFUNDS1 Page or is not so published by 5:00 P.M., New York City time, on the related Interest Determination Date, the Interest Rate applicable for each Interest Accrual Period shall be the rate with respect to the particular Interest Determination Date for U.S. dollar federal funds as published in H.15 Daily Update, or such other recognised electronic source used for the purpose of displaying the applicable rate, under the caption "Federal funds (effective)", or (ii) if the rate referred to in (i) above is not so published by 5:00 P.M., New York City time on the related Interest Determination Date, the Interest Rate applicable for each Interest Accrual Period shall be the rate for the first preceding day for which such rate is set forth in H.15(519) opposite the caption "Federal funds (effective)", as such rate is displayed on the FEDFUNDS1 Page.

If a Variable Rate is specified in the relevant Final Terms, the rate of interest applicable to each relevant Interest Accrual Period will be the specified Variable Rate(s) plus or minus the Interest Rate determined pursuant to this Condition 5.5, as may be specified in the relevant Final Terms.

If "**Weighted Average Reference Rate**" is specified in the relevant Final Terms, the rate of interest applicable to each relevant Interest Accrual Period will be $D1/D2$, where "**D1**" means the sum of the Reference Rates applicable for each Interest Determination Date in the relevant Interest Period, provided however that the rate applicable for any calendar day that is not a Banking Day in respect of the relevant city as specified in the relevant Final Terms shall be the Reference Rate applicable on the immediately preceding Banking Day of such city, and "**D2**" means the number of calendar days in the Interest Period. If Weighted Average Reference Rate applies, each Interest Determination Date shall be one Business Day prior to each Interest Reset Date and, in respect of the last two Business Days of each Interest Period, the date which is one Business Day prior to such two Business Days. For the purposes of the foregoing "**Interest Reset Date**" shall mean, for each Interest Period, each Business Day within such Interest Period, up to and including the Interest Rate Cut Off Date, where "**Interest Rate Cut Off Date**" shall mean two Business Days prior to each Interest Payment Date in relation to such Interest Period.

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

In the event that the Interest Rate cannot be determined in accordance with the foregoing provisions, the Interest Rate shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Relevant Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Relevant Margin relating to such Interest Period, in place of the Relevant Margin relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the initial Interest Rate which would have been applicable to such Series of Instruments for the first Interest Period had the Instruments been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Relevant Margin applicable to the first Interest Period).

If the relevant Series of Instruments become due and payable in accordance with Condition 7, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Instruments became due and payable and the Interest Rate on such Instruments shall, for so long as any such Instrument remains outstanding, be that determined on such date.

- the Applicable Business Day Convention applicable to any date is that specified in the relevant Final Terms or, if none is so specified, as may be determined in accordance with the ISDA Definitions.

If Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Interest Rate for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:

- (i) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
- (ii) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period

provided, however, that if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

If a Variable Rate is specified in the relevant Final Terms, the rate of interest applicable to each relevant Interest Accrual Period will be the specified Variable Rate(s) plus or minus the Interest Rate determined pursuant to this Condition 5.8, as may be specified in the relevant Final Terms.

Maximum or Minimum Interest Rate

- 5.9 If any Maximum or Minimum Interest Rate is specified in the relevant Final Terms, then the Interest Rate shall in no event be greater than the maximum or be less than the minimum so specified. Unless otherwise specified in the relevant Final Terms, the Minimum Interest Rate shall be deemed to be zero.

Accrual of Interest

- 5.10 Interest shall accrue on the Outstanding Principal Amount of each Instrument during each Interest Accrual Period from, and including, the Interest Commencement Date. Interest will cease to accrue as from the due date for redemption therefor (or, in the case of an Instalment Instrument, in respect of each instalment of principal, on the due date for payment of the relevant Instalment Amount) unless upon due presentation or surrender thereof (if required), payment in full of the Redemption Amount (as defined in Condition 6.13) or the relevant Instalment Amount is improperly withheld or refused or default is otherwise made in the payment thereof or the consent of the Commission for such payment has not been given or, having been given, has been withdrawn and not replaced, in which case interest shall continue to accrue on the principal amount in respect of which payment has been improperly withheld or refused or default has been made (as well after as before any demand or judgment) at the Interest Rate then applicable until the date on which, upon due presentation or surrender of the relevant Instrument (if required), the relevant payment is made or, if earlier (except where presentation or surrender of the relevant Instrument is not required as a precondition of payment), the seventh day after the date on which, the Issue and Paying Agent or, as the case may be, the relevant Registrar having received the funds required to make such payment, notice is given to the Holders of the Instruments in accordance with Condition 14 that the Issue and Paying Agent or, as the case may be, the relevant Registrar has received the required funds (except to the extent that there is failure in the subsequent payment thereof to the relevant Holder).

Interest Amount(s) and Calculation Agent

- 5.11 If a Calculation Agent is specified in the relevant Final Terms, the Calculation Agent, as soon as practicable after the Relevant Time on each Interest Determination Date (or such other time on such date as the Calculation Agent may be required to calculate any Redemption Amount or Instalment Amount, obtain any quote or make any determination or calculation) will determine the Interest Rate and calculate the amount(s) of interest payable (the "**Interest Amount(s)**") in respect of the Calculation Amount and multiply such figure by a fraction equal to the Specified Denomination of the relevant Instrument divided by the Calculation Amount for the relevant Interest Accrual Period, calculate the Redemption Amount or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date or, as the case may be, the Redemption Amount or any Instalment Amount to be notified to the Issue and Paying Agent, the relevant Registrar (in the case of Registered Instruments), the Issuer, the Holders in accordance with Condition 14, (in the case of VPS Instruments) the VPS and the VPS Account Operator and, if the Instruments are listed on a stock exchange and the rules of such stock exchange so requires, such stock exchange as soon as possible after their determination or calculation but in no event later than the fourth London Banking Day thereafter or, if earlier in the case of notification to the stock exchange, the time required by the rules of the relevant stock exchange. The Interest Amounts and the Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of an Interest Accrual Period or the Interest Period. If the Instruments become due and payable under Condition 7, the Interest Rate and the accrued interest payable in respect of the Instruments shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made. The determination of each Interest Rate, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon the Issuer and the Holders and the Calculation Agent shall have no liability to the Holders in respect of any determination, calculation, quote or rate made or provided by it.

If the Calculation Agent is incapable or unwilling to act as such or if the Calculation Agent fails duly to establish the Interest Rate for any Interest Accrual Period or to calculate the Interest Amounts or any other requirements, the Issuer will (with the prior approval of the VPS Trustee in the case of VPS Instruments) appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

Calculations and Adjustments

- 5.12 The amount of interest payable in respect of any Instrument for any period shall be calculated by multiplying the product of the Interest Rate and the Calculation Amount and multiply such figure by a fraction equal to the Outstanding Principal Amount of the relevant Instrument divided by the Calculation Amount and multiply the result by the Day Count Fraction, save that (i) if the relevant Final Terms specifies a specific amount in respect of such period, the amount of interest payable in respect of such Instrument for such period will be equal to such specified amount and (ii) where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period will be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

For the purposes of any calculations referred to in these Conditions, unless otherwise specified, (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States Dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded to the nearest whole Japanese Yen (with 0.5 Japanese Yen being rounded upwards) and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

- 5.13 Different Business Day Conventions may apply, or be specified in relation to, the Interest Payment Dates, Interest Period End Dates and any other date or dates in respect of any Instruments.

Where the Final Terms specifies "No Adjustment" in relation to any date, such date shall not be adjusted in accordance with the Applicable Business Day Convention(s).

Where the relevant Final Terms fails to specify an Applicable Business Day Convention or "No Adjustment" for the purposes of an Interest Period End Date and an Interest Payment Date, then:

- (a) in the case of Instruments which bear interest at a fixed rate, or where the relevant Final Terms specify that the Instruments are Index Linked Interest Instruments, Share Linked Interest Instruments, FX Linked Interest Instruments or Fund Linked Interest Instruments, "No Adjustment" shall be deemed to have been so specified and the "Modified Following Business Day Convention" shall be deemed to have been so specified for payment purposes only; and
- (b) in the case of Instruments which bear interest at a floating rate, the "Modified Following Business Day Convention" shall be deemed to have been so specified for both calculation of interest and payment purposes.

- (a) the Issuer shall use reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser to determine (acting in good faith and in a commercially reasonable manner) no later than three Business Days prior to the Interest Determination Date relating to the next succeeding Interest Period (the "**IA Determination Cut-off Date**") a Successor Rate or, alternatively, if there is no Successor Rate, an Alternative Reference Rate for purposes of determining the Interest Rate (or the relevant component part thereof) applicable to the Instruments;

- (b) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Reference Rate prior to the IA Determination Cut-off Date, the Issuer (in consultation with the Calculation Agent and acting in good faith and in a commercially reasonable manner) may determine a Successor Rate or, if there is no Successor Rate, an Alternative Reference Rate;
- (c) if a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) is determined in accordance with the preceding provisions, such Successor Rate or, failing which, an Alternative Reference Rate (as applicable) shall be the Reference Rate for each of the future Interest Periods (subject to the subsequent operation of, and to adjustment as provided in, this Condition 5.18); *provided, however*, that if sub-paragraph (b) applies and the Issuer is unable to or does not determine a Successor Rate or an Alternative Reference Rate prior to the relevant Interest Determination Date, the Interest Rate applicable to the next succeeding Interest Period shall be equal to the Interest Rate last determined in relation to the Instruments in respect of the preceding Interest Period (or alternatively, if there has not been a first Interest Payment Date, the rate of interest shall be the Interest Rate for the initial Interest Period) (subject, where applicable, to substituting the Relevant Margin that applied to such preceding Interest Period for the Relevant Margin that is to be applied to the relevant Interest Period); for the avoidance of doubt, the proviso in this sub-paragraph (c) shall apply to the relevant Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 5.18);
- (d) if the Independent Adviser or the Issuer determines a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) in accordance with the above provisions, the Independent Adviser or the Issuer (as applicable, and acting in good faith and in a commercially reasonable manner), may also specify changes to these Conditions, including but not limited to the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Day, Interest Determination Date, and/or the definition of Reference Rate applicable to the Instruments, and the method for determining the fallback rate in relation to the Instruments, in order to follow market practice in relation to the Successor Rate or the Alternative Reference Rate (as applicable). If the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Reference Rate (as applicable). If the Independent Adviser or the Issuer (as applicable) is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread. For the avoidance of doubt, the Issue and Paying Agent, the VPS Account Operator and the VPS Trustee (if applicable) shall, at the direction and expense of the Issuer, effect such consequential amendments to the Issue and Paying Agency Agreement, the VPS Agreement and the VPS Trustee Agreement (if applicable) and these Conditions as may be required in order to give effect to this Condition 5.18, provided that no such amendment shall, unless agreed by the Issue and Paying Agent, the VPS Account Operator or the VPS Trustee, as applicable, increase the obligations or duties or decrease the rights or protections of the Issue and Paying Agent, the VPS Account Operator or the VPS Trustee, as applicable. Consent of the Holders of the relevant Instruments shall not be required in connection with effecting the Successor Rate or Alternative Reference Rate (as applicable) or such other changes, including for the execution of any documents or other steps by the Issue and Paying Agent, the VPS Account Operator or the VPS Trustee (if applicable) (if required); and
- (e) the Issuer shall promptly, following the determination of any Successor Rate or Alternative Reference Rate (as applicable), give notice thereof to the Calculation Agent, the Issue and Paying Agent, the Holders and (in the case of VPS Instruments) the VPS Trustee and VPS Account Operator, which shall specify the effective date(s) for such Successor Rate or Alternative Reference Rate (as applicable) and any consequential changes made to these Conditions,

For the purposes of this Condition 5.18:

- (iii) if no such customary market usage is recognised or acknowledged, the Independent Adviser (in consultation with the Issuer) or the Issuer in its discretion (as applicable), determines (acting in good faith and in a commercially reasonable manner) to be appropriate,

in each case, in order to put the Issuer and the Holders in substantially the same economic position as prior to the occurrence of the Benchmark Event and the subsequent operation of this Condition 5.18;

"Alternative Reference Rate" means the rate that the Independent Adviser or the Issuer (as applicable) determines has replaced the relevant Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of bonds denominated in the Specified Currency and of a comparable duration to the relevant Interest Period, or, if the Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as the Independent Adviser or the Issuer (as applicable) determines in its discretion (acting in good faith and in a commercially reasonable manner) is most comparable to the relevant Reference Rate;

"Benchmark Event" means:

- (a) the Reference Rate ceases to be published or ceases to exist;
- (b) a public statement by the administrator of the Reference Rate that it will, by a specified date within the following six months, cease publishing the Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Reference Rate);

- (d) a public statement by the supervisor of the administrator of the Reference Rate that the Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six months; or

6. **Redemption and Purchase**

Redemption at Maturity

- 6.1 Unless previously redeemed, or purchased and cancelled or unless such Instrument is stated in the relevant Final Terms as having no fixed maturity date, each Instrument shall be redeemed at its maturity redemption amount (the "**Maturity Redemption Amount**") which shall be: (i) its Outstanding Principal Amount or any other amount as may be specified in the relevant Final Terms (or, in the case of Instalment Instruments, in such number of instalments and in such amounts ("**Instalment Amounts**") as may be specified in, or determined in accordance with the provisions of, the relevant Final Terms) on the date or dates (or, in the case of Instruments which bear interest at a floating rate, on the date or dates upon which interest is payable) specified in the relevant Final Terms; or (ii) in the case of: (a) Index Linked Instruments, in accordance with Condition 21.4 (as completed by the relevant Final Terms), (b) Share Linked Instruments, in accordance with Condition 22.4 (as completed by the relevant Final Terms), (c) FX Linked Instruments, in accordance with Condition 23.4 (as completed by the relevant Final Terms), (d) Fund Linked Instruments, in accordance with Condition 24.8 (as completed by the relevant Final Terms), (e) Commodity Linked Redemption Instruments, in accordance with Condition 25.2 (as completed by the relevant Final Terms), and (f) Physical Delivery Instruments, in accordance with Condition 26 (as completed by the relevant Final Terms).

Early Redemption for Taxation Reasons

- 6.2 If, in relation to any Series of Instruments, (i) as a result of any change in the laws, regulations or rulings of the Kingdom of Norway or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws, regulations or rulings which is announced and which becomes effective on or after the date of issue of such Instruments or any other date specified in the relevant Final Terms, the Issuer would be required to pay additional amounts as provided in Condition 8, (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it and (iii) such circumstances are evidenced by the delivery by the Issuer to the Issue and Paying Agent (or, in the case of VPS Instruments, the VPS Account Operator and the VPS Trustee) of a certificate signed by two directors of the Issuer stating that the said circumstances prevail and describing the facts leading thereto and an opinion of independent legal advisers of recognised standing to the effect that such circumstances prevail, the Issuer may, at its option (but, in the case of Subordinated Instruments, subject to consent thereto having been obtained from the Commission) and in any case having given no less than 30 nor more than 60 days' notice, or such other period(s) as may be specified in the relevant Final Terms, (ending, in the case of Instruments which bear interest at a floating rate, Index Linked Interest Instruments, Share Linked Interest Instruments, FX Linked Interest Instruments or Fund Linked Interest Instruments, on a day upon which interest is payable) to the Holders of the Instruments in accordance with Condition 14 (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Instruments comprising the relevant Series at

their early tax redemption amount (the "**Early Redemption Amount (Tax)**"), which shall be (i) their Outstanding Principal Amount or, (ii) in the case of Instruments which are non-interest bearing, including Instruments specified by the relevant Final Terms to be Zero Coupon Instruments, their Amortised Face Amount (as defined in Condition 6.14), (iii) if specified in the relevant Final Terms, the Specified Currency amount which is determined by the Calculation Agent in its sole and absolute discretion to be the fair market value of such Instrument immediately prior to such early redemption, adjusted to account fully for any reasonable expenses and costs to the Issuer of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity or currency options hedging the Issuer's obligations under the Instrument) (the "**Early Redemption Amount (Market Value)**") or (iv) in the case of Alternative Provision Instruments (and notwithstanding any of provisos (i) to (iii) would otherwise apply), the Alternative Redemption Amount, together with accrued interest (if any) thereon provided, however, that no such notice of redemption may be given earlier than 90 days (or, in the case of Instruments which bear interest at a floating rate, Index Linked Interest Instruments, Share Linked Interest Instruments, FX Linked Interest Instruments or Fund Linked Interest Instruments, a number of days which is equal to the aggregate of the number of days falling within the then current interest period applicable to the Instruments plus 60 days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Instruments then due.

The Issuer may not exercise such option in respect of any Instrument which is the subject of the prior exercise by the Holder thereof of its option to require the redemption of such Instrument under Condition 6.6.

For the purposes of this Condition 6.2:

"Alternative Provision Instruments" means any Instruments in respect of which the applicable Final Terms specify that the Alternative Provisions are applicable;

"Alternative Redemption Amount" means the higher of an amount equal to (i) the denomination of such Instrument (or, where such Instrument is a Zero Coupon Instrument, the Amortised Face Amount thereof) and (ii) an amount, as determined by the Calculation Agent as at the date on which the Issuer decides to exercise the option to redeem, equal to the fair market value of such Instrument calculated by reference to, if the Instrument is actively traded on a regulated market, multilateral trading facility or over-the-counter market and where recent observable bid and ask prices are available, to such prices or, if the Instrument is not traded on a regulated market, multilateral trading facility or over-the-counter market, or where, in the reasonable determination of the Calculation Agent, no recent observable bid and ask prices that represent the market value of such Instrument are available, by reference to a generally accepted valuation method for such Instrument in the financial markets (and, in each case, without deducting into account any costs incurred by the Issuer in relation to the early redemption or the unwinding of any hedging arrangements relating thereto), increased, in each case, with the Fee Component.

"Fee Component" means any costs, as notified by the Issuer to the Calculation Agent (including but not limited to any structuring costs) which were included in the issue price of the relevant Instrument in an amount equal to the amount of such costs multiplied by the number of days from the date on which the Alternative Redemption Amount was calculated to the maturity date of the Instrument, and divided by the number of days from the date of issue of the Instrument until the maturity date of such Instrument.

Optional Early Redemption (Call)

- 6.3 If the Call Option is specified in the relevant Final Terms as being applicable, then the Issuer may (subject, in the case of Subordinated Instruments, to consent thereto having been obtained from the Commission) and having given no less than 10 nor more than 60 days' notice, or such other period(s) as may be specified in the relevant Final Terms, (ending, in the case of Instruments which bear interest at a floating rate, Index Linked Interest Instruments, Share Linked Interest Instruments, FX Linked Interest Instruments or Fund Linked Interest Instruments, on a day upon which interest is payable), redeem all or, if so specified in the relevant Final Terms, part of the Instruments of the relevant Series on the relevant Optional Redemption Date (Call) at their Optional Redemption Amount (Call) plus accrued interest (if any) to such date.

The Issuer may not exercise such option in respect of any Instrument which is the subject of the prior exercise by the Holder thereof of its option to require the redemption of such Instrument under Condition 6.6.

6.4 The appropriate notice referred to in Condition 6.3 is a notice given by the Issuer to the Holders of the Instruments of the relevant Series in accordance with Condition 14, which notice shall be irrevocable and shall specify:

- the Series of Instruments subject to redemption;
- whether such Series is to be redeemed in whole or in part only and, if in part only, the aggregate principal amount of and (except in the case of a Temporary Global Instrument or Permanent Global Instrument) the serial numbers of the Instruments of the relevant Series which are to be redeemed;
- the Optional Redemption Date (Call); and
- the Optional Redemption Amount (Call) at which such Instruments are to be redeemed.

Partial Redemption

6.5 If the Instruments of a Series are to be redeemed in part only on any date in accordance with Conditions 6.3, 6.7, 21.4, 22.4, 23.4, or 24.8:

- in the case of Bearer Instruments, the Instruments to be redeemed shall be drawn by lot in such European city as the Issue and Paying Agent may specify, or identified in such other manner or in such other place as the Issue and Paying Agent may approve and deem appropriate and fair; and
- in the case of Registered Instruments or VPS Instruments, the Instruments shall be redeemed (so far as may be practicable) pro rata to their principal amounts, provided always that the amount redeemed in respect of each Instrument shall be equal to the minimum denomination thereof or an integral multiple thereof,

subject always to compliance with all applicable laws, the requirements of any stock exchange on which the relevant Instruments may be listed and, if applicable, the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) or, in the case of VPS Instruments, the rules and procedures of the VPS.

In the case of the redemption of part only of a Registered Instrument, a new Registered Instrument in respect of the unredeemed balance shall be issued in accordance with Conditions 2.4 to 2.9 which shall apply as in the case of a transfer of Registered Instruments as if such new Registered Instrument were in respect of the untransferred balance.

If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.

Optional Early Redemption (Put)

6.6 This Condition 6.6 shall only be applicable to Subordinated Instruments in the event that the prior consent thereto of the Commission has been obtained.

If the Put Option is specified in the relevant Final Terms as being applicable, then the Issuer shall, upon the exercise of the relevant option by the Holder of any Instrument of the relevant Series, redeem such Instrument on the Optional Redemption Date (Put) specified in the relevant Put Notice (as defined below) at its Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise such option, the Holder of an Instrument must, not less than forty-five days or such other period(s) as may be specified in the relevant Final Terms before the relevant Optional Redemption Date (Put), deposit the relevant Instrument (together, in the case of an interest-bearing Instrument in bearer form, with all unmatured Coupons appertaining thereto other

than any Coupon maturing on or before the relevant Optional Redemption Date (Put) (failing which the provisions of Condition 9.1(f) apply)) during normal business hours at the specified office of, in the case of a Bearer Instrument, any Paying Agent or, in the case of a Registered Instrument, the relevant Registrar or any of the Transfer Agents, together with a duly completed early redemption notice ("**Put Notice**") in the form which is available from the specified office of any of the Paying Agents, the relevant Registrar or any of the Transfer Agents. In the case of a Registered Instrument, the Put Notice should specify the aggregate principal amount in respect of which such option is exercised (which must be the minimum denomination specified in the relevant Final Terms or an integral multiple thereof). No Instrument so deposited and option exercised may be withdrawn (except as provided in the Issue and Paying Agency Agreement).

In the case of the redemption of part only of a Registered Instrument, a new Registered Instrument in respect of the unredeemed balance shall be issued in accordance with Conditions 2.4 to 2.9 which shall apply as in the case of a transfer of Registered Instruments as if such new Registered Instrument were in respect of the untransferred balance.

The Holder of an Instrument may not exercise such option in respect of any Instrument which is the subject of an exercise by the Issuer of its option to redeem such Instrument under either Condition 6.2 or 6.3.

In the case of VPS Instruments, to exercise the right to require redemption of the VPS Instruments, the Holder of the VPS Instrument, must, within the notice period, give notice to the VPS Account Operator of such exercise in accordance with the rules and procedures of the VPS from time to time and to the VPS Trustee.

Automatic Early Redemption for Index Linked Redemption Instruments, Share Linked Redemption Instruments, FX Linked Redemption Instruments and Fund Linked Redemption Instruments

- 6.7 If the relevant Final Terms specifies that automatic early redemption applies with respect to the Index Linked Redemption Instruments, Share Linked Redemption Instruments, FX Linked Redemption Instruments or Fund Linked Redemption Instruments, in the case that the Calculation Agent determines, in accordance with Condition 21.4, 22.4, 23.4 or 24.8 (as applicable) that an Automatic Early Redemption Event occurs, the Instruments shall be redeemed, in whole but not in part, at the Automatic Early Redemption Amount as specified in the relevant Final Terms on the Automatic Early Redemption Date.

Early Redemption for Fixed Interest Discounted Issue Instruments

- 6.8 If the relevant Final Terms specifies that the Instruments are Fixed Interest Discounted Issue Instruments, the Early Redemption Amount (Tax) (as defined in Condition 6.2) and Early Termination Amount (as defined in Condition 7.1) shall be an amount equal to the sum of (i) the Reference Price as specified in the relevant Final Terms and (ii) the product of the Amortisation Yield as specified in the relevant Final Terms (compounded either (x) annually or (y) semi-annually as specified in the relevant Final Terms) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for the redemption or (as the case may be) the date upon which such Instrument becomes due and repayable. Where such calculation is to be made for (in case of annually compounding) a period which is not a whole number of years or (in case of semi-annually compounding) a period which is not a whole number of days in the Interest Period or any multiples thereof, the calculation in respect of the period of less than a full year or the period of less than the whole number of days in the Interest Period, as the case may be, shall be made on the basis of the Day Count Fraction. The resultant figure of the Early Redemption Amount (Tax) and Early Termination Amount shall be rounded to the nearest sub-unit of the Specified Currency with the half of such sub-unit being rounded up.

Physical Delivery

- 6.9 If the relevant Final Terms specify that the Instruments are Physical Delivery Instrument, being Instruments to be redeemed by delivery of the Entitlement, Condition 26 shall apply.

Purchase of Instruments

- 6.10 The Issuer may (but, in the case of Subordinated Instruments, subject to consent thereto having been obtained from the Commission) at any time purchase Instruments in the open market or otherwise and at any price *provided that* all unmatured Receipts and Coupons appertaining thereto are purchased therewith. If purchases are made by tender, tenders must be available to all Holders of Instruments alike.

Cancellation of Redeemed and Purchased Instruments

- 6.11 All unmatured Instruments and Coupons and unexchanged Talons redeemed or purchased in accordance with this Condition 6 may be cancelled, reissued or resold.

Further Provisions applicable to Redemption Amount and Instalment Amounts

- 6.12 The provisions of Condition 5.11 and the last paragraph of Condition 5.12 shall apply to any determination or calculation of the Redemption Amount or any Instalment Amount required by the relevant Final Terms to be made by the Calculation Agent.
- 6.13 References herein to "**Redemption Amount**" shall mean, as appropriate, the Maturity Redemption Amount, the final Instalment Amount, the Early Redemption Amount (Tax), the Alternative Redemption Amount, the Optional Redemption Amount (Call), the Optional Redemption Amount (Put), the Automatic Early Redemption and the Early Termination Amount or such other amount in the nature of a redemption amount as may be specified in the relevant Final Terms.
- 6.14 In the case of any Instrument which is non-interest bearing, including Instruments specified by the relevant Final Terms to be Zero Coupon Instruments, the "**Amortised Face Amount**" shall be an amount equal to the sum of:
- (a) the Issue Price specified in the relevant Final Terms; and
 - (b) the product of the Amortisation Yield (compounded annually) being applied to the Issue Price from (and including) the Issue Date specified in the relevant Final Terms to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Instrument becomes due and repayable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of the Day Count Fraction (as defined in Condition 5.14) specified in the relevant Final Terms for the purposes of this Condition 6.14.

- 6.15 In the case of any Instrument which is non-interest bearing, including Instruments specified by the relevant Final Terms to be Zero Coupon Instruments, if any Redemption Amount (other than the Maturity Redemption Amount) is improperly withheld or refused or default is otherwise made in the payment thereof, the Amortised Face Amount shall be calculated as provided in Condition 6.14 but as if references in sub-paragraph (b) to the date fixed for redemption or the date upon which such Instrument becomes due and repayable were replaced by references to the earlier of:
- (a) the date on which, upon due presentation or surrender of the relevant Instrument (if required), the relevant payment is made; and
 - (b) (except where presentation or surrender of the relevant Instrument is not required as a precondition of payment), the seventh day after the date on which, the Issue and Paying Agent or, as the case may be, the relevant Registrar having received the funds required to make such payment, notice is given to the Holders of the Instruments in accordance with Condition 14 of that circumstance (except to the extent that there is a failure in the subsequent payment thereof to the relevant Holder).

7. **Events of Default**

7.1 ***Events of Default — Senior Instruments***

- (a) This Condition 7.1 is applicable in relation to Senior Instruments only.
- (b) The following events or circumstances (each an "**Event of Default**") shall be acceleration events in relation to the Instruments of any Series, namely:

 - (ii) the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Instruments of the relevant Series or the Issue and Paying Agency Agreement and (except in any case where such default is incapable of remedy when no such continuation or notice, as is hereinafter mentioned, will be required) such default remains unremedied for 60 days after written notice requiring such default to be remedied has been delivered to the Issuer at the specified office of the Issue and Paying Agent by the Holder of any such Instrument; or
 - (iii) any Indebtedness of the Issuer becomes due and repayable prematurely by reason of an event of default (howsoever called) or the Issuer fails to make any payment in respect of any Indebtedness on the due date for payment as extended by any applicable grace period or any security given by the Issuer for any Indebtedness for borrowed money becomes enforceable or if default is made by the Issuer in making any payment due under any guarantee and/or indemnity given by it in relation to any Indebtedness of any other person in an aggregate amount of at least euro 20,000,000 (or its equivalent in any other currency or currencies); or

 - (viii) it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Instruments.
- (c) If any Event of Default shall occur and be continuing in relation to any Series of Instruments, any Holder of an Instrument of the relevant Series may, by written notice to the Issuer, at the specified office of the Issue and Paying Agent (or, in the case of VPS Instruments, the VPS Account Operator and the VPS Trustee), declare that such Instrument and (if the Instrument is interest-bearing) all interest then accrued on such Instrument shall be forthwith due and payable, whereupon the same shall become immediately due and payable at its early termination amount (the "**Early Termination**

Amount") (which shall be its Outstanding Principal Amount or, if such Instrument is non-interest bearing, including Instruments specified by the relevant Final Terms to be Zero Coupon Instruments, its Amortised Face Amount (as defined in Condition 6.14)), together with all interest (if any) accrued thereon without presentment, demand, protest or other notice of any kind, all of which the Issuer will expressly waive, anything contained in such Instruments to the contrary notwithstanding, unless, prior thereto, all Events of Default in respect of the Instruments of the relevant Series shall have been cured.

7.2 ***Events of Default — Subordinated Instruments***

- (a) This Condition 7.2 is applicable in relation to Subordinated Instruments only.
- (b) There will be no Events of Default in relation to Subordinated Instruments.

8. **Taxation**

8.1 All amounts payable (whether in respect of principal, interest or otherwise) in respect of the Instruments will be made free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Kingdom of Norway or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer will pay such additional amounts as may be necessary in order that the net amounts receivable by the Holder after such withholding or deduction shall equal the respective amounts which would have been receivable by such Holder in the absence of such withholding or deduction; except that no such additional amounts shall be payable in relation to any payment in respect of any Instrument or Coupon:

- (a) to, or to a third party on behalf of, a person who is liable to such taxes, duties, assessments or governmental charges in respect of such Instrument or Coupon by reason of his having some connection with the Kingdom of Norway other than (i) the mere holding of such Instrument or Coupon or (ii) the receipt of principal, interest or other amount in respect of such Instrument or Coupon; or
- (b) presented for payment more than thirty days after the Relevant Date, except to the extent that the relevant Holder would have been entitled to such additional amounts on presenting the same for payment on or before the expiry of such period of thirty days; or
- (c) presented for payment in the Kingdom of Norway.

8.2 For the purposes of these Conditions, the "**Relevant Date**" means, in respect of any payment, the date on which such payment first becomes due and payable, but if the full amount of the moneys payable has not been received by the Issue and Paying Agent, or as the case may be, the Registrar or, in the case of VPS Instruments, the VPS Account Operator on or prior to such due date, it means the first date on which, the full amount of such moneys having been so received and being available for payment to Holders, notice to that effect shall have been duly given to the Holders of the Instruments of the relevant Series in accordance with Condition 14.

8.3 If the Issuer becomes subject generally at any time to any taxing jurisdiction other than the Kingdom of Norway references in Condition 6.2 and Condition 9.1 to the Kingdom of Norway shall be read and construed as references to the Kingdom of Norway and/or to such other jurisdiction(s).

8.4 Any reference in these Conditions to "principal" and/or "interest" in respect of the Instruments shall be deemed also to refer to any additional amounts which may be payable under this Condition 8. Unless the context otherwise requires, any reference in these Conditions to "principal" shall include any premium payable in respect of an Instrument, any Instalment Amount or Redemption Amount and any other amounts in the nature of principal payable pursuant to these Conditions and "interest" shall include all amounts payable pursuant to Condition 5 and any other amounts in the nature of interest payable pursuant to these Conditions.

9. **Payments**

9.1 ***Payments — Bearer Instruments***

- (a) This Condition 9.1 is applicable in relation to Instruments in bearer form.
- (b) Payment of amounts (other than interest) due in respect of Bearer Instruments will be made against presentation and (save in the case of partial payment) or payment of an Instalment Amount (other than the final Instalment Amount) surrender of the relevant Bearer Instruments at the specified office of any of the Paying Agents.

Payment of Instalment Amounts (other than the final Instalment Amount) in respect of an Instalment Instrument which is a Definitive Instrument with Receipts will be made against presentation of the Instrument together with (where applicable) the relevant Receipt and surrender of such Receipt.

The Receipts are not and shall not in any circumstances be deemed to be documents of title and if separated from the Instrument to which they relate will not represent any obligation of the Issuer.

Accordingly, the presentation of an Instrument without the relative Receipt or the presentation of a Receipt without the Instrument to which it appertains shall not entitle the Holder to any payment in respect of the relevant Instalment Amount.

- (c) Payment of amounts in respect of interest on Bearer Instruments will be made:
 - (i) in the case of Instruments without Coupons attached thereto at the time of their initial delivery, against presentation of the relevant Instruments at the specified office of any of the Paying Agents outside (unless Condition 9.1(d) applies) the United States; and
 - (ii) in the case of Instruments delivered with Coupons attached thereto at the time of their initial delivery, against surrender of the relevant Coupons or, in the case of interest due otherwise than on a scheduled date for the payment of interest, against presentation of the relevant Instruments, in either case at the specified office of any of the Paying Agents outside (unless Condition 9.1(d) applies) the United States.
- (d) U.S. dollar payments of principal and interest in respect of Bearer Instruments will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:
 - (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Instruments in the manner provided above when due;
 - (ii) payment of the full amount of such interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
 - (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.
- (e) If the due date for payment of any amount due in respect of any Instrument is not an Applicable Financial Centre Day and a Local Banking Day (each as defined in Condition 9.4(e)), then the Holder thereof will not be entitled to payment thereof until the next day which is such a day (or as otherwise specified in the relevant Final Terms and subject to the application of the Applicable Business Day Convention specified in the Final Terms)

and from such day and thereafter will be entitled to receive payment by cheque on any Local Banking Day, and will be entitled to payment by transfer to a designated account on any day which is a Local Banking Day, an Applicable Financial Centre Day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located. No further payment on account of interest or otherwise shall be due in respect of such delay or adjustment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 5.10 or, if appropriate, Condition 5.15.

- (f) Each Instrument initially delivered with Coupons, Talons or Receipts attached thereto should be presented and, save in the case of partial payment of the Redemption Amount, surrendered for final redemption together with all unmatured Receipts, Coupons and Talons relating thereto, failing which:
- (i) if the relevant Final Terms specifies that this paragraph (i) of Condition 9.1(f) is applicable (and, in the absence of specification, this paragraph (i) shall apply to Instruments which bear interest at a fixed rate or rates or in fixed amounts) and subject as hereinafter provided, the amount of any missing unmatured Coupons (or, in the case of a payment not being made in full, that portion of the amount of such missing Coupon which the Redemption Amount paid bears to the total Redemption Amount due) (excluding, for this purpose, but without prejudice to paragraph (iii) below, Talons) will be deducted from the amount otherwise payable on such final redemption, the amount so deducted being payable against surrender of the relevant Coupon at the specified office of any of the Paying Agents at any time within ten years of the Relevant Date applicable to payment of such Redemption Amount;
 - (ii) if the relevant Final Terms specifies that this paragraph (ii) of Condition 9.1(f) is applicable (and, in the absence of specification, this paragraph (ii) shall apply to Instruments which bear interest at a floating rate or rates or in variable amounts) all unmatured Coupons (excluding, for this purpose, but without prejudice to paragraph (iii) below, Talons) relating to such Instruments (whether or not surrendered therewith) shall become void and no payment shall be made thereafter in respect of them;
 - (iii) in the case of Instruments initially delivered with Talons attached thereto, all unmatured Talons (whether or not surrendered therewith) shall become void and no exchange for Coupons shall be made thereafter in respect of them; and
 - (iv) in the case of Instruments initially delivered with Receipts attached thereto, all Receipts relating to such Instruments in respect of a payment of an Instalment Amount which (but for such redemption) would have fallen due on a date after such due date for redemption (whether or not surrendered therewith) shall become void and no payment shall be made thereafter in respect of them.

The provisions of paragraph (i) of this Condition 9.1(f) notwithstanding, if any Instruments should be issued with a maturity date and an Interest Rate or Rates such that, on the presentation for payment of any such Instrument without any unmatured Coupons attached thereto or surrendered therewith, the amount required by paragraph (i) to be deducted would be greater than the Redemption Amount otherwise due for payment, then, upon the due date for redemption of any such Instrument, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of the provisions of paragraph (i) in respect of such Coupons as have not so become void, the amount required by paragraph (i) to be deducted would not be greater than the Redemption Amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to an Instrument to become void, the relevant Paying Agent shall determine which unmatured Coupons are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

- (g) In relation to Instruments initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside (unless Condition 9.1(f) applies) the United States in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 10 below. Each Talon shall, for the purpose of these Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

9.2 *Payments — Registered Instruments*

- (a) This Condition 9.2 is applicable in relation to Registered Instruments.
- (b) Payment of the Redemption Amount (together with accrued interest) due in respect of Registered Instruments (whether or not in global form) will be made against presentation and, save in the case of partial payment of the Redemption Amount, surrender of the relevant Registered Instruments at the specified office of the relevant Registrar. If the due date for payment of the Redemption Amount of any Registered Instrument is not an Applicable Financial Centre Day (as defined in Condition 9.4(e)), then the Holder thereof will not be entitled to payment thereof until the next day which is such a day (or as otherwise specified in the relevant Final Terms and subject to the application of the Applicable Business Day Convention specified in the Final Terms), and from such day and thereafter will be entitled to receive payment by cheque on any Local Banking Day (as defined in Condition 9.4(e)), and, will be entitled to payment by transfer to a designated account on any day which is a Local Banking Day, an Applicable Financial Centre Day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 5.10 or, as appropriate, Condition 5.15.
- (c) Payment of amounts (whether principal, interest or otherwise) due (other than the Redemption Amount) in respect of Registered Instruments will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the register kept by the relevant Registrar as at opening of business (local time in the place of the specified office of the relevant Registrar) on the fifteenth Relevant Banking Day (as defined in Condition 2.9) before the due date for such payment (the "**Record Date**").
- (d) Notwithstanding the provisions of Condition 9.4(c), payment of amounts (whether principal, interest or otherwise) due (other than the Redemption Amount) in respect of Registered Instruments (whether or not in global form) will be made in the currency in which such amount is due by cheque and posted to the address (as recorded in the register held by the relevant Registrar) of the Holder thereof (or, in the case of joint Holders, the first-named) on the Relevant Banking Day (as defined in Condition 2.9) not later than the relevant due date for payment unless prior to the relevant Record Date the Holder thereof (or, in the case of joint Holders, the first-named) has applied to the relevant Registrar or any of the Transfer Agents and the relevant Registrar or the Transfer Agents has acknowledged such application for payment to be made to a designated account denominated in the relevant currency in which case payment shall be made on the relevant due date for payment by transfer to such account. In the case of payment by transfer to an account, if the due date for any such payment is not an Applicable Financial Centre Day, then the Holder thereof will not be entitled to payment thereof until the first day thereafter which is an Applicable Financial Centre Day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 5.10 or, as appropriate, Condition 5.15.

- (e) All amounts payable to DTC or its nominee as registered holder of a Global Registered Instrument in respect of Instruments denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Issuer or Issue and Paying Agent to an account in the relevant Specified Currency of the Foreign Exchange Agent on behalf of DTC or its nominee for payment in such Specified Currency for conversion into U.S. dollars in accordance with the provisions of the Issue and Paying Agency Agreement. None of the Issuer or the Paying Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Global Registered Instruments or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

9.3 *Payments — VPS Instruments*

Payments of principal and interest in respect of VPS Instruments will be made to the Holders of such VPS Instruments shown in the records of the VPS in accordance with and subject to the rules and procedures from time to time governing the VPS.

9.4 *Payments — General Provisions*

- (a) Save as otherwise specified in these Conditions, (1) this Condition 9.4 is applicable in relation to Bearer Instruments, Registered Instruments and VPS Instruments and (2) Condition 5.13 applies in respect of payments of amounts due (whether principal, interest or otherwise) in respect of the Instruments.
- (b) All payments in respect of an Instrument shall, without prejudice to Article 8.1 of Council Regulation no. 974/98 of 3 May 1998, be made in the currency shown on its face unless it is stated to be a Renminbi Instrument or an Instrument where Conditions 9.4(g), 23.5 or 23.9 apply, in which case payments shall be made on the basis stated in these Conditions and/or in the applicable Final Terms, as applicable.
- (c) Payments of amounts due (whether principal, interest or otherwise) in respect of Instruments will be made in the currency in which such amount is due (i) by cheque or (ii) at the option of the payee, by transfer to an account denominated in the relevant currency specified by the payee, *provided that* payments in Renminbi will be made by credit or transfer to an account denominated in that currency and maintained by the payee with a bank in Hong Kong and *provided further that* no payment will be made by transfer to an account in, or by cheque mailed to an address in, the United States.

Payments of the U.S. Dollar Equivalent of the relevant Renminbi amount, determined in accordance with Condition 9.4(f), will be made by credit or transfer to a U.S. dollar account (or any other account to which U.S. dollar may be credited or transferred) specified by the payee or, at the option of the payee, by a U.S. dollar cheque, *provided however, that* no payment will be made by transfer to an account in, or by cheque mailed to an address in, the United States.

- (d) Payments will, without prejudice to the provisions of Condition 8, be subject in all cases (i) to any applicable fiscal or other laws and regulations and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of that Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Holders of Instruments or Holders of Coupons in respect of such payments.
- (e) For the purposes of these Conditions:
 - (i) "**Applicable Financial Centre Day**" means, a day on which commercial banks and foreign exchange markets settle payments in all that Applicable Financial Centre(s) specified in the relevant Final Terms or, in the case of any payment in respect of a Global Registered Instrument denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Global

Registered Instrument) has elected to receive any part of such payment in U.S. dollars, a day on which commercial banks are not authorised or required by law or regulation to be closed in New York City. If the relevant Final Terms specify the TARGET System as an Applicable Financial Centre, "Applicable Financial Centre Day" means a day on which the TARGET System is operating; and

- (ii) "**Local Banking Day**" means a day (other than a Saturday or Sunday) on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in the place of presentation of the relevant Instrument or, as the case may be, Coupon.
- (f) This Condition 9.4(f) applies to Renminbi Instruments.

Notwithstanding the foregoing, if by reason of Inconvertibility, Non-transferability or Illiquidity, the Issuer is not able to satisfy payments of principal or interest (in whole or in part) in respect of Renminbi Instruments when due in Renminbi, the Issuer may settle any such payment (in whole or in part) in U.S. dollars on the due date at the U.S. Dollar Equivalent of any such Renminbi amount. Upon the determination that a condition of Inconvertibility, Non-transferability or Illiquidity prevails, the Issuer shall no later than 10:00 a.m. (Hong Kong time) on the Rate Calculation Date, (i) notify the Calculation Agent and the Paying Agents, and (ii) notify the Holders in accordance with Condition 14 of such determination.

Any payment made in the U.S. Dollar Equivalent of a Renminbi amount under this Condition 9.4(f) will constitute valid payment, and will not constitute a default in respect of the Renminbi Instruments.

For the purposes of these Conditions, "U.S. Dollar Equivalent" of a Renminbi amount means the relevant Renminbi amount converted into U.S. dollars using the Spot Rate for the relevant Rate Calculation Date as determined by the Calculation Agent at or around 11.00 a.m. (Hong Kong time) on the Rate Calculation Date.

For this purpose:

- (i) "**Governmental Authority**" means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong or the PRC;
- (ii) "**Illiquidity**" means the general Renminbi exchange market in Hong Kong becomes illiquid, other than as a result of an event of Inconvertibility or Non-transferability, as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two Renminbi Dealers, as a result of which the Issuer cannot, having used its reasonable endeavours, obtain sufficient Renminbi in order fully to satisfy its obligation to pay interest or principal (in whole or in part) in respect of the Renminbi Instruments;
- (iii) "**Inconvertibility**" means that the Issuer determines (in good faith and in a commercially reasonable manner) that it is impossible or, having used its reasonable endeavours, impracticable, for it to convert any amount due in respect of the Renminbi Instruments in the general Renminbi exchange market in Hong Kong, other than where such impossibility or impracticability is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the issue date of the relevant Renminbi Instruments and it is impossible or, having used its reasonable endeavours, impracticable for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);
- (iv) "**Non-transferability**" means that the Issuer determines (in good faith and in a commercially reasonable manner) that it is impossible or, having used its

reasonable endeavours, impracticable, for it to deliver Renminbi (i) between accounts inside Hong Kong or (ii) from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility or impracticability is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the issue date of the relevant Renminbi Instruments and it is impossible or, having used its reasonable endeavours, impracticable for the Issuer due to an event beyond its control, to comply with such law, rule or regulation);

- (v) "**PRC**" means the People's Republic of China;
- (vi) "**Rate Calculation Business Day**" means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong and New York City;
- (vii) "**Rate Calculation Date**" means the day which is two Rate Calculation Business Days before the due date of the relevant amount under these Conditions;
- (viii) "**Renminbi**" or "**CNY**" means the official currency of the People's Republic of China;
- (ix) "**Renminbi Dealer**" means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in Hong Kong; and
- (x) "**Spot Rate**" means, for a Rate Calculation Date, the spot USD/CNY exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter Renminbi exchange market in Hong Kong, as determined by the Calculation Agent at or around 11.00 a.m. (Hong Kong time) on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Calculation Agent will determine the spot rate at or around 11.00 a.m. (Hong Kong time) on the Rate Calculation Date as the most recently available USD/CNY official fixing rate for settlement on the due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 9.4(f) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Paying Agents and all Holders of Instruments and Holders of Coupons.

(g) ***Alternative Currency***

If the Issuer is due to make a payment in another currency (the "**Original Currency**") in respect of any Instruments or Coupons and the Original Currency is not available on the foreign exchange markets due to the imposition of exchange controls, the Original Currency's replacement or disuse or other circumstances beyond the Issuer's control, the Issuer will be entitled to satisfy its obligation in respect of such payment by making payment in another currency (the "**Alternative Currency**") and at an exchange rate determined by the Calculation Agent in its sole discretion, acting in good faith and in a commercially reasonable manner. Any payment made by the Issuer under such circumstances in the Alternative Currency shall constitute valid payment and shall not constitute an Event of Default under Condition 7.

10. **Prescription**

10.1 Claims against the Issuer for payment of principal and interest in respect of Instruments will be prescribed and become void unless made, in the case of principal, within ten years or, in the case of interest, five years after the Relevant Date (as defined in Condition 8.2) for payment thereof.

10.2 In relation to Definitive Bearer Instruments initially delivered with Talons attached thereto, there shall not be included in any Coupon sheet issued upon exchange of a Talon any Coupon which would be void upon issue pursuant to Condition 9.1(f) or the due date for the payment of which would fall after the due date for the redemption of the relevant Instrument or which would be void pursuant to this Condition 10 or any Talon the maturity date of which would fall after the due date for redemption of the relevant Instrument.

11. **The Paying Agents, the Foreign Exchange Agent, the Registrars, the VPS Account Operator, the VPS Trustee, the Transfer Agents and the Calculation Agent**

11.1 The initial Paying Agents, the Foreign Exchange Agent, Registrars and the Transfer Agents and their respective initial specified offices are specified below. The Calculation Agent in respect of any Instruments shall be specified in the relevant Final Terms. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent (including the Issue and Paying Agent), the Foreign Exchange Agent, the Registrar, the VPS Account Operator, the VPS Trustee, the Transfer Agent or the Calculation Agent and to appoint additional or other Paying Agents or another Registrar, Foreign Exchange Agent, VPS Account Operator, Transfer Agent or Calculation Agent *provided that* it will at all times maintain (i) an Issue and Paying Agent, (ii) in the case of Registered Instruments or VPS Instruments, a Registrar, (iii) in the case of VPS Instruments, a VPS Account Operator and a VPS Trustee, (iv) a Paying Agent (which may be the Issue and Paying Agent) with a specified office in a continental European city, (v) in the circumstances described in Condition 9.1(d), a Paying Agent with a specified office in New York City, (vi) for so long as any of the Global Registered Instruments payable in a Specified Currency other than U.S. dollars are held through DTC or its nominee, there will at all times be a Foreign Exchange Agent and (vii) a Calculation Agent where required by the Conditions applicable to any Instruments (in the case of (i), (ii), (iii) and (vii) with a specified office located in such place (if any) as may be required by the Conditions). The Paying Agents, the Foreign Exchange Agent, the Registrars, the VPS Account Operator, the VPS Trustee, the Transfer Agents and the Calculation Agent reserve the right at any time to change their respective specified offices to some other specified office in the same city. Notice of all changes in the identities or specified offices of any Paying Agent, the Foreign Exchange Agent, the Registrars, the VPS Account Operator, the VPS Trustee, the Transfer Agents or the Calculation Agent will be given promptly by the Issuer to the Holders in accordance with Condition 14.

11.2 The Paying Agents, the Foreign Exchange Agent, the Registrars, the VPS Account Operator, the VPS Trustee, the Transfer Agents and the Calculation Agent act solely as agents of the Issuer and, save as provided in the Issue and Paying Agency Agreement, the VPS Agreement, the VPS Trustee Agreement or any other agreement entered into with respect to its appointment, do not assume any obligations towards or relationship of agency or trust for any Holder of any Instrument, Receipt or Coupon and each of them shall only be responsible for the performance of the duties and obligations expressly imposed upon it in the Issue and Paying Agency Agreement, the VPS Agreement, the VPS Trustee Agreement or other agreement entered into with respect to its appointment or incidental thereto.

11.3 The VPS Trustee Agreement contains provisions for the indemnification of the VPS Trustee and for its relief from responsibility, including provisions relieving it from taking action unless funded, indemnified and/or secured to its satisfaction.

12. **Replacement of Instruments**

If any Instrument, Receipt or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Issue and Paying Agent or such Paying Agent or Paying Agents as may be specified for such purpose in the relevant Final Terms (in the case of Bearer Instruments and Coupons) or of the relevant Registrar or any of the Transfer Agents (in the case of Registered Instruments) ("**Replacement Agent**"), subject to all applicable laws and the

requirements of any stock exchange on which the Instruments are listed, upon payment by the claimant of all expenses incurred in connection with such replacement and upon such terms as to evidence, security, indemnity and otherwise as the Issuer and the Replacement Agent may require. Mutilated or defaced Instruments, Receipts and Coupons must be surrendered before replacements will be delivered therefore.

13. Meetings of Holders and Modification

13.1 The Issue and Paying Agency Agreement contains provisions (which shall have effect as if incorporated herein) for convening meetings of the Holders of Instruments (other than VPS Instruments) of any Series to consider any matter affecting their interest, including (without limitation) the modification by Extraordinary Resolution of these Conditions and the Deed of Covenant in so far as the same may apply to such Instruments. An Extraordinary Resolution passed at any meeting of the Holders of Instruments of any Series will be binding on all Holders of the Instruments of such Series, whether or not they are present at the meeting, and on all Holders of Coupons relating to Instruments of such Series.

"**Extraordinary Resolution**" means a resolution passed at a meeting of Holders of Instruments (whether originally convened or resumed following an adjournment) duly convened and held in accordance with Schedule 6 (*Provisions for Meetings of the holders of Bearer Instruments*) of the Issue and Paying Agency Agreement by a majority of not less than three quarters of the votes cast.

13.2 The Issuer may, with the consent of the Issue and Paying Agent or the VPS Account Operator or the VPS Trustee, as the case may be, but without the consent of the Holders of the Instruments of any Series or Coupons, amend these Conditions and the Deed of Covenant in so far as they may apply to such Instruments to correct a manifest error. Subject as aforesaid, no other modification may be made to these Conditions or the Deed of Covenant except with the sanction of an Extraordinary Resolution.

13.3 The VPS Trustee Agreement provides that the Issuer and the VPS Trustee (acting on behalf of the Holders of the VPS Instruments) may agree to amend the VPS Trustee Agreement or the VPS Note Conditions (as set out in the VPS Trustee Agreement) without prior approval of the affected Holders of VPS Instruments, *provided that* (i) such amendment is not detrimental to the rights and benefits of the affected Holders of VPS Instruments in any material respect, or is made solely for the purpose of rectifying obvious errors and mistakes or (ii) such amendment or waiver is required by applicable law, a court ruling or a decision by a relevant authority. Additionally, the VPS Trustee acts with binding effect on behalf of all Holders of VPS Instruments.

13.4 Condition 5.18 provides that Holders of Instruments shall not be required to consent to the effecting of a Successor Rate or Alternative Reference Rate (as applicable) pursuant to Condition 5.18.

14. Notices

To Holders of Bearer Instruments

14.1 Notices to Holders of Bearer Instruments will, save where another means of effective communication has been specified herein or in the relevant Final Terms, be deemed to be validly given if (i) published in a leading daily newspaper having general circulation in London (which is expected to be the *Financial Times*) and (ii) in the case of any Instruments which are admitted to trading on the regulated market of the Luxembourg Stock Exchange (so long as such Instruments are admitted to trading on the regulated market of the Luxembourg Stock Exchange and the rules of that exchange so require), in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or published on the website of the Luxembourg Stock Exchange (www.bourse.lu) or, in either case, if such publication is not practicable, published in a leading English language daily newspaper having general circulation in Europe. The Issuer shall also ensure that notices are duly published in compliance with the requirements of each stock exchange on which the Instruments are listed. Any notice so given will be deemed to have been validly given on the date of first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Holders of Coupons will be deemed for all purposes to have notice of the contents of any notice given to Holders of Bearer Instruments in accordance with this Condition 14.

To Holders of Registered Instruments

- 14.2 Notices to Holders of Registered Instruments will be deemed to be validly given if sent by first class mail (or equivalent) or (if posted to an overseas address) by air mail to them (or, in the case of joint Holders, to the first-named in the register kept by the relevant Registrar) at their respective addresses as recorded in the register kept by the relevant Registrar, and will be deemed to have been validly given on the fourth weekday after the date of such mailing or, if posted from another country, on the fifth such day. With respect to Registered Instruments admitted to trading on the regulated market of the Luxembourg Stock Exchange, any notices to Holders must also be published in a Luxembourg newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or published on the website of the Luxembourg Stock Exchange (*www.bourse.lu*) and, in addition to the foregoing, will be deemed validly given only after the date of such publication.

To Holders of VPS Instruments

- 14.3 Notices to Holders of VPS Instruments will be deemed to be validly given if given in accordance with the rules and procedures of the VPS and will be given in accordance with the provisions of the VPS Trustee Agreement.

15. Further Issues

The Issuer may from time to time, without the consent of the Holders of any Instruments or Coupons, create and issue further instruments, bonds or debentures having the same terms and conditions as such Instruments in all respects (or in all respects except for the first payment of interest, if any, on them and/or the denomination thereof) so as to form a single series with the Instruments of any particular Series even if further Instruments have original issue discount for U.S. federal income tax purposes and even if doing so may adversely affect the value of the original Instruments.

16. Currency Indemnity

The currency in which the Instruments are denominated or, if different, payable, as specified in the relevant Final Terms (the "**Contractual Currency**"), is the sole currency of account and payment for all sums payable by the Issuer in respect of the Instruments, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Holder of an Instrument or Coupon in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the Contractual Currency which such Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that amount is less than the amount in the Contractual Currency expressed to be due to any Holder of an Instrument or Coupon in respect of such Instrument or Coupon the Issuer shall indemnify such Holder against any loss sustained by such Holder as a result. In any event, the Issuer shall indemnify each such Holder against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Holder of an Instrument or Coupon and shall continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Instruments or any judgment or order. Any such loss aforesaid shall be deemed to constitute a loss suffered by the relevant Holder of an Instrument or Coupon and no proof or evidence of any actual loss will be required by the Issuer.

17. Waiver and Remedies

No failure to exercise, and no delay in exercising, on the part of the Holder of any Instrument, any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise thereof or the exercise of any other right. Rights hereunder shall be in addition to all other rights provided by law. No notice or demand given in any case shall

constitute a waiver of rights to take other action in the same, similar or other instances without such notice or demand.

18. Rights of Third Parties

A person who is not a Holder of an Instrument or Coupon has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of such Instrument or Coupon.

19. Law and Jurisdiction

19.1 The Instruments, the Issue and Paying Agency Agreement, the Deed of Covenant and any non-contractual obligations arising out of or in connection with them are governed by English law except for Condition 3.2 which shall be governed by Norwegian law. The VPS Agreement and the VPS Trustee Agreement are governed by Norwegian law. VPS Instruments must comply with the Norwegian Securities Register Act of 5 July 2002 no. 64, as amended from time to time and the Holders of VPS Instruments will be entitled to the rights and are subject to the obligations and liabilities which arise under this Act and any related regulations and legislation.

19.2 The Issuer irrevocably agrees for the benefit of the Holders of the Instruments that the courts of England shall have exclusive jurisdiction to hear and determine any suit, action or proceedings, and to settle any disputes, which may arise out of or in connection with the Instruments (respectively, "**Proceedings**" and "**Disputes**") and, for such purposes, irrevocably submits to the jurisdiction of such courts.

19.3 The Issuer irrevocably waives any objection which it might now or hereafter have to the courts of England being nominated as the forum to hear and determine any Proceedings and to settle any Disputes and agrees not to claim that any such court is not a convenient or appropriate forum.

19.4 The Issuer agrees that the process by which any proceedings in England are begun may be served on it by being delivered to the Royal Norwegian Embassy at 25 Belgrave Square, London SW1X 8QD or, if different, its registered office for the time being or any address of the Issuer in Great Britain on which process may be served on it in accordance with the Companies Act 2006. If the appointment of the person mentioned in this Condition 19.4 ceases to be effective, the Issuer shall forthwith appoint a further person in England to accept service of process on its behalf in England and notify the name and address of such person to the Issue and Paying Agent and, failing such appointment within fifteen days, any Holder of an Instrument shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the specified office of the Issue and Paying Agent. Nothing contained herein shall affect the right of any Holder of an Instrument to serve process in any other manner permitted by law.

19.5 The submission to the jurisdiction of the courts of England shall not (and shall not be construed so as to) limit the right of the Holders of the Instruments or any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of proceedings in any one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not) if and to the extent permitted by applicable law.

19.6 The Issuer consents generally in respect of any Proceedings to the giving of any relief or the issue of any process in connection with such Proceedings including (without limitation) the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment which may be made or given in such Proceedings.

19.7 To the extent that the Issuer may in any jurisdiction claim for itself or its assets or revenues immunity from suit, execution, attachment (whether in aid of execution, before judgment or otherwise) or other legal process and to the extent that in any such jurisdiction there may be attributed to itself or its assets or revenues such immunity (whether or not claimed), the Issuer agrees not to claim and irrevocably waives such immunity to the full extent permitted by the laws of such jurisdiction.

20. Acknowledgement of Bail-in and Loss Absorption Powers

Notwithstanding and to the exclusion of any other term of the Instruments or any other agreements, arrangements or understanding between the Issuer and any Holders of Instruments (which, for the

purposes of this Condition 20, includes each Holder of a beneficial interest in the Instruments), by its acquisition of an Instrument, each Holder of Instrument acknowledges and accepts that any liability arising under the Instruments may be subject to the exercise of Bail-in and Loss Absorption Powers by the Relevant Resolution Authority and acknowledges, accepts, consents to and agrees to be bound by:

- (a) the effect of the exercise of any Bail-in and Loss Absorption Powers by the Relevant Resolution Authority, which exercise (without limitation) may include and result in any of the following, or a combination thereof:
 - (i) the reduction of all, or a portion, of the Relevant Amounts in respect of the Instruments on a permanent basis;
 - (ii) the conversion of all, or a portion, of the Relevant Amounts in respect of the Instruments into shares, other securities or other obligations of the Issuer or another person, and the issue to or conferral on the Holders of Instruments of such shares, securities or obligations, including by means of an amendment, modification or variation of the terms of the Instruments;
 - (iii) the cancellation of the Instruments or the Relevant Amounts in respect of the Instruments; and
 - (iv) the amendment or alteration of the perpetual nature of the Instruments or amendment of the amount of interest payable on the Instruments, or the date on which interest becomes payable, including by suspending payment for a temporary period; and
- (b) the variation of the terms of the Instruments, as deemed necessary by the Relevant Resolution Authority, to give effect to the exercise of any Bail-in and Loss Absorption Powers by the Relevant Resolution Authority.

In these Conditions:

"Bail-in and Loss Absorption Powers" means any loss absorption, write-down, conversion, transfer, modification, suspension or similar or resolution related power existing from time to time under, and exercised in compliance with, any laws, regulations, rules or requirements in effect in the Kingdom of Norway, relating to (i) the transposition of the BRRD and (ii) the instruments, rules and standards created under the BRRD, and/or within the context of a Norwegian resolution regime under the Financial Institutions Act, as the same has been or may be amended from time to time, pursuant to which any obligation of the Issuer can be reduced, cancelled, modified, or converted into shares, other securities or other obligations of the Issuer or any other person (or suspended for a temporary period).

"BRRD" means Directive 2014/59/EU of 15 May 2014 establishing the framework for the recovery and resolution of credit institutions and investment firms, as the same may be amended or replaced from time to time.

"Relevant Amounts" means the outstanding principal amount of the Instruments, together with any accrued but unpaid interest and additional amounts due on the Instruments. 21. **Index Linked Instruments**

21.1 **Interpretation**

Under the Programme, an Index Linked Instrument shall be an Instrument where the Interest Rate, automatic early redemption and/or Maturity Redemption Amount shall be calculated or determined by reference to a single index or a basket of indices, including, without limitation, (i) Instruments

in respect of which all or any of the interest amounts are linked to a specified index or basket of specified indices, (ii) Instruments in respect of which automatic early redemption and/or final redemption are linked to a specified index or basket of specified indices, or (iii) any combination of the foregoing. If the relevant Final Terms provide that the relevant Instruments are Index Linked Instruments, the terms and conditions applicable to Index Linked Instruments are the Conditions, including the terms and conditions for Index Linked Instruments set out in this Condition 21 (the "**Index Linked Conditions**"), as completed by the relevant Final Terms. In the event of any inconsistency between the Conditions and the Index Linked Conditions, the Index Linked Conditions shall prevail.

21.2 *Definitions*

For the purposes of these Index Linked Conditions:

"Automatic Early Redemption Amount" means the Automatic Early Redemption Amount specified in the relevant Final Terms.

"Automatic Early Redemption Date" means each Automatic Early Redemption Date specified in the relevant Final Terms.

"Automatic Early Redemption Valuation Date" means each Automatic Early Redemption Valuation Date specified in the relevant Final Terms, or if that is not a Scheduled Trading Day or is a Disrupted Day, then the provisions related to a Disrupted Day in the definition "Valuation Date" shall apply as if the relevant Automatic Early Redemption Valuation Date were a Valuation Date.

"Barrier Event" shall be either Barrier Event (closing) or Barrier Event (intraday), as specified in the relevant Final Terms.

"Barrier Event (closing)" shall be deemed to have occurred if:

- (a) where the Index Linked Instruments relate to a single Index, the Calculation Agent determines in its sole and absolute discretion that the Index Level of the Index as of the Barrier Event Valuation Time (closing) on any Barrier Event Determination Day is (x) less than or equal to or (y) less than, as specified in the relevant Final Terms, the corresponding Barrier Level for the Index on such Barrier Event Determination Day.
- (b) where the Index Linked Instruments relate to a Basket of Indices, the Calculation Agent determines in its sole and absolute discretion that the Index Level of at least one of the Indices as of the Barrier Event Valuation Time (closing) on any Barrier Event Determination Day is (x) less than or equal to or (y) less than, as specified in the relevant Final Terms, the corresponding Barrier Level for such Index on such Barrier Event Determination Day.

"Barrier Event (intraday)" shall be deemed to have occurred if:

For the purpose of determining whether a Barrier Event (intraday) has occurred on any day, the definition of Market Disruption Event specified in these Index Linked Conditions shall be amended such that (i) all references to **"during the one hour period that ends at the relevant Valuation Time"** shall be deleted, and (ii) if Early Closure is specified to apply in the relevant Final Terms, in the definition of **"Early Closure"** appearing in these Index Linked Conditions, each reference to **"Valuation Time"** and **"Scheduled Closing Time"** shall be construed as a reference to **"Barrier Event Valuation Time (intraday)"**.

"Barrier Event Determination Day" means, in respect of each Index and each Observation Period:

- (a) if the relevant Final Terms provide that the Barrier Event (intraday) provisions shall apply, either:

 - (ii) each day on which the level of such Index is published and/or disseminated by the Index Sponsor during such Observation Period, regardless of whether or not such day is a Disrupted Day for such Index (and if the Calculation Agent in its sole and absolute discretion determines that a Market Disruption Event is occurring at any time on any Barrier Event Determination Day, it shall disregard the period during which it determines in its sole and absolute discretion that such Market Disruption Event has occurred and is continuing for the purposes of determining whether or not a Barrier Event (intraday) has occurred),

as specified in the relevant Final Terms; or

- (b) in relation to an Index which is specified in the relevant Final Terms as being a Multi-Exchange Index, (i) for the purposes of determining whether a Market Disruption Event has occurred: (x) in respect of any Component Security, the Scheduled Closing Time on the relevant Exchange and (y) in respect of any options contracts or futures contracts on the Index, the close of trading on the relevant Related Exchange, and (ii) in all other circumstances, the time at which the official closing level of the Index is calculated and published by the Index Sponsor.

- (i) where the Index Linked Instruments relate to a single Index, the Index Final of the Index is (x) equal to or higher than or (y) higher than, as specified in the relevant Final Terms, the Knock-out Price; or

Where the Index Linked Instruments relate to a Basket of Indices, the Index Linked Redemption Formula is one of the items (I) through (IV) below as specified in the Final Terms.

(I) The Maturity Redemption Amount per Calculation Amount payable on the Maturity Date shall be calculated by the Calculation Agent in accordance with the following:

- (i) if the Barrier Event has not occurred, the Maturity Redemption Amount per Calculation Amount shall be the Calculation Amount;

Calculation Amount x (Final Index Final of Reference Index /Strike Price of Reference Index).

In the event that the level of the Index published by the Index Sponsor and which is utilised for the calculation of the Index Final or the determination of the occurrence of a Barrier Event or an Automatic Early Redemption Event, is corrected or subsequently corrected and the correction is published by the Index Sponsor as a replacement to the level of the Index on the original date of publication or, if specified in the relevant Final Terms, on any date thereafter until the Correction Publication Cut-Off Date, then the Calculation Agent shall use such corrected level of the Index instead of the level of the Index that was originally published.

21.6 *Discontinuance of the Index/Alteration of Method of Calculation*

If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (such successor sponsor will be deemed to be the Index Sponsor) acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then in each case that index (the "**Successor Index**") will be deemed to be the Index.

If (a) on or prior to the Base Price Fixing Date, any Valuation Date or any Scheduled Trading Day during the Observation Period, the Index Sponsor (or its successor) announces that it will make a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent stock and capitalisation and other routine events) (an "**Index Modification**") or permanently cancels the Index and no Successor Index exists (an "**Index Cancellation**") or (b) on the Base Price Fixing Date, any Valuation Date or any Scheduled Trading Day during the Observation Period, the Index Sponsor or a successor sponsor fails to calculate and announce the Index (an "**Index Disruption**" and together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then:

- (i) the Calculation Agent shall determine if any such Index Adjustment Event has a material effect on the Instruments and, if so, shall calculate the level of the Index, using, in lieu of a published level for the Index, the level for the Index as at the relevant time as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change, failure or cancellation but using only those securities that comprised the Index immediately prior to such Index Adjustment Event, or
- (ii) if the Calculation Agent determines, in its reasonable commercial discretion, that the application of the preceding paragraph would not achieve a commercially reasonable result, the Calculation Agent may determine that the Instruments shall be redeemed, in which event the Issuer will, on giving not less than 3 nor more than 20 Business Days' notice to Holders of Instruments in accordance with Condition 14, redeem all but not some only of the Instruments, each Instrument being redeemed by payment of an amount equal to the fair market value of the Instrument taking into account the Index Adjustment Event, less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements (including, without limitation, any equity options hedging the Issuer's obligations under the Instruments), all as determined by the Calculation Agent in its sole discretion. Payments will be made in such manner as shall be notified to Holders of Instruments in accordance with Condition 14.

21.7 *Additional Disruption Events*

- (a) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:
 - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to the multiplier and/or any of the other terms of these Conditions and/or the relevant Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or

- (ii) redeem the Instruments by giving notice to the Holders of Instruments in accordance with Condition 14. If the Instruments are so redeemed the Issuer will pay an amount to each Holder of Instrument in respect of each Instrument held by him which amount shall be the fair market value of the Instrument taking into account the Additional Disruption Event less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders of Instruments in accordance with Condition 14.
- (b) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 14 stating the occurrence of the Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.

21.8 ***Calculations Binding***

The Calculation Agent has been appointed as such in order to determine in its sole discretion the calculations with respect to certain amounts payable under the Instruments and the determination with respect to certain events as more fully specified herein in accordance with the calculation agency agreement entered into between the Issuer and the Calculation Agent which constitutes the "Calculation Agency Agreement". All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the determinations by the Calculation Agent shall, in the absence of manifest error, be binding on the Issuer, the Issue and Paying Agent, the other Paying Agents and the Holders and (in the absence as aforesaid) no liability to the Issuer or the Holders shall attach to the Calculation Agent in connection with the exercise by it of its powers, duties and discretion pursuant to the provisions therein. Any notice to be given by the Calculation Agent shall be deemed to have been given if given in accordance with the Calculation Agency Agreement. The Calculation Agent shall notify the Issue and Paying Agent, the Issuer, and in the case of VPS Instruments, the VPS and the VPS Account Operator of the results of all calculations and determinations conducted or made pursuant to the provisions in these Index Linked Conditions as soon as practicably possible. The Issue and Paying Agent shall give notice to the Holders in accordance with Condition 14 as soon as practicable thereafter.

Failure by the Calculation Agent to notify the parties of the occurrence of certain events shall not affect the validity of the occurrence and effect of such determination.

22. **Share Linked Instruments**

22.1 ***Interpretation***

Under the Programme, a Share Linked Instrument shall be an Instrument where the Interest Rate, automatic early redemption and/or Maturity Redemption Amount shall be calculated or determined by reference to a single share or a basket of shares, and including, without limitation, (i) Instruments in respect of which all or any of the interest amounts are linked to a specified share or basket of specified shares, (ii) Instruments in respect of which automatic early redemption and/or final redemption are linked to a specified share or basket of specified shares, or (iii) any combination of the foregoing. If the relevant Final Terms provide that the relevant Instruments are Share Linked Instruments, the terms and conditions applicable to Share Linked Instruments are the Conditions, including the terms and conditions for Share Linked Instruments set out in this Condition 22 (the "**Share Linked Conditions**"), as completed by the relevant Final Terms. In the event of any inconsistency between the Conditions and the Share Linked Conditions, the Share Linked Conditions shall prevail.

22.2 ***Definitions***

For the purposes of these Share Linked Conditions:

"**Additional Disruption Event**" means, if so specified in the relevant Final Terms, (i) a Change in Law, (ii) a Hedging Disruption and/or (iii) Increased Cost of Hedging.

"Automatic Early Redemption Amount" means the Automatic Early Redemption Amount specified in the relevant Final Terms.

"Automatic Early Redemption Date" means each Automatic Early Redemption Date specified in the relevant Final Terms.

"Automatic Early Redemption Valuation Date" means each Automatic Early Redemption Valuation Date specified in the relevant Final Terms, or if that is not a Scheduled Trading Day or is a Disrupted Day, then the provisions related to a Disrupted Day in the definition "Valuation Date" shall apply as if the relevant Automatic Early Redemption Valuation Date were a Valuation Date.

"Barrier Event" shall be either Barrier Event (closing) or Barrier Event (intraday), as specified in the relevant Final Terms.

"Barrier Event (closing)" shall be deemed to occur if:

- (a) where the Share Linked Instruments relate to a single Share, the Calculation Agent determines in its sole and absolute discretion that the Share Price of any Share as of the Barrier Event Valuation Time (closing) on any Barrier Event Determination Day is (x) less than or equal to or (y) less than, as specified in the relevant Final Terms, the corresponding Barrier Level for such Share on such Barrier Event Determination Day;
- (b) where the Share Linked Instruments relate to a Basket of Shares, the Calculation Agent determines in its sole and absolute discretion that the Share Price of at least one of the Shares as of the Barrier Event Valuation Time (closing) on any Barrier Event Determination Day is (x) less than or equal to or (y) less than, as specified in the relevant Final Terms, the corresponding Barrier Level for such Share on such Barrier Event Determination Day.

"Barrier Event (intraday)" shall be deemed to occur if:

- (a) where the Share Linked Instruments relate to a single Share, the Calculation Agent determines in its sole and absolute discretion that the Share Price of such Share as of the Barrier Event Valuation Time (intraday) on any Barrier Event Determination Day is (x) less than or equal to or (y) less than, as specified in the relevant Final Terms, the corresponding Barrier Level for such Share on such Barrier Event Determination Day; or
- (b) where the Share Linked Instruments relate to a Basket of Shares, the Calculation Agent determines in its sole and absolute discretion that the Share Price of at least one of the Shares as of the Barrier Event Valuation Time (intraday) on any Barrier Event Determination Day is (x) less than or equal to or (y) less than, as specified in the relevant Final Terms, the corresponding Barrier Level for such Share on such Barrier Event Determination Day.

For the purpose of determining whether a Barrier Event (intraday) has occurred on any day, the definition of Market Disruption Event specified in these Share Linked Condition shall be amended such that (i) all references to **"during the one hour period that ends at the Valuation Time"** shall be deleted, and (ii) if Early Closure is specified to apply in the relevant Final Terms, in the definition of **"Early Closure"** appearing in these Share Linked Conditions, each reference to **"Valuation Time"** and **"Scheduled Closing Time"** shall be construed as a reference to **"Barrier Event Valuation Time (intraday)"**.

"Barrier Event Determination Day" means, in respect of each Share and each Observation Period:

- (a) if the relevant Final Terms provide that the Barrier Event (intraday) provisions shall apply:
 - (i) each day on which the price of such Share is quoted on the relevant Exchange during such Observation Period that is not a Disrupted Day;

- (ii) each day on which the price of such Share is quoted on the relevant Exchange during such Observation Period, regardless of whether or not such day is a Scheduled Trading Day for such Share (and, for the avoidance of doubt, if the Calculation Agent in its sole and absolute discretion determines that a Market Disruption Event is occurring at any time on any Barrier Event Determination Day, it shall disregard the period during which it determines in its sole and absolute discretion that such Market Disruption Event has occurred and is continuing for the purposes of determining whether or not a Barrier Event (intraday) has occurred); or
- (iii) each Scheduled Trading Day on which the price of such Share is quoted on the relevant Exchange during such Observation Period (and, for the avoidance of doubt, if the Calculation Agent in its sole and absolute discretion determines that a Market Disruption Event is occurring at any time on any Barrier Event Determination Day, it shall disregard the period during which it determines in its sole and absolute discretion that such Market Disruption Event has occurred and is continuing for the purposes of determining whether or not a Barrier Event (intraday) has occurred),

as specified in the relevant Final Terms; or

- (b) if the relevant Final Terms provide that the Barrier Event (closing) provisions shall apply, either:
 - (i) each Scheduled Trading Day for such Share during such Observation Period that is not a Disrupted Day for such Share; or
 - (ii) each Scheduled Trading Day for such Share during such Observation Period that is not a Disrupted Day for such Share; provided however that if any Scheduled Trading Day during the Observation Period is a Disrupted Day, then the Calculation Agent may (but is not required to) determine its good faith estimate of the level of the Shares during that Disrupted Day,

as specified in the relevant Final Terms.

"Barrier Event Valuation Time (closing)" means, in respect of each Share to be valued, the Scheduled Closing Time on the relevant Exchange on the relevant Barrier Event Determination Day. If the relevant Exchange closes prior to its Scheduled Closing Time, then the Barrier Event Valuation Time (closing) shall be such actual closing time.

"Barrier Event Valuation Time (intraday)" means any time during the regular trading session (without regard to any after hours or any other trading outside of the regular session) on the Exchange.

"Barrier Level" means, in respect of a Share, a price equal to the Base Price multiplied by such percentage figure as is specified in the relevant Final Terms or any other price for such Share as is specified in the relevant Final Terms. In the case of a Share traded on the Tokyo Stock Exchange, the Barrier Level shall be either (i) subject to no rounding, (ii) rounded down to the nearest whole Japanese Yen, (iii) rounded to the nearest whole Japanese Yen with JPY 0.5 being rounded upwards, (iv) rounded to the nearest two decimal places with JPY 0.005 being rounded upwards or (v) rounded down to the nearest two decimal places, as specified in the relevant Final Terms.

"Barrier Level 1" means, in respect of a Share, a price equal to the Base Price multiplied by such percentage figure as is specified in the relevant Final Terms or any other price for such Share as is specified in the relevant Final Terms. In the case of a Share traded on the Tokyo Stock Exchange, the Barrier Level shall be either (i) subject to no rounding, (ii) rounded down to the nearest whole Japanese Yen, (iii) rounded to the nearest whole Japanese Yen with JPY 0.5 being rounded upwards, (iv) rounded to the nearest two decimal places with JPY 0.005 being rounded upwards or (v) rounded down to the nearest two decimal places, as specified in the relevant Final Terms.

"Barrier Level 2" means, in respect of a Share, a price equal to the Base Price multiplied by such percentage figure as is specified in the relevant Final Terms or any other price for such Share as is

specified in the relevant Final Terms. In the case of a Share traded on the Tokyo Stock Exchange, the Barrier Level shall be either (i) subject to no rounding, (ii) rounded down to the nearest whole Japanese Yen, (iii) rounded to the nearest whole Japanese Yen with JPY 0.5 being rounded upwards, (iv) rounded to the nearest two decimal places with JPY 0.005 being rounded upwards or (v) rounded down to the nearest two decimal places, as specified in the relevant Final Terms.

"Base Price" means, in respect of a Share and a time on a Scheduled Trading Day and subject to these Share Linked Conditions, the price of such Share which may be equal to either (I), (II) or (III) below, as specified in the relevant Final Terms:

(I) the Volume Weighted Average Price of the Share on the Exchange on the Base Price Fixing Date as determined by the Calculation Agent in its sole discretion, (i) rounded down, (ii) rounded up or (iii) rounded, to the nearest whole number or any number of decimal places (in case of (iii), with half of such whole number or number of decimal places, as applicable, being rounded up) as specified in the relevant Final Terms,

(II) (in case of a Share traded on the Tokyo Stock Exchange) the Volume Weighted Average Price of the Share on the Exchange of the regular morning session on the Base Price Fixing Date as determined by the Calculation Agent in its sole discretion, provided that there is no Market Disruption Event in the morning session of such date, rounded to the nearest whole Japanese Yen with JPY 0.5 being rounded upwards. If the Calculation Agent determines, in its sole discretion, that in the morning session of such date a Market Disruption Event has occurred, then the Base Price shall be determined as such Volume Weighted Average Price during the earliest of the following sessions in which there is no Market Disruption Event: (i) the immediately following afternoon session of the same date (ii) the morning session of the next Exchange Business Day and (iii) the afternoon session of such same Exchange Business Day in (ii) above. If it is not possible to determine the Base Price as set out above then the Calculation Agent shall determine the Base Price in its sole discretion in good faith and acting in a commercially reasonable manner, or

(III) the price of such Share at such time as specified in the relevant Final Terms on the Base Price Fixing Date as determined by the Calculation Agent.

"Base Price Fixing Date" means the date specified in the relevant Final Terms; *provided that*,

- (a) where the Share Linked Instruments relate to a single Share, either (i), (ii) or (iii) below, as specified in the relevant Final Terms:
- (i) if the initially scheduled Base Price Fixing Date is a Disrupted Day, the Base Price Fixing Date shall be the immediately following Scheduled Trading Day that is not a Disrupted Day, unless each of the Scheduled Trading Days up to and including the Base Price Valuation Cut-Off Date is a Disrupted Day. In that case, the Base Price Valuation Cut-Off Date shall be deemed to be the Base Price Fixing Date, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine in its sole and absolute discretion the Base Price of the Share by reference to such sources as it deems appropriate; or
 - (ii) if the initially scheduled Base Price Fixing Date is not an Exchange Business Day, the Base Price Fixing Date shall be the Exchange Business Day immediately following the initially scheduled Base Price Fixing Date; or
 - (iii) if the initially scheduled Base Price Fixing Date is a Disrupted Day or not an Exchange Business Day, the Base Price Fixing Date shall be the immediately following Scheduled Trading Day that is not a Disrupted Day, unless each of the Scheduled Trading Days up to and including the Base Price Valuation Cut-Off Date is a Disrupted Day or not an Exchange Business Day. In that case, the Base Price Valuation Cut-Off Date shall be deemed to be the Base Price Fixing Date, notwithstanding the fact that such day is a Disrupted Day or not an Exchange Business Day, and the Calculation Agent shall determine in its sole and absolute discretion the Base Price of the Share by reference to such sources as it deems appropriate; or

- (b) where the Share Linked Instruments relate to a Basket of Shares, either (i) or (ii) below, as specified in the relevant Final Terms:
- (i) if the initially scheduled Base Price Fixing Date is a Disrupted Day in relation to any Share, the Base Price Fixing Date shall be the immediately following Scheduled Trading Day that is not a Disrupted Day for each of the Shares, unless each of the Scheduled Trading Days up to and including the Base Price Valuation Cut-Off Date is a Disrupted Day in relation to any Shares. In that case, such Base Price Valuation Cut-Off Date shall be deemed to be the Base Price Fixing Date, notwithstanding the fact that such day is a Disrupted Day for any Shares, and the Calculation Agent shall determine in its sole and absolute discretion the Base Price of each of the Shares by reference to such sources as it deems appropriate; or

- (II) redeem all Instruments on or prior to the Maturity Date by (x) paying *pro rata* to the Holders a cash amount in the Cash Settlement Currency which, the Calculation Agent determines in its sole and absolute discretion, is equal to the fair economic value of the Share Linked Instruments taking into account the Nationalisation, De-Listing or Insolvency, as the case may be, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements or (y) physical delivery of the Deliverable Number of the Shares plus a cash adjustment in the Cash Settlement Currency equal to the aggregate market value (as determined by the Calculation Agent in its sole and absolute discretion) of the Shares representing less than one Minimum Delivery Lot, and further subject to Condition 26,

"Merger Date" means, in respect of a Merger Event and any relevant Shares, the date upon which all holders of Shares (other than, in the case of a takeover offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares in the case of reclassification or change of the Shares or takeover offer for the Shares, or the date upon which the consolidation, amalgamation, merger, sale or transfer in issue is to be submitted to a general meeting of shareholders for approval or the date upon which such consolidation, amalgamation, merger, sale or transfer is expected to become effective, whichever is earlier.

If the substitution of the Share should occur hereunder, references to the Shares shall be deemed to be replaced with those to the Substitute Share and the provisions herein set forth shall be applied to the Substitute Share, *mutatis mutandis*.

Furthermore, if redemption for Merger Event or (if specified as applicable in the relevant Final Terms) Tender Offer is specified as applicable in the relevant Final Terms, if the Calculation Agent determines, in its sole and absolute discretion, that it is impossible or

impractical to effect an appropriate substitution (or that no such substitution would give a commercially reasonable result), the Calculation Agent may notify the Issuer of such determination and the Issuer shall redeem the relevant Instruments by giving not less than 3 nor more than 20 Business Days' notice in full at the amount determined in good faith by the Calculation Agent in its sole discretion to be the fair economic value of the Instruments taking into account such Merger Event or Tender Offer, as the case may be, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements.

 - (ii) redeem the Instruments by giving notice to the Holders of Instruments in accordance with Condition 14. If the Instruments are so redeemed the Issuer will pay an amount to each Holder of Instrument in respect of each Instrument held by him which amount shall be the fair market value of the Instrument taking into account the Additional Disruption Event less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. - (i) after consultation with the Issuer determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to the relevant Final Terms and/or any of the Conditions to account for the Fund Event, which may include, without limitation,
 - (a) delaying any determination date (including any Valuation Date) and/or any date on which payment might otherwise have to be made under the terms of the relevant Final Terms until it determines that no Fund Event exists;
 - (b) calculating the value of an Affected Fund Interest with a replacement fund interest (the "**Replacement Fund Interest**") with a value as determined by the Calculation Agent equal to the Removal Value for the Affected Fund Interest and in a fund which in the determination of the Calculation Agent has similar characteristics, investment objectives and policies to those applicable to the Fund in respect of the Affected Fund Interest immediately prior to the occurrence of the Fund Event; or
- (ii) after consultation with the Issuer, require the Issuer to thereafter, redeem all, but not some only, of the Instruments, at the Market Value Redemption Amount.

Agent determines that a Hypothetical Investor could acquire the Replacement Fund Interest.

Upon the occurrence of a Fund Event, the Issue and Paying Agent on behalf of the Issuer shall give notice as soon as reasonably practicable to the Holders of Instruments in accordance with Condition 14 stating the occurrence of the relevant Fund Event giving details thereof and the action proposed to be taken in relation thereto, *provided that* any failure to give, or non-receipt of, such notice will not affect the validity of such action.

24.4 ***Fund Potential Adjustment Events***

- (c) an extraordinary dividend as determined by the Calculation Agent;
- (d) a repurchase by a Fund of relevant Fund Interests whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise other than where such repurchase is a redemption of Fund Interests initiated by an investor in such Fund Interests and consistent with the relevant Fund Documents; or
- (e) any other event that may have, in the opinion of the Calculation Agent, a diluting, concentrative or other on the theoretical value of relevant Fund Interests.

Following the declaration by a Fund of the terms of any Fund Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Fund Potential Adjustment Event has a diluting, concentrative or other effect on the theoretical value of the relevant Fund Interest and, if so, will make the corresponding adjustment, if any, to any one or more of any of the terms of the Conditions and/or the relevant Final Terms as the Calculation Agent in its sole and absolute discretion, determines appropriate to account for that diluting, concentrative or other effect (*provided that* no adjustments will be made to account solely for changes in volatility, expected dividends or liquidity relative to the relevant Fund Interest) and determine the effective date of that adjustment.

Upon the making of any such adjustment by the Calculation Agent, the Issue and Paying Agent on behalf of the Issuer shall give notice as soon as reasonably practicable to the Holders in accordance with Condition 14 stating the adjustment to any of the terms of the Conditions, and/or the relevant Final Terms and giving brief details of the Fund Potential Adjustment Event, *provided that* any failure to give, or non receipt of, such notice will not affect the validity of any such adjustment.

If redemption for Fund Potential Adjustment Event is specified as applicable in the relevant Final Terms, if the Calculation Agent determines, in its sole and absolute discretion, that it is impossible or impractical to determine an appropriate adjustment (or that no such adjustment would give a commercially reasonable result), the Calculation Agent may notify the Issuer of such determination and the Issuer shall redeem the relevant Instruments in full at either par or at such Instruments' Market Value Redemption Amount, as specified in the relevant Final Terms.

"Automatic Early Redemption Amount" means the Automatic Early Redemption Amount specified in the relevant Final Terms.

"Automatic Early Redemption Date" means each Automatic Early Redemption Date specified in the relevant Final Terms.

"Automatic Early Redemption Valuation Date" means each Automatic Early Redemption Valuation Date specified in the relevant Final Terms, or if that is not a Scheduled Trading Day or is a Disrupted Day, then the provisions related to a Disrupted Day in the definition "Valuation Date" shall apply as if the relevant Automatic Early Redemption Valuation Date were a Valuation Date.

"Barrier Event" shall be either Barrier Event (closing) or Barrier Event (intraday), as specified in the relevant Final Terms.

"Barrier Event Determination Day" means, in respect of each Fund Share and each Observation Period:

- (a) if the relevant Final Terms provide that the Barrier Event (intraday) provisions shall apply, either:
 - (i) each day on which the price of such Fund Share is quoted on the relevant Exchange during such Observation Period that is not a Disrupted Day; or
 - (ii) each day on which the price of such Fund Share is quoted on the relevant Exchange during such Observation Period, regardless of whether or not such day is a Scheduled Trading Day for such Fund Share (and, for the avoidance of doubt, if the Calculation Agent in its sole and absolute discretion determines that a Market Disruption Event is occurring at any time on any Barrier Event Determination Day, it shall disregard the period during which it determines in its sole and absolute discretion that such Market Disruption Event has occurred and is continuing for the purposes of determining whether or not a Barrier Event (intraday) has occurred);as specified in the relevant Final Terms; or
- (b) if the relevant Final Terms provide that the Barrier Event (closing) provisions shall apply, each Scheduled Trading Day for such Fund Share during such Observation Period that is not a Disrupted Day for such Fund Share.

- (b) where the Fund Linked Instruments relate to a Basket of Funds, the Calculation Agent determines in its sole and absolute discretion that the Fund Share Closing Price of at least one of the Fund Shares as of the Barrier Event Valuation Time (closing) on any Barrier Event Determination Day is (x) less than or equal to or (y) less than, as specified in the relevant Final Terms, the corresponding Barrier Level for such Fund Share on such Barrier Event Determination Day.

"Barrier Event (intraday)" shall be deemed to occur if:

less than, as specified in the relevant Final Terms, the corresponding Barrier Level for such Fund Share on such Barrier Event Determination Day;

- (b) where the Fund Linked Instruments relate to a Basket of Funds, the Calculation Agent determines in its sole and absolute discretion that the Fund Share Price of at least one of the Fund Shares as of the Barrier Event Valuation Time (intraday) on any Barrier Event Determination Day is (x) less than or equal to or (y) less than, as specified in the relevant Final Terms, the corresponding Barrier Level for such Fund on such Barrier Event Determination Day.

For the purpose of determining whether a Barrier Event (intraday) has occurred on any day, the definition of Market Disruption Event specified in Condition 24.6 shall be amended such that (i) all references to "during the one hour period that ends at the relevant Valuation Time" shall be deleted, and (ii) if Early Closure is specified to apply in the relevant Final Terms, in the definition of "Early Closure" appearing in this Condition 24.6, each reference to "Valuation Time" and "Scheduled Closing Time" shall be construed as a reference to "**Barrier Event Valuation Time (intraday)**".

If the Calculation Agent determines, in its sole discretion in good faith and acting in a commercially reasonable manner, that in the morning session of such date a Market Disruption Event has occurred, then the Base Price shall be determined as such Volume Weighted Average Price during the earliest of the following sessions in which there is no Market Disruption Event: (x) the immediately following afternoon session of the same date (y) the morning session of the next Exchange Business Day and (z) the afternoon session of such same Exchange Business Day in (y) above. "Early Closure" means, unless otherwise expressly specified in the relevant Final Terms the closure on any Exchange Business Day of the relevant Exchange or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Business Day, and (ii) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

If in the opinion of the Calculation Agent, Potential Adjustment Event occurs in relation to the Fund Share or the Fund, the Calculation Agent, in its sole and absolute discretion, will (i) calculate the corresponding adjustment, if any, to the relevant Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect and (ii) determine the effective date of that adjustment. Where, in the sole and absolute determination of the Calculation Agent, the Potential Adjustment Event is such that any adjustments pursuant to the foregoing would be inappropriate with regard to any hedging arrangements of the Issuer in connection

with the Instruments, the Issuer may require the Calculation Agent to treat such Potential Adjustment Event as a Material Underlying Event.

The Calculation Agent shall as soon as practicable provide details of any determinations and/or adjustments, as the case may be, made pursuant to specified in Condition 24.9 to the Issuer, the Agent and other relevant agent (including that appointed for delivery of Fund Shares). Notice of such details shall be given by the Issue and Paying Agent to the Holders in accordance with the Terms and Conditions.

If redemption for Potential Adjustment Event is specified as applicable in the relevant Final Terms, if the Calculation Agent determines, in its sole and absolute discretion, that it is impossible or impractical to determine an appropriate adjustment (or that no such adjustment would give a commercially reasonable result), the Calculation Agent may notify the Issuer of such determination and the Issuer shall redeem the relevant Instruments in full at either par or at such Instruments' Market Value Redemption Amount, as specified in the relevant Final Terms.

- (b) **"De-listing"** means, in respect of a Fund Share, that the relevant Exchange announces that pursuant to the rules of such Exchange, such Fund Share ceases (or will cease) to be listed, traded or publicly quoted on such Exchange for any reason (other than a Merger Event) and are not immediately relisted, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in a member state of the European Union).

If in the opinion of the Calculation Agent a De-listing, Insolvency Event or Material Underlying Event occurs in relation to the Fund Shares or the Fund, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to the relevant Final Terms to account for the De-listing, Insolvency Event or Material Underlying Event, as the case may be, and to determine the effective date of that adjustment; or
- (ii) redeem the Instruments by giving notice to the Holders in accordance with Condition 14. If the Instruments are so redeemed, the Issuer will pay to each Holder the Market Value Redemption Amount or the par value of the Instruments

(as specified in the relevant Final Terms) on the date notified to the Holders in accordance with Condition 14.

The Calculation Agent shall as soon as practicable provide details of any determinations and/or adjustments, as the case may be, made hereunder to the Issuer, the Delivery Agent and the Issue and Paying Agent. The Issue and Paying Agent will make such details available to the Holders at its specified office.

- (c) "**Merger Date**" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"**Merger Event**" means, if specified as applicable in the relevant Final Terms, with respect to the ETF, any (i) reclassification or change of the ETF that results in a transfer of or an irrevocable commitment to transfer all outstanding ETF, (ii) consolidation or binding ETF exchange of the Fund with or into another fund (other than a consolidation or binding ETF exchange in which the Fund is the continuing fund which does not result in a reclassification of all of such ETF outstanding) or any sale or transfer of all or substantially all of the assets or business of the Fund and for which approval of any Fund Shareholders is required, (iii) other takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any fund to purchase or otherwise obtain 100 per cent. of the outstanding ETF of the Fund that results in a transfer of or an irrevocable commitment to transfer all of such ETF (other than such ETF owned or controlled by such other fund), or (iv) consolidation or binding ETF exchange of the Fund with or into another fund in which the Fund is the continuing entity and which does not result in a reclassification or change of all such ETF outstanding but results in the outstanding ETF (other than the ETF owned or controlled by such other fund) immediately prior to such event collectively representing less than 50 per cent. of the outstanding ETF immediately following such event, in each case if the Merger Date is on or before the Final Valuation Date.

If a Merger Event occurs in relation to the ETF, the Calculation Agent shall (i) determine in its sole and absolute discretion to substitute the ETF listed on the Exchange of another issuer comparable to the Fund in terms of the business, financial conditions and other factors (the "**Substitute ETF**", which may be the units of the company that is a continuing entity as a result of the Merger Event) for the ETF and determine such terms of the Conditions and/or the relevant Final Terms as specified in the relevant Final Terms, as the Calculation Agent in its sole and absolute discretion determines appropriate, and (ii) determine the effective date of such substitution. If the substitution of the ETF should occur hereunder, references to the ETF shall be deemed to be replaced with those to the Substitute ETF and the provisions herein set forth, shall be applied to the Substitute ETF, *mutatis mutandis*.

Furthermore, if redemption for Merger Event is specified as applicable in the relevant Final Terms, if the Calculation Agent determines that such substitution that it could make under the previous two sentences will not produce a commercially reasonable result, the Instruments shall be redeemed by giving not less than 3 nor more than 20 Business Days' notice at the amount determined in good faith by the Calculation Agent in its sole discretion to be the fair economic value of the Instruments taking into account such Merger Event, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements.

If Nationalisation occurs in relation to the ETF on or prior to the Final Valuation Date, the Issuer shall redeem all Instruments (unless otherwise expressly specified in the relevant Final Terms) together with accrued interest if any, on the date as specified in the relevant Final Terms (or if not specified, the fifteenth (15th) Business Day following the

day on which the Issuer receives notices from the Calculation Agent that such Nationalisation has occurred), by paying a cash amount in the Specified Currency which, the Calculation Agent determines in its sole and absolute discretion, is equal to the fair economic value of the Instruments taking into account the Nationalisation, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements.

24.10 ***Correction of Price with respect to the ETF***

If specified as applicable in the relevant Final Terms, in the event with respect to the ETF that any price published on the Exchange or any Related Exchange and which is utilised by the Calculation Agent for any determination is subsequently corrected and the correction is published by such Exchange or Related Exchange on the day of the original publication or, if specified in the relevant Final Terms, on any date thereafter until the Correction Publication Cut-Off Date, then the Calculation Agent may make any determination by using the corrected price instead of the price originally published.

24.11 ***Calculations Binding***

The Calculation Agent has been appointed as such in order to determine in its sole discretion the calculations with respect to certain amounts payable under the Instruments and the determination with respect to certain events as more fully specified herein in accordance with the calculation agency agreement entered into between the Issuer and the Calculation Agent which constitutes the "Calculation Agency Agreement". All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the determinations by the Calculation Agent shall, in the absence of manifest error, be binding on the Issuer, the Issue and Paying Agent, the other Paying Agents and the Holders and (in the absence as aforesaid) no liability to the Issuer or the Holders shall attach to the Calculation Agent in connection with the exercise by it of its powers, duties and discretion pursuant to the provisions therein. Any notice to be given by the Calculation Agent shall be deemed to have been given if given in accordance with the Calculation Agency Agreement. The Calculation Agent shall notify the Issue and Paying Agent, the Issuer, and in the case of VPS Instruments, the VPS and the VPS Account Operator of the results of all calculations and determinations conducted or made pursuant to the provisions in these Fund Linked Conditions as soon as practicably possible. The Issue and Paying Agent shall give notice to the Holders in accordance with Condition 14 as soon as practicable thereafter.

Failure by the Calculation Agent to notify the parties of the occurrence of certain events shall not affect the validity of the occurrence and effect of such determination.

26. **Physical Delivery Instruments**

26.1 *Interpretation*

The following provisions (the "**Physical Delivery Instrument Conditions**") apply to Instruments specified as being Physical Delivery Instruments in the relevant Final Terms or where Physical Delivery is specified in the relevant Final Terms.

If specified as applicable in the relevant Final Terms, the terms and conditions applicable to Physical Delivery Instruments are the Conditions and the additional terms and conditions for Physical Delivery Instrument Conditions, in each case subject to completion by the relevant Final Terms. In the event of any inconsistency between the Conditions and the Physical Delivery Instrument Conditions, the Physical Delivery Instrument Conditions shall prevail.

26.2 *Delivery of Entitlement and Asset Transfer Notices*

(a) General

In order to obtain delivery of the Entitlement(s) in respect of any Instrument:

- (i) if such Instrument is represented by a Global Instrument, the relevant Holder must deliver to Euroclear or Clearstream, Luxembourg (as applicable), with a copy to the Delivery Agent, the Issue and Paying Agent and the Issuer not later than the close of business in each place of receipt on the Cut-Off Date, a duly completed Asset Transfer Notice substantially in the form set out in the Agency Agreement (the "**Asset Transfer Notice**"); and
- (ii) if such Instrument is in definitive form, the relevant Holder must deliver to the Delivery Agent or any Paying Agent, with a copy to the Issue and Paying Agent and the Issuer not later than the close of business in each place of receipt on the Cut-Off Date, a duly completed Asset Transfer Notice.

Forms of the Asset Transfer Notice may be obtained during normal business hours from the specified office of any Paying Agent.

An Asset Transfer Notice may only be delivered (i) if such Instrument is represented by a Global Instrument, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case may be or (ii) if such Instrument is in definitive form in writing.

If such Instrument is in definitive form, such Instrument must be delivered together with the duly completed Asset Transfer Notice.

The Delivery Agent (on behalf of the Issuer) shall at the risk of the relevant Holder deliver the Entitlement in respect of each Instrument in such commercially reasonable manner as the Delivery Agent shall, in its sole discretion, determine to be appropriate for such delivery.

All expenses including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities, transfer and/or other taxes or duties (together "**Expenses**") arising from the redemption of the Instruments and the delivery of any Entitlement shall be for the account of the relevant Holder and no delivery and/or transfer of any Entitlement shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Holder.

An Asset Transfer Notice must:

- (iii) specify the name, address and contact telephone number of the relevant Holder and the person from whom the Issuer may obtain details for the delivery of the

Entitlement if such delivery is to be made otherwise than in the manner specified in the relevant Final Terms;

- (iv) in the case of Instruments represented by a Global Instrument, specify the nominal amount of Instruments which are the subject of such notice and the number of the Holder's account at Euroclear or Clearstream, Luxembourg, as the case may be, to be debited with such Instruments and irrevocably instruct and authorise Euroclear or Clearstream, Luxembourg, as the case may be, to debit the relevant Holder's account with such Instruments on or before the Maturity Delivery Date;
- (v) include an undertaking to pay all Expenses and, in the case of Instruments represented by a Global Instrument, an authority to debit a specified account of the Holder at Euroclear or Clearstream, Luxembourg, as the case may be, in respect thereof and to pay such Expenses;
- (vi) include such details as are required by the relevant Final Terms for delivery of the Entitlement which may include account details and/or the name and address of any person(s) into whose name evidence of the Entitlement is to be registered and/or any bank, broker or agent to whom documents evidencing the Entitlement are to be delivered and specify the name and number of the Holder's account to be credited with any cash payable by the Issuer, in respect of any cash amount constituting the Entitlement or any dividends relating to the Entitlement, as a result of the occurrence of a Settlement Disruption Event and the Issuer electing to pay the Disruption Cash Settlement Price or in respect of any Cash Settlement Amounts and/or Reference Cash Amounts;
- (vii) certify that the beneficial owner of each Instrument is not a U.S. person (as defined in the Asset Transfer Notice), the Instrument is not being redeemed within the United States or on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof; and
- (viii) authorise the production of such notice in any applicable administrative or legal proceedings.

No Asset Transfer Notice may be withdrawn after receipt thereof by Euroclear, Clearstream, Luxembourg or a Delivery Agent, or Paying Agent as provided above. After delivery of an Asset Transfer Notice, the relevant Holder may not transfer the Instruments which are the subject of such notice.

In the case of Instruments represented by a Global Instrument, upon receipt of such notice, Euroclear or Clearstream, Luxembourg, as the case may be, shall verify that the person specified therein as the Holder is the holder of the specified nominal amount of Instruments according to its books.

Subject thereto, Euroclear or Clearstream, Luxembourg, as the case may be, will confirm to the Issue and Paying Agent the series number and number of Instruments the subject of such notice, the relevant account details (if applicable) and the details for the delivery of the Entitlement in respect of each such Instrument. Upon receipt of such confirmation, the Issue and Paying Agent will inform the Issuer thereof. Euroclear or Clearstream, Luxembourg, as the case may be, will on or before the Maturity Delivery Date, debit the securities account of the relevant Holder with the Instruments the subject of the relevant Asset Transfer Notice.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in the Physical Delivery Instrument Conditions shall be made, in the case of Instruments represented by a Global Instrument, by Euroclear or Clearstream, Luxembourg, as the case may be, after consultation with the Delivery Agent and the Issuer and shall be conclusive and binding on the Issuer and the

relevant Holder or in the case of Instruments in definitive form, by the relevant Paying Agent after consultation with the Issue and Paying Agent and the Issuer and shall be conclusive and binding on the Issuer and the relevant Holder.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of Euroclear or Clearstream, Luxembourg, as the case may be, or the relevant Delivery Agent or Paying Agent, as the case may be, in each case in consultation with the Issue and Paying Agent and the Issuer, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

Euroclear, Clearstream, Luxembourg or the relevant Delivery Agent or Paying Agent, as applicable, shall use its best efforts promptly to notify the Holder submitting an Asset Transfer Notice if, in consultation with the Issue and Paying Agent and the Issuer, it has determined that such Asset Transfer Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Delivery Agent, the Paying Agents, Euroclear, Clearstream, Luxembourg or the Issue and Paying Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

The Entitlement will be delivered at the risk of the relevant Holder, in the manner provided above on the Maturity Date (such date, subject to adjustment in accordance with these Physical Delivery Instrument Conditions, the "**Maturity Delivery Date**") *provided that* the Asset Transfer Notice is duly delivered to Euroclear, Clearstream, Luxembourg, a Delivery Agent or a Paying Agent, as the case may be, with a copy to the Issue and Paying Agent and the Issuer, as provided above, not later than the close of business in each place of receipt on the Cut-Off Date.

If an Asset Transfer Notice is delivered to Euroclear or Clearstream, Luxembourg or a Delivery Agent or a Paying Agent, as the case may be, with a copy to the Issue and Paying Agent and the Issuer, later than the close of business in each place of receipt on the Cut-Off Date, then the Entitlement will be delivered as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Maturity Delivery Date) at the risk of such Holder in the manner provided above. *Provided that* if in respect of an Instrument an Asset Transfer Notice is not delivered to Euroclear or Clearstream, Luxembourg or a Delivery Agent or a Paying Agent, as the case may be, with a copy to the Issue and Paying Agent and the Issuer, later than the close of business in each place of receipt on the 90th calendar day following the Cut-Off Date the Issuer's obligations in respect of such Instrument shall be discharged and no further liability in respect thereof shall attach to the Issuer. For the avoidance of doubt, in such circumstances such Holder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Maturity Delivery Date falling after the originally designated Maturity Delivery Date and no liability in respect thereof shall attach to the Issuer.

Delivery of the Entitlement in respect of the Instruments is subject to all applicable laws, regulations and practices in force on the Maturity Delivery Date and neither the Issuer nor the Delivery Agent or Paying Agents shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Delivery Agents nor the Paying Agents shall under any circumstances be liable for any acts or defaults of Euroclear or Clearstream, Luxembourg in relation to the performance of their duties in relation to the Instruments.

For such period of time after the Maturity Delivery Date as any person other than the relevant Holder shall continue to be the legal owner of the securities, obligations comprising the Entitlement (the "**Intervening Period**"), none of the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of such Instrument any letter, certificate, notice, circular or any other document, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights)

attaching to such securities or obligations during the Intervening Period or (iii) be under any liability to the relevant Holder, or any subsequent beneficial owner of such Instrument in respect of any loss or damage which the relevant Holder, or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being the legal owner of such securities or obligations during such Intervening Period.

Where the Entitlement comprises shares, any dividend or other distribution in respect of such Entitlement will be payable to the party that would receive such dividend or other distribution according to market practice for a sale of the Share executed on the Maturity Delivery Date and to be delivered in the same manner as the Entitlement. Any such dividend or other distribution to be paid to a Holder shall be paid to the account specified in the relevant Asset Transfer Notice.

Where the Entitlement is, in the determination of the Issuer, an amount other than an amount of Relevant Assets capable of being delivered, the Holders will receive an Entitlement comprising of the nearest number (rounded down) of Relevant Assets capable of being delivered by the Issuer (taking into account that a Holder's entire holding may be aggregated at the Issuer's discretion for the purpose of delivering the Entitlements), and in respect of the amount of Relevant Assets not capable of being delivered (the "**Fractional Entitlement**") an amount in the Specified Currency (as calculated by the Calculation Agent) equal to such Fractional Entitlement, calculated as specified in the relevant Final Terms.

(b) Physical Delivery through JASDEC

In the event that the relevant Final Terms provides that the Physical Delivery through JASDEC is applicable, the following provisions shall apply:

The Delivery Agent on behalf of the Issuer shall deliver the Entitlement to the Holders through the facilities of the Japan Securities Depository Center on the Maturity Date or, if the Maturity Date is not a JASDEC Settlement Business Day, the first following JASDEC Settlement Business Day.

In order to obtain delivery of the Entitlement, each Holder shall deliver to Euroclear or Clearstream, Luxembourg, as the case may be, with a copy to the Delivery Agent, a confirmation which shall:

- (i) specify the name and address of the Holder;
- (ii) specify the nominal amount of the Instruments which are the subject of such confirmation and the number of the Holder's account at Euroclear or Clearstream, Luxembourg, as the case may be, to be debited with the Instruments;
- (iii) irrevocably instruct and authorise Euroclear or Clearstream, Luxembourg, as the case may be, to debit the Holder's account with the Instruments on the Delivery Date;
- (iv)
 - (A) if the Issuer elects to transfer the Entitlement by means of instrument of transfer, specify the name and address of the person or persons to be shown on such instrument of transfer and the name and address of the bank, broker or other person to whom such instrument of transfer is to be delivered; or

- (v) specify the number of the Holder's account at Euroclear or Clearstream, Luxembourg, as the case may be, to be credited with any cash amount, including cash adjustment, if any, to settle the Instruments hereunder; and
- (vi) authorise the production of such confirmation in any applicable administrative or legal proceedings;

For the avoidance of doubt, the term "confirmation" shall include such other form of notice which Euroclear and/or Clearstream, Luxembourg, may from time to time request from the Holders. In such case, Euroclear and/or Clearstream, Luxembourg, will notify the Holders of the required form of notice and whether the information to be included in such notice differs from that specified above.

No confirmation may be withdrawn after receipt thereof by Euroclear or Clearstream, Luxembourg, as the case may be. After delivery of such notice, no Holder may transfer the Instruments. Upon receipt of such notice from a Holder, Euroclear or Clearstream, Luxembourg, as the case may be, shall verify that the person specified therein as the Holder is the holder of the Instruments according to its books.

Failure properly to complete and deliver a confirmation may result in such confirmation being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided herein shall be made by Euroclear or Clearstream, Luxembourg, as the case may be, and shall be conclusive and binding on the Issuer and the Holders.

Subject as provided herein, the delivery of the Entitlement in respect of the Instruments in the electronic manner will be delivered at the risk of a Holder to such bank, broker or other person as the Holder has specified in the confirmation.

In the case of the delivery of the Entitlement, the settlement through the facilities of the JASDEC on the Maturity Date or (if the Maturity Date is not a JASDEC Settlement Business Day) the first following JASDEC Settlement Business Day, will take place only if the above mentioned confirmation is delivered on or before the fourth (4th) Business Day before the Maturity Date (or such other Business Day as Euroclear or Clearstream, Luxembourg may from time to time specify). If any Holder fails to deliver such confirmation to Euroclear or Clearstream, Luxembourg, as the case may be, on or before such Business Day, then the instrument of transfer or the Entitlement shall be delivered to such Holder as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Delivery Date) at the risk of such Holder. For the avoidance of doubt, the Holder shall not be entitled to any payment, whether of interest or otherwise, in the event of such Delivery Date occurring after the Maturity Date.

Neither the Issuer nor the Delivery Agent shall be under any obligation to register or procure the registration of a Holder or a bank, broker or other person acting on behalf of a Holder or any other person as the registered holder of the Entitlement.

26.3 ***Settlement Disruption Event***

(a) **General**

If, prior to the delivery of the Entitlement in accordance with these Physical Delivery Instrument Conditions, a Settlement Disruption Event is subsisting, then the Maturity Delivery Date in respect of such Instrument shall be postponed until the next Settlement Business Day on which no Settlement Disruption Event is subsisting and notice thereof shall be given to the relevant Holder, in accordance with Condition 14. Such Holder shall not be entitled to any payment, whether of interest or otherwise, on such Instrument as a result of any delay in the delivery of the Entitlement pursuant to these Physical Delivery Instrument Conditions. Where delivery of the Entitlement has been postponed as provided in the Physical Delivery Instrument Conditions the Issuer shall not be in breach of these Conditions and no liability in respect thereof shall attach to the Issuer.

For so long as delivery of the Entitlement in respect of any Instrument is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to

satisfy its obligations in respect of the relevant Instrument by payment to the relevant Holder of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election (the "**Election Notice**") is given to the Holders in accordance with Condition 14.

(b) Physical Delivery through JASDEC

If the relevant Final Terms provides that the physical delivery through JASDEC is applicable, the following provisions shall apply:

- (i) If the Delivery Agent determines in its sole and absolute discretion that any Settlement Disruption Event or, if the Relevant Asset is a beneficiary interest in an ETF, any Fund Temporary Suspension Event is subsisting on the Maturity Date, then:
 - (A) If the relevant Final Terms provides that this paragraph (i)(A) is applicable, the delivery of the Entitlement shall be postponed to the date on which neither Settlement Disruption Event nor, if applicable, Fund Temporary Suspension Event is subsisting immediately following the Maturity Date, so long as such date occurs on any of the JASDEC Business Days immediately following the Maturity Date but on or prior to the JASDEC Cut-Off Date. If the date on which neither Settlement Disruption Event nor, if applicable, Fund Temporary Suspension Event is subsisting has not occurred by the JASDEC Cut-Off Date immediately following the Maturity Date, then (i) the Issuer or the Delivery Agent on behalf of the Issuer shall determine in its sole and absolute discretion on such JASDEC Cut-Off Date whether or not the Entitlement can be delivered in any other commercially reasonable manner on a date within a reasonable period and notify the Calculation Agent of such determination; and (ii)(x) if such determination is affirmative, the Delivery Agent on behalf of the Issuer shall deliver the Entitlement to the Holders in the manner and on the date so determined by the Delivery Agent, or (y) if such determination is negative, the Issuer shall, in lieu of delivering the Entitlement plus the Fractional Entitlement (if any) in respect of the Instruments, redeem each of all Instruments by paying the cash amount in Japanese Yen which, the Calculation Agent determines in its sole and absolute discretion, is equal to the fair market value of the Entitlement plus the Fractional Entitlement (if any) as of the final Valuation Date or if the relevant Final Terms provides for no such Valuation Date, the date on which the Delivery Agent notifies the Calculation Agent of its determination pursuant to (i) above less *pro rata* share of the cost to the Issuer of unwinding or amending any related underlying hedging arrangements, such redemption being made on such date as determined by the Calculation Agent within a reasonable period.
 - (B) If the relevant Final Terms provides that this paragraph (i)(B) is applicable, the delivery of the Entitlement shall be postponed to the date immediately following the Maturity Date on which neither Settlement Disruption Event nor, if applicable, Fund Temporary Suspension Event is subsisting. Provided, however, the Delivery Agent on behalf of the Issuer may determine in its sole and absolute discretion on such time in lieu of transferring the relevant number of the Entitlement in respect of the Instruments then outstanding, to direct the Issuer to redeem all such Instruments by paying *pro rata* a cash amount in Japanese Yen equal to the fair economic value as of the final Valuation Date, as determined by the Calculation Agent in its sole and absolute discretion, of the Entitlement (the "**Untransferred Entitlement Cash Portion**") plus the Fractional Entitlement. The Issuer shall promptly give notice thereof to the Holder in accordance with Condition 14.

The date on which the Entitlement shall be delivered hereunder is referred to as the "Delivery Date". No Holder shall be entitled to any additional payment whether of interest or otherwise on the Instruments in the event of such Delivery Date occurring after the Maturity Date or redemption of the Instruments, and no liability in respect thereof shall attach to the Issuer, the Delivery Agent or Calculation Agent.

- (ii) Notwithstanding the provisions of Condition 26.3(b)(i)(A) above and subject as provided in Condition 26.2(b) above, if, on the Valuation Date immediately prior to the Maturity Date, the Calculation Agent determines in its sole and absolute discretion that for any reason whatsoever the Issuer cannot deliver the requisite number of the Relevant Asset to the Holders on the Delivery Date, the Issuer shall, in lieu of delivering the requisite number of the Relevant Asset in respect of the Instruments, redeem all Instruments on the Maturity Date by paying pro rata to the Holders a cash amount in Japanese Yen which, the Calculation Agent determines in its sole and absolute discretion, is equal to the fair economic value of the relevant number of the Relevant Asset deliverable as of such final Valuation Date. Notice setting out the relevant matters shall be given to the Holders in advance in accordance with Condition 14.

26.4 *Additional Disruption Events*

- (a) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:
 - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to the multiplier and/or any of the other terms of these Conditions and/or the relevant Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or
 - (ii) redeem the Instruments by giving notice to the holders of Instruments in accordance with Condition 14. If the Instruments are so redeemed the Issuer will pay an amount to each Holder of Instrument in respect of each Instrument held by him which amount shall be the fair market value of a Instrument taking into account the Additional Disruption Event less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders of Instruments in accordance with Condition 14.
- (b) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 14 stating the occurrence of the Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.

26.5 *Option to Vary Settlement*

If the relevant Final Terms indicate that the Issuer has an option to vary settlement in respect of the Instruments, the Issuer may at its sole and unfettered discretion in respect of each such Instrument, elect not to pay the relevant Holders the Maturity Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Holders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Maturity Redemption Amount on the Maturity Date to the relevant Holders, as the case may be. Notification of such election will be given to Holders in accordance with Condition 14.

Instruments, or (ii) realise, recover or remit the proceeds of any transaction(s) or asset(s), *provided that* any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be deemed an Increased Cost of Hedging.

"**JASDEC**" means the Japan Securities Depository Center (or any successor thereof).

"**JASDEC Business Day**" means any day on which JASDEC is (or, but for the occurrence of a Settlement Disruption Event, would have been) open for the acceptance and execution of settlement instructions.

"**Relevant Asset**" has the meaning specified in the relevant Final Terms.

PROVISIONS RELATING TO THE INSTRUMENTS WHILST IN GLOBAL FORM

(A) *Relationship of Accountholders with Clearing Systems*

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, DTC or any other clearing system as the holder of an Instrument represented by a Global Instrument must look solely to Euroclear, Clearstream, Luxembourg, DTC or such other clearing system (as the case may be) for such person's share of each payment made by the Issuer to the bearer of such Global Instrument (or the registered holder of the Global Registered Instrument, as the case may be), and in relation to all other rights arising under the Global Instruments, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, DTC or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Instruments for so long as the Instruments are represented by such Global Instrument or Global Registered Instrument and such obligations of the Issuer will be discharged by payment to the bearer of such Global Instrument (or the registered holder of the Global Registered Instrument, as the case may be), in respect of each amount so paid. References in these provisions relating to the Instruments in global form to "**holder**" or "**accountholder**" are to those persons shown in the records of the relevant clearing system as a holder of an Instrument.

(B) *Form and Exchange — Bearer Global Instruments*

- (1) *TEFRA D or TEFRA C*: The relevant Final Terms shall specify whether U.S. Treasury Regulation §1.163-5(c)(2)(i)(D) (the "**TEFRA D Rules**") or U.S. Treasury Regulation § 1.163-5(c)(2)(i)(C) (the "**TEFRA C Rules**") shall apply. Each Tranche of Bearer Instruments is represented upon issue by a Temporary Global Instrument, unless the relevant Final Terms specifies otherwise or the TEFRA C Rules apply.

Where the relevant Final Terms applicable to a Tranche of Bearer Instruments specifies that TEFRA is not applicable or that the TEFRA C Rules apply, such Tranche is (unless otherwise specified in the relevant Final Terms) represented upon issue by a Permanent Global Instrument.

Interests in a Temporary Global Instrument may be exchanged for:

- (i) interests in a Permanent Global Instrument; or
- (ii) if so specified in the relevant Final Terms, Definitive Bearer Instruments and/or (if so specified in the relevant Final Terms) Registered Instruments.

Exchanges of interests in a Temporary Global Instrument for Definitive Bearer Instruments or, as the case may be, a Permanent Global Instrument will be made only on or after the Exchange Date (as specified in the relevant Final Terms) and (unless the relevant Final Terms specifies that the TEFRA C Rules are applicable to the Instruments or TEFRA does not apply) provided certification as to the beneficial ownership thereof as required by U.S. Treasury regulations (in substantially the form set out in the Temporary Global Instrument or in such other form as is customarily issued in such circumstances by the relevant clearing system) has been received. An exchange for Registered Instruments will be made at any time or from such date as may be specified in the relevant Final Terms, in each case, without any requirement for certification.

Whenever any interest in a Temporary Global Instrument is to be exchanged for an interest in a Permanent Global Instrument, the Issuer shall procure:

- (i) in the case of first exchange, the prompt delivery (free of charge to the bearer) of such Permanent Global Instrument, duly authenticated and, in the case of an NGI, effectuated, to the bearer of the Temporary Global Instrument; or
- (ii) in the case of any subsequent exchange, an increase in the principal amount of such Permanent Global Instrument in accordance with its terms,

in each case in an aggregate principal amount equal to the aggregate of the principal amounts specified in the certificates issued by Euroclear and/or Clearstream, Luxembourg

and/or any other relevant clearing system and received by the Issue and Paying Agent against, in the case of a CGI, presentation and (in the case of final exchange) surrender of the Temporary Global Instrument at the specified office of the Issue and Paying Agent or, in the case of partial exchange of an NGI, confirmation from the common service provider that Euroclear and Clearstream, Luxembourg have made appropriate entries in their records to reflect the relevant exchange and, in the case of final exchange of an NGI, surrender of the Temporary Global Instrument at the specified office of the Issue and Paying Agent or destruction of the Temporary Global Instrument by the common safekeeper in accordance with the Agency Agreement, in any such case within 7 days of the bearer requesting such exchange.

- (2) *Limitation on entitlement under a Temporary Global Instrument after Exchange Date:* Holders of interests in any Temporary Global Instrument shall not (unless, upon due presentation of such Temporary Global Instrument for exchange (in whole but not in part only) for a Permanent Global Instrument or for delivery of Definitive Bearer Instruments and/or Registered Instruments, such exchange or delivery is improperly withheld or refused and such withholding or refusal is continuing at the relevant payment date) be entitled to receive any payment in respect of the Instruments represented by such Temporary Global Instrument which falls due on or after the Exchange Date or be entitled to exercise any option on a date after the Exchange Date.
- (3) *Certification of non-U.S. beneficial ownership:* Unless the relevant Final Terms specifies that the TEFRA C Rules are applicable to the Instruments or that TEFRA does not apply and subject to paragraph (2) above, if any date on which a payment of interest is due on the Instruments of a Tranche occurs whilst any of the Instruments of that Tranche are represented by a Temporary Global Instrument, the related interest payment will be made on the Temporary Global Instrument only to the extent that certification as to the beneficial ownership thereof as required by U.S. Treasury regulations (in substantially the form set out in the Temporary Global Instrument or in such other form as is customarily issued in such circumstances by the relevant clearing system) has been received. Payments of amounts due in respect of a Permanent Global Instrument or (subject to paragraph (2) above) a Temporary Global Instrument (if the relevant Final Terms specifies that the TEFRA C Rules are applicable to the Instruments or that TEFRA does not apply) will be made through Euroclear or Clearstream, Luxembourg or any other relevant clearing system without any requirement for certification.
- (4) *Exchange for Definitive Bearer Instruments:* Interests in a Permanent Global Instrument will be exchanged (subject to the period allowed for delivery as set out in (i) below), in whole but not in part only and at the request of the Holder of such Global Instrument, for Definitive Bearer Instruments and/or (if so specified in the relevant Final Terms) Registered Instruments, (a) if Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 7 occurs or, (c) at any time on the request of the bearer, if so specified in the relevant Final Terms. Whenever a Permanent Global Instrument is to be exchanged for Definitive Bearer Instruments and/or Registered Instruments, the Issuer shall procure the prompt delivery of such Definitive Bearer Instruments and/or Registered Instruments, duly authenticated and where and to the extent applicable, with Receipts, Coupons and Talons attached (each as defined in Condition 1.2 and Condition 1.3), in an aggregate principal amount equal to the principal amount of such Permanent Global Instrument to the Holder of the Permanent Global Instrument against its surrender at the specified office of the Issue and Paying Agent within 30 days of the Holder requesting such exchange. Furthermore, if,
- (i) Definitive Bearer Instruments have not been delivered in accordance with the foregoing by 5.00 p.m. (London time) on the thirtieth day after the Holder has requested exchange, or
 - (ii) the Permanent Global Instrument (or any part thereof) has become due and payable in accordance with the Conditions or the date for final redemption of the Permanent Global Instrument has occurred and, in either case, payment in full of

the amount of the Redemption Amount (as defined in Condition 6.13) together with all accrued interest thereon has not been made to the Holder in accordance with the Conditions on the due date for payment, then such Permanent Global Instrument (including the obligation to deliver Definitive and/or Registered Instruments) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (i) above) or at 5.00 p.m. (London time) on such due date (in the case of (ii) above) and the Holder of the Permanent Global Instrument will have no further rights thereunder (but without prejudice to the rights which the such Holder or others may have under the Deed of Covenant). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg (or any other relevant clearing system) as being entitled to interests in the Instruments will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Instrument became void, they had been the Holders of Definitive Bearer Instruments in an aggregate principal amount equal to the principal amount of Instruments they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg or other relevant clearing system (as the case may be).

(C) *Form and Exchange — Global Registered Instruments*

- (1) *Global Registered Instrument:* The Regulation S Instruments of each Tranche will initially be represented by a Regulation S Global Instrument and the Rule 144A Instruments will initially be represented by a Rule 144A Global Instrument. On the relevant issue date, Global Registered Instruments will be (i) registered in the name of, and deposited with, a common depository (or a nominee for a common depository) on behalf of Euroclear and Clearstream, Luxembourg; and/or (ii) in the case of a Regulation S Global Registered Instrument to be held under the New Safekeeping Structure, registered in the name of, and deposited with, a common safekeeper (or a nominee for a common safekeeper) on behalf of Euroclear and Clearstream, Luxembourg; and/or (iii) registered in the name of Cede & Co. as nominee for, and deposited with a custodian for, DTC; and/or (iv) registered and deposited with any other agreed clearing system, as specified in the relevant Final Terms.

By acquisition of beneficial interests in the Regulation S Global Instrument, the purchaser thereof will be deemed to represent, among other things, that it acquired such beneficial interest in accordance with Regulation S and that it will only offer, sell, pledge or otherwise transfer such beneficial interest in an offshore transaction in accordance with Rule 903 or Rule 904 of Regulation S. By acquisition of a beneficial interest in the Rule 144A Global Instrument, the purchaser thereof will be deemed to represent, among other things, that it is a QIB that is also a QP and that, if in the future it determines to transfer such beneficial interest, it will transfer such interest in accordance with the procedures and restrictions contained in the Rule 144A Global Instrument. See "*Transfer Restrictions*".

- (2) *Exchange:* Each Global Registered Instrument will become exchangeable in whole, but not in part, for Definitive Registered Instruments if (a) (in the case of a Regulation S Global Instrument deposited with Euroclear or Clearstream, Luxembourg) Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business, (b) (in the case of a Rule 144A Global Instrument deposited with DTC) if (A) the Issuer has been notified that DTC is no longer willing or able to discharge properly its responsibilities as depository with respect to such Global Registered Instrument or (B) ceases to be a "clearing agency" registered under the Exchange Act or is at any time no longer eligible to act as such and, in each case, the Issuer is unable to locate and appoint a qualified successor within 90 days of receiving such notice, (c) any of the circumstances described in Condition 7 occurs, or (d) at any time at the request of the registered Holder if so specified in the relevant Final Terms.
- (3) *Transfer:* Interests in a Global Registered Instrument may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Global Registered Instrument. No beneficial owner of an interest in a Global Registered Instrument will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear, Clearstream, Luxembourg and/or DTC to the extent

applicable. Registered Instruments are also subject to the restrictions on transfer and will bear a legend regarding such restrictions. See "*Subscription and Sale*" and "*Transfer Restrictions*".

No beneficial interest in the Regulation S Global Instrument may be transferred to a person who takes delivery in the form of a beneficial interest in the Rule 144A Global Instrument unless (i) the transfer is to person that is a QIB and that is also a QP, (ii) such transfer is made in reliance on Rule 144A, and (iii) the transferor provides the Registrar with a written certification substantially in the form set out in the Issue and Paying Agency Agreement to the effect that the transferor reasonably believes that the transferee is a QIB that is also a QP, that the transfer is being made in a transaction meeting the requirements of Rule 144A and that such transaction is in accordance with any applicable securities laws of any state of the United States or any other jurisdiction. No beneficial interest in the Rule 144A Global Instrument may be transferred to a person who takes delivery in the form of a beneficial interest in the Regulation S Global Instrument unless the transfer is to a non-U.S. person in an offshore transaction in reliance on Regulation S and the transferor provides the relevant Registrar with a written certification substantially in the form set out in the Issue and Paying Agency Agreement to the effect that the transfer is being made to a person who is not a U.S. person in accordance with Regulation S.

Any beneficial interest in the Regulation S Global Instrument that is transferred to a person who takes delivery in the form of an interest in the Rule 144A Global Instrument will, upon transfer, cease to be an interest in the Regulation S Global Instrument and become an interest in the Rule 144A Global Instrument, and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in the Rule 144A Global Instrument for as long as it remains such an interest. Any beneficial interest in the Rule 144A Global Instrument that is transferred to a person who takes delivery in the form of an interest in the Regulation S Global Instrument will, upon transfer, cease to be an interest in the Rule 144A Global Instrument and become an interest in the Regulation S Global Instrument and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in the Regulation S Global Instrument for so long as it remains such an interest. No service charge will be made for any registration of transfer or exchange of such Global Registered Instruments, but the Issuer may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

- (4) *Payments:* Payments of principal, interest and any other amount in respect of the Global Registered Instruments will, in the absence of provision to the contrary, be made to the common depositary or common safekeeper (in the case of Regulation S Global Registered Instruments to be held under the New Safekeeping Structure) (or a nominee for the common depositary or common safekeeper) for Euroclear and Clearstream, Luxembourg and/or the nominee of DTC, as the case may be, as the registered holders of the Global Registered Instruments. None of the Issuer, the Issue and Paying Agent, the other Paying Agents or the Registrars will have any responsibility or liability for an aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Global Registered Instruments or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Definitive Registered Instruments will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 9.2(c)) immediately preceding the due date for payment in the manner provided in that Condition.

Whenever a Global Registered Instrument is to be exchanged for Definitive Registered Instruments, such Definitive Registered Instruments will be issued in an aggregate principal amount equal to the principal Definitive amount of such Global Registered Instrument within five business days of the delivery, by or on behalf of the registered Holder of the Global Registered Instrument, Euroclear and/or Clearstream, Luxembourg and/or DTC to the relevant Registrar of such information as is required to complete and deliver such Definitive Registered Instruments (including, without limitation, the names and addresses of the persons in whose names the Definitive Registered Instruments are to be registered and the principal amount of each such

person's holding) against the surrender of such Global Registered Instrument at the Specified Office of the relevant Registrar. Such exchange will be effected in accordance with the provisions of the Issue and Paying Agency Agreement and the regulations concerning the transfer and registration of Instruments scheduled thereto and, in particular, shall be effected without charge to any Holder, but against such indemnity as the relevant Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

If (a) Definitive Registered Instruments have not been issued and delivered by 5.00 p.m. (London time) on the thirtieth day after the date on which the same are due to be issued and delivered in accordance with the terms of a Global Registered Instrument or (b) any of the Instruments evidenced by the Global Registered Instrument have become due and payable in accordance with the Conditions or the date for final redemption of the Instruments has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the Holder of such Global Registered Instrument on the due date for payment in accordance with the terms of such Global Registered Instrument, then the Global Registered Instrument (including the obligation to deliver Definitive Registered Instruments) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the Holder will have no further rights thereunder (but without prejudice to the rights which the Holder or others may have under the Deed of Covenant). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg (or other relevant clearing system) as being entitled to interests in the Instruments will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Registered Instrument became void, they had been the registered Holders of Instruments in an aggregate principal amount equal to the principal amount of Instruments they were shown as holding in the records of Euroclear, Clearstream, Luxembourg or other relevant clearing system (as the case may be).

(D) *Amendment to Conditions*

The Temporary Global Instruments, Permanent Global Instruments and Global Registered Instruments contain provisions that apply to the Instruments that they represent, some of which modify the effect of the Conditions of the Instruments set out in this Base Prospectus. The following is a summary of certain of those provisions:

- (1) *Meetings:* The holder of a Permanent Global Instrument or of the Instruments represented by a Global Registered Instrument shall (unless such Permanent Global Instrument or Global Registered Instrument represents only one Instrument) be treated as being two persons for the purposes of any quorum requirements of a meeting of holders and, at any such meeting, the holder of a Permanent Global Instrument shall be treated as having one vote in respect of each minimum Denomination of Instruments for which such Global Instrument may be exchanged. (All holders of Registered Instruments are entitled to one vote in respect of each Instrument comprising such holder's holding, whether or not represented by a Global Registered Instrument).
- (2) *Cancellation:* Cancellation of any Instrument represented by a Permanent Global Instrument that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Permanent Global Instrument.
- (3) *Purchase:* Instruments represented by a Permanent Global Instrument may only be purchased by the Issuer or any of its subsidiaries if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.
- (4) *Issuer's Options:* Any option of the Issuer provided for in the Conditions of the Instruments while such Instruments are represented by a Permanent Global Instrument or a Global Registered Instrument shall be exercised by the Issuer giving notice to the Holders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Instruments drawn in the case of a partial exercise of an option and accordingly no drawing of Instruments shall be required. In the event that any option of the Issuer is exercised in

respect of some but not all of the Instruments of any Series, the rights of accountholders with a clearing system in respect of the Instruments will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg or any other clearing system (as the case may be).

- (5) *Holder's Options:* Any option of the Holders provided for in the Conditions of any Instruments while such Instruments are represented by a Permanent Global Instrument or a Global Registered Instrument may be exercised by the Holder of such Permanent Global Instrument or Global Registered Instrument, giving notice to the Issue and Paying Agent within the time limits relating to the deposit of Instruments with a Paying Agent or the Registrar, in the case of a Global Registered Instrument substantially in the form of the notice available from any Paying Agent (or the Registrar, in the case of a Global Registered Instrument), except that the notice shall not be required to contain the serial numbers of the Instruments in respect of which the option has been exercised, and stating the principal amount of Instruments in respect of which the option is exercised and at the same time presenting for notation the Permanent Global Instrument or the Global Registered Instrument to the Issue and Paying Agent, or to a Paying Agent acting on behalf of the Issue and Paying Agent, (or the Registrar, in the case of a Global Registered Instrument).
- (6) *Notices:* So long as any Instruments are represented by a Permanent Global Instrument or Global Registered Instrument and such Permanent Global Instrument or Global Registered Instrument is held on behalf of a clearing system, notices to the Holders of Instruments of that Series may be given by delivery of the relevant notice to the clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the Holder of the Permanent Global Instrument or Global Registered Instrument and, in any case, such notices shall be deemed to have been given to the Holders in accordance with the Conditions upon delivery to Euroclear and/or Clearstream, Luxembourg and/or DTC and/or any other relevant clearing system except that so long as the Instruments are admitted to trading on the regulated market of the Luxembourg Stock Exchange and the rules of that exchange so require, notice shall also be published in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or published on the website of the Luxembourg Stock Exchange (www.bourse.lu).
- (7) *Record Date:* Each payment in respect of a Global Registered Instrument will be made to the person shown as the Holder in the relevant Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment where "**Clearing System Business Day**" means a day on which each clearing system for which the Global Registered Instrument is being held is open for business.
- (8) *Payments:* In the case of any payments in respect of a Temporary Global Instrument, Permanent Global Instrument or Global Registered Instrument, references in the Conditions to presentation and surrender of an Instrument will be to presentation and surrender of the Temporary Global Instrument, Permanent Global Instrument or Global Registered Instrument, as the case may be, and the relevant payment date shall be a day which is an Applicable Financial Centre Day.
- (9) *Interest Calculation:* While any Instrument is represented by either one or both Global Instruments or a Global Registered Instrument, the "Specified Denomination" for the purposes of Condition 5.11 shall be the principal amount evidenced by such Global Instrument(s) or Global Registered Instrument, as applicable, less, in respect of any Instalment Instrument, any principal amount on which interest shall have ceased to accrue in accordance with Condition 5.10 or, in the case of a Partly Paid Instrument, the Paid Up Amount of such Instrument or otherwise as indicated in the relevant Final Terms except that the Paid Up Amount shall be deemed to be nil for Instruments which have been forfeited by the Issuer on or after the Forfeiture Date as provided for in Condition 1.9.

(E) *Partly Paid Instruments*

KOMMUNALBANKEN AS

Introduction

Established by an Act of Parliament dated 12 February 1926 as a government administrative body and reorganised as a joint stock company dated pursuant to the Conversion Act, and re-named Kommunalbanken AS with effect from 1 November 1999, the Issuer is a local government funding agency and classified as a state instrumentality serving the public policy function of providing low cost funding to Norwegian municipalities and promoting competition in the market for municipal loans, thereby facilitating the efficient provision of public sector services in Norway.

The Issuer is registered in Oslo, Norway as a joint stock company under the Norwegian law for limited companies (*Lov om aksjeselskap*) and operates under such law. The Issuer's organisation number is 981 203 267 and it operates only out of its registered office at Haakon VII's gate 5b, 0161 Oslo, Norway with telephone number +47 21 50 20 00.

The Issuer does not hold a banking licence and it received a concession from the Royal Norwegian Ministry of Finance to conduct its financing activities as a credit institution. Such concession was granted pursuant to the Financial Institutions Act which has been replaced by the Financial Undertakings Act of 10 April 2015 no. 17. The Issuer is supervised by the Financial Supervisory Authority of Norway (*Finanstilsynet*).

The Issuer uses the name Kommunalbanken Norway (KBN) in its marketing and investor relations activities. The Issuer currently has AAA/Aaa ratings from S&P and Moody's, respectively.

Financial Year

The Issuer's financial year runs from 1 January to 31 December.

Public Ownership

The Issuer is owned entirely by the Norwegian State represented by the Ministry of Local Government. The Issuer does not belong to a group.

Business

The Issuer's principal objective is to provide loans on competitive terms to counties, municipalities and inter-municipal companies for a variety of investment projects. Loans are also granted for private health institutions, co-operative water works and other entities that perform local government services, provided that loans are used to finance projects that can be designated as primary municipal investments and that each such loan benefits from a municipal guarantee. The issuer is also financing road construction based on guarantees from counties.

The largest share of both approved and disbursed loans in 2018 were for projects in the infrastructure sector, health and social sector and in primary education.

The Issuer offers a range of products to the municipal sector. The largest segment of the loan portfolio is linked to floating interest rates based either on short-term money market rates or Norwegian Interbank Offer Rates (NIBOR) with various interest rate reset dates. Loans are also granted on a fixed rate basis with varying fixed rate periods set to meet each individual customer's needs and market views.

The majority of municipalities borrow through a single loan for annual investments. The lending products are continuously developed to provide the municipal sector with the flexibility it requires as well as to meet the needs of municipalities of all sizes. Loan pricing is not dependent on volume as it is an important goal to be able to offer small and medium-sized municipalities loans on equal terms to their larger peers.

The Issuer has not suffered a loan loss since it began operations in 1926 which reflects not only its conservative lending policies but also the nature of municipal finance in Norway. Municipalities are very closely supervised by the central government, as they may not budget for an operating deficit and must cover any actual deficit over the following three budgets. Under the Local Government Act, municipalities may not become bankrupt but must instead follow specified procedures for workouts. Such procedures have never had to be used. Despite the strict supervision of the municipal sector, the Norwegian authorities have assigned a 20 per cent. risk weighting to the Norwegian local government sector reflecting their prudent

attitude towards risk compared to other European countries with zero per cent. local government risk weighting.

There has been no material adverse change in the ordinary course of business or in the prospects or condition of the Issuer since 31 December 2018, being the date of its last published audited financial statements. No material contracts are entered into which are not in the ordinary course of the Issuer's business and there have been no recent events particular to the Issuer which are to a material extent relevant to the evaluation of the Issuer's solvency.

Funding Activities

The objective of the Issuer's funding operations is to meet growing borrowing requirements with a well diversified funding base, effectively achieved by regular issuance of benchmark transactions, a visible presence in institutional niche markets and by being a flexible issuer of lightly structured instruments. The Issuer also benefits from strong name recognition in the retail market in Europe and Asia.

The majority of funding is issued off the Programme. Bond issues take the form of public offerings or private placements. Public offerings are made to institutional and retail investors in a number of currencies and countries. All funding transactions must comply with the Issuer's conservative financial policies including no currency and interest rate risk exposure.

The Issuer has an active marketing and investor relations strategy which involves regular presentations to intermediaries and investors worldwide as well as participation in investor conferences and panels.

Risk Management

(a) *General*

The Issuer practices conservative management discipline with respect to financial risks. All risk management policies are reviewed and approved by the Issuer's Board of Directors, which monitors compliance with approved limits. The Issuer also aims to be well within the limits set by the Financial Supervisory Authority of Norway.

The Issuer attempts to minimise foreign exchange and interest rate risks through hedging operations. Financial derivatives are used solely for this purpose.

The Board of Directors has established a conservative liquidity policy target whereby a high liquidity reserve is kept to cover 12 months of future net cash requirements.

Strict risk management principles are in place for the investment of the Issuer's portfolio of liquid assets. Investments in government securities, securities issued by highly rated entities and bank deposits form the core of the portfolio of liquid assets.

Conservative counterparty risk management policies are in place and positions are monitored against limits on a mark-to-market basis. All counterparties must post collateral with the Issuer.

(b) *Information Technology*

The Issuer's business benefits from the use of modern information technology ("**IT**") systems.

(c) *Organisational Structure*

The Issuer is organised into eight departments: Lending, Capital Markets, Risk & Compliance, Accounting & Financial Reporting, IT & Operations, Corporate Communications & PR, Legal & Regulatory Affairs and People, Strategy & Digital Development.

TAXATION

The following is a general description of certain tax considerations relating to the Instruments (the general description regarding Luxembourg, Belgium, France, Germany and the United Kingdom only addresses withholding tax issues and is not a description of general tax considerations relating to the Instruments). It does not purport to be a complete analysis of all tax considerations relating to the Instruments. Prospective purchasers of Instruments should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Norway, Luxembourg, Belgium, France, Germany, the United Kingdom and the United States of acquiring, holding and disposing of Instruments and receiving payments of interest, principal and/or other amounts under the Instruments. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date, with a potential retroactive effect. Prospective Investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Instruments.

BELGIUM

Withholding Tax

For Belgian tax purposes, the following amounts are qualified and taxable as "interest": (i) periodic interest income, (ii) amounts paid by the Issuer in excess of the issue price (whether or not on the maturity date and whether or not in cash and/or by physical delivery of a specified amount of one or more fund shares or units), and (iii) in case of a realisation of the Instruments between two interest payment dates, the pro rata of accrued interest corresponding to the detention period.

For the purposes of the following paragraphs, any such gains and accrued interest are therefore referred to as interest.

For Belgian tax purposes, if interest is in a foreign currency, it is converted into euro on the date of payment or attribution.

Individuals resident in Belgium

Payments of interest on the Instruments made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Instruments in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return and will be taxed at a flat rate of 30 per cent.

Capital gains realised on the sale of the Instruments on the secondary market before maturity are generally not taxable for individuals, except if the purchaser is the Issuer. In the latter case, capital gains are taxable as interest and subject to withholding tax if collected through a financial intermediary established in Belgium. The accrued interest part of a capital gain realised on a sale of the Instruments which qualify as fixed income notes in the meaning of article 2, §1,8 Belgian Income Tax Code is also taxable as interest. Capital losses realised on a sale of the Instruments are not tax deductible.

Other tax rules apply to Belgian resident individuals who do not hold the Instruments as a private investment.

Belgian resident companies

Payments of interest on the Instruments made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes).

Withholding tax exemption may be available to the Belgian corporate investors, provided that applicable conditions and formalities are complied with.

Interest on the Instruments derived by Belgian corporate investors who are Belgian residents for tax purposes, i.e. who are subject to Belgian corporate income tax (*Vennootschapsbelasting/Impôt des sociétés*) and capital gains realised on the Instruments will be subject to Belgian corporate income tax, the ordinary rate of which is equal to 29.58 per cent. If the interest has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

In addition, the Belgian withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

Other Belgian legal entities

Belgian legal entities subject to the Belgian tax on legal entities (*Rechtspersonenbelasting/Impôt des personnes morales*) will in principle be subject to a 30 per cent. withholding tax in Belgium on any payments of interest on the Instruments made through a paying agent in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the declaration and payment of the 30 per cent. withholding tax.

Capital gains realised on the sale of the Instruments on the secondary market before maturity are generally not taxable for legal entities, except if the purchaser is the Issuer. In the latter case, capital gains are taxable as interest and subject to withholding tax if collected through a financial intermediary established in Belgium. The accrued interest part of a capital gain realised on a sale of Instruments which qualify as fixed income Instruments in the meaning of article 2, §1,8 Belgium Income Tax Code are also taxable as interest. Capital losses realised on a sale of the Instrument are not tax deductible.

Belgian non-residents

The interest income on the Instruments paid through a professional intermediary in Belgium will, in principle, be subject to a 30 per cent. withholding tax, unless the Instrument holder is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit. If the income is not collected through a financial institution or other intermediary established in Belgium, no Belgian withholding tax is due.

Non-resident investors that do not hold the Instruments through a Belgian establishment can also obtain an exemption of Belgian withholding tax on interest from the Instruments paid through a Belgian credit institution, a Belgian stock market company or a Belgian-recognised clearing or settlement institution, provided that they deliver an affidavit from such institution or company confirming (i) that the investors are non-residents, (ii) that the Instruments are held in full ownership or in usufruct and (iii) that the Instruments are not held for professional purposes in Belgium.

Non-residents who use the Instruments to exercise a professional activity in Belgium through a permanent establishment are subject to the same tax rules as the Belgian resident companies (see above). Non-resident investors who do not allocate the Instruments to a professional activity in Belgium and who do not hold the Instruments through a Belgian establishment are not subject to Belgian income tax, save, as the case may be, in the form of withholding tax.

Tax on stock exchange and repurchase transactions

A stock exchange tax (*Taxe sur les opérations de bourse / Taks op de beursverrichtingen*) will be levied on the purchase and sale in Belgium of the Instruments on a secondary market through a professional intermediary. The rate applicable for secondary sales and purchases in Belgium through a professional intermediary is 0.35 per cent. with a maximum amount of EUR 1,600 per transaction and per party, or, as the case may be, 0.12 per cent, with a maximum amount of EUR 1,300 per transaction per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary. However, various types of investors (including credit institutions, insurance companies, pension funds and all non-residents of Belgium) are exempted from this tax.

The acquisition of Instruments upon their issuance (primary market) is not subject to the tax on stock exchange transactions.

Transactions that are entered into or carried out by an intermediary that is not established in Belgium are considered to be entered into or carried out in Belgium if the order to execute the transaction is directly or indirectly given by either a natural person who has his/her habitual residence in Belgium or by a legal entity on behalf of its registered office or establishment in Belgium. In such a scenario, foreign intermediaries have the possibility to appoint a Belgian tax representative that is responsible for collecting the stock exchange tax due and for paying it to the Belgian treasury on behalf of clients that fall within one of the aforementioned categories (provided that these clients do not qualify as exempt persons for stock exchange tax purposes – see below). If no such permanent representative is appointed, the relevant parties themselves are responsible for the filing of a stock exchange tax return and for the timely payment of the amount of stock exchange tax due.

A tax on repurchase transactions (*Taxe sur les reports/Taks op de reportverrichtingen*) at the rate of 0.085 per cent. will be due from each party to any such transaction entered into or settled in Belgium in which a stockbroker acts for either party (with a maximum amount of EUR 1,600 per transaction and per party, or, as the case may be, with a maximum amount of EUR 1,300 per transaction and per party). Exemptions apply.

Neither the tax on stock exchange transactions nor the tax on repurchase transactions will be payable by exempt persons acting for their own account including investors who are not Belgian residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional investors as defined in Article 126/1, 2° of the Code of miscellaneous taxes and duties (*Code des droits et taxes divers/Wetboek diverse rechten en taksen*) for the tax on stock exchange transactions and Article 139, second paragraph, of the same code for the tax on repurchase transactions.

Annual tax on securities accounts

As of financial year 2018, certain individuals holding certain types of qualifying securities such as shares, bonds, shares or units of undertakings for collective investment (UCI) and warrants, for an aggregate amount of at least EUR 500,000 on one or more securities accounts, are charged an annual subscription tax of 0.15 per cent. on the full balance of their share in the securities account(s). The individuals subject to this tax are (i) Belgian tax resident individuals holding (a share in) one or more securities accounts with Belgian and/or foreign financial intermediar(y)/(ies) and (ii) non-resident individual investors holding (a share in) one or more securities account with (a) Belgian financial intermediar(y)/(ies).

Some of the Instruments could be qualifying securities for the purposes of this tax. Prospective individual investors should thus be aware that the value of such Instruments that they hold may be taken into account in determining whether the aforementioned EUR 500,000 threshold is met or not and that, depending on their concrete situation, an investment in the Instruments may trigger a 0.15 per cent. tax on the value thereof (and possibly also on the value of any other qualifying securities they may hold through one or more securities accounts).

Prospective investors are urged to consult their own tax advisers as to the tax consequences of the application of this new tax on their investment in Instruments.

FRANCE

The following is a general description of certain French withholding tax considerations relating to the Instruments to the extent that the Instruments (i) would qualify as debt instruments for French tax purposes. and (ii) would not be redeemed by delivery or transfer of share(s) issued by a company with registered offices in France and with a market capitalisation that exceeds one billion euros as of 1 December of year preceding the tax year during which such delivery or transfer occurs.

Payments of interest and principal by the Issuer under the Instruments will not be subject to withholding tax in France, in accordance with the applicable French law.

By exception, pursuant to Articles 125A and 125D of the French tax code, and subject to certain limited exceptions, interest and other similar revenues received by French tax resident individuals are subject to a 12.8 per cent. mandatory withholding tax. Social contributions on such interest and other similar revenues are also withheld at source at an aggregate rate of 17.2 per cent. (CSG of 9.2 per cent., the *prélèvement de*

solidarité sur les revenus du patrimoine et produits de placement of 7.5 per cent. and the CRDS of 0.5 per cent.), subject to certain limited exceptions. Practical steps to be taken for purposes of levying this withholding tax will depend on the place where the paying agent is located.

Prospective purchasers of Instruments who are French resident for tax purposes or who would hold such Instruments through a permanent establishment or fixed base in France should be aware that transactions involving the Instruments, including any purchase or disposal of, or other dealings in, the Instruments, may have French tax consequences. The tax consequences regarding interest, premium on redemption and capital gains in particular may depend, amongst other things, upon the status of the prospective purchaser (i.e., legal entities or individuals). Prospective purchasers of Instruments should consult their own advisers about the tax implications of holding Instruments and of any transactions involving Instruments.

GERMANY

German withholding tax

In principle, only persons (individuals and incorporated entities) who are tax resident in Germany (in particular, persons having a residence, habitual abode, seat or place of management in Germany) are subject to German withholding tax with respect to payments under debt instruments. Non-resident persons generally do not suffer German withholding tax. If, however, the income from the Instruments is subject to German tax, i.e. if (i) the Instruments are held as business assets (*Betriebsvermögen*) of a German permanent establishment (including a permanent representative) which is maintained by the relevant holder of Instruments or (ii) the income from the Instruments qualifies for other reasons as taxable German source income, German withholding tax is, as a rule, applied as in the case of a German tax resident holder of Instruments.

German withholding tax will be levied at a flat withholding tax rate of 26.375 per cent. (including solidarity surcharge (*Solidaritätszuschlag*), plus church tax if applicable) on interest and on proceeds from the sale of Instruments if the Instruments are kept or administrated in a custodial account which the relevant holder of Instruments maintains with a German branch of a German or non-German credit or financial services institution or with a German securities trading business or a German securities trading bank (a "**German Disbursing Agent**"). If Instruments are redeemed, repaid, assigned or contributed into a corporation by way of a hidden contribution (*verdeckte Einlage*) rather than sold, such transaction is treated like a sale. If Instruments are not kept or administrated in a custodial account maintained with a German Disbursing Agent, German withholding tax will nevertheless be levied if the Instruments are issued as definitive Instruments and the savings earnings (*Kapitalerträge*) are paid by a German Disbursing Agent against presentation of the Instruments or interest coupons (so-called over-the-counter transaction - *Tafelgeschäft*).

If a holder of Instruments sells or redeems the Instruments, the tax base is, in principle, the difference between the acquisition costs and the proceeds from the sale or redemption of the Instruments reduced by expenses directly and factually related to the sale or redemption. If similar Instruments kept or administrated in the same custodial account have been acquired at different points in time, the Instruments first acquired will be deemed to have been sold first for the purposes of determining the capital gains. Where the Instruments are acquired and/or sold in a currency other than euro, the sales/redemption price and the acquisition costs have to be converted into euro on the basis of the foreign exchange rates prevailing on the sale or redemption date and the acquisition date respectively. If the Instruments have not been kept or administrated in the custodial account maintained with the German Disbursing Agent since their acquisition and the acquisition costs of the Instruments are not proven to the German Disbursing Agent in the form required by law (e.g. in the case of over-the-counter transactions or if the Instruments had been transferred from a non-EU custodial account prior to the sale), withholding tax is applied to 30 per cent. of the proceeds from the sale or redemption of the Instruments.

When computing the tax base for withholding tax purposes, the German Disbursing Agent has to deduct any negative savings income (negative *Kapitalerträge*) or paid accrued interest (*Stückzinsen*) in the same calendar year or unused negative savings income of previous calendar years.

For individuals who are subject to church tax, church tax will be collected by the German Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*). In the latter case, the investor has to include the savings income in the tax return and will then be assessed to church tax.

With regard to individuals holding the Instruments as private assets, any withholding tax levied shall, in principle, become definitive and replace the income taxation of the relevant holder. If no withholding tax has been levied other than by virtue of a withholding tax exemption certificate (*Freistellungsauftrag*) and in certain other cases, the relevant holder is nevertheless obliged to file a tax return, and the savings income will then be taxed within the tax assessment procedure. However, the separate tax rate for savings income applies in most cases also within the assessment procedure. In certain cases, the holder may apply to be assessed on the basis of its personal tax rate if such rate is lower than the above tax rate. Such application can only be filed consistently for all savings income within the assessment period. In case of jointly assessed spouses or registered life partners the application can only be filed for savings income of both spouses/life partners.

With regard to other investors, German withholding tax is a prepayment of (corporate) income tax and will be credited or refunded within the tax assessment procedure.

No German withholding tax will be levied if an individual holding the Instruments as private assets has filed a withholding tax exemption certificate (*Freistellungsauftrag*) with the German Disbursing Agent, but only to the extent the savings income does not exceed the exemption amount shown on the withholding tax exemption certificate. Currently, the maximum exemption amount is EUR 801 (EUR 1,602 in the case of jointly assessed spouses or registered life partners). Similarly, no withholding tax will be levied if the relevant investor has submitted a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the relevant local tax office to the German Disbursing Agent. Further, with regard to investors holding the Instruments as business assets, no withholding tax will be levied on capital gains from the redemption, sale or assignment of the Instruments if (a) the Instruments are held by a corporation or (b) the proceeds from the Instruments qualify as income of a domestic business and the investor notifies this to the German Disbursing Agent by use of the officially required form.

The abolition of the flat tax regime for certain investment income is a provision of the coalition agreement of between the governing German political parties, which may affect the taxation of interest from the Instruments. For example, interest income might become taxed at the progressive tax rate of up to 45 per cent. (excluding solidarity surcharge). Further, pursuant to the coalition agreement the solidarity surcharge is to be abolished provided that certain thresholds are not exceeded. No draft law is available as at the date of this Base Prospectus, however, and therefore the details of any changes and the timing of implementation are uncertain.

LUXEMBOURG

Withholding tax

All payments of interest (including accrued but unpaid) and principal by the Issuer in the context of the holding, disposal, redemption or repurchase of the Instruments, which are not profit sharing, can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law.

Payments of interest or similar income on the Instruments made or deemed to be made by a paying agent within the meaning of the Luxembourg law of 23 December 2005 as amended (the "**Law**") established in the Grand Duchy of Luxembourg to or for the immediate benefit of an individual Luxembourg resident for tax purposes who is the beneficial owner of such payment may be subject to a tax at a rate of 20 per cent. Such tax will be in full discharge of income tax if the individual beneficial owner acts in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

Pursuant to the Law, Luxembourg resident individuals who are the beneficial owners of savings income paid by a paying agent established outside Luxembourg, in a Member State of either the European Union or the EEA, can opt to self-declare and pay a 20 per cent. tax (the "**Levy**") on these savings income.

The 20 per cent. withholding tax as described above or the Levy are final when Luxembourg resident individuals are acting in the context of the management of their private wealth.

KINGDOM OF NORWAY

Taxation on Interest

Non-resident Holders of Instruments

Interest paid to a non-resident holder of Instruments will not be subject to Norwegian income or withholding tax, unless the holder of Instruments carries out a trade or business in Norway subject to taxation in Norway (including, but not limited to, individuals and legal entities having a permanent establishment in Norway) and the Instruments are used in or connected with the business activity in Norway.

Such tax liability may be modified through an applicable tax treaty.

Resident Holders of Instruments

A resident holder of Instruments will be subject to Norwegian income taxation on interest at the applicable tax rate, currently at a tax rate of 22 per cent. of net taxable income.

Taxation of Capital Gains

Non-resident Holders of Instruments

A non-resident holder of Instruments is not taxed in Norway on gains derived from the sale, disposal or redemption of the Instruments, unless the holder of Instruments carries out a trade or business in Norway subject to taxation in Norway (including, but not limited to, individuals and legal entities having a permanent establishment in Norway) and the Instruments are used in or connected with the business activity in Norway.

Such tax liability may be modified through an applicable tax treaty.

Resident Holders of Instruments

A resident holder of Instruments will be subject to Norwegian income taxation on capital gains derived from the sale, disposal or redemption of the Instruments at the applicable tax rate, currently at a tax rate of 22 per cent. of net taxable income. Correspondingly, a loss derived by the sale, disposal or redemption of the Instruments is deductible at the applicable tax rate, currently at a tax rate of 22 per cent.

Wealth Tax

Non-resident Holders of Instruments

A non-resident holder of Instruments is not subject to Norwegian wealth tax, unless the holding of Instruments is effectively connected with a trade or business carried on by an individual holder of Instruments in Norway and subject to taxation in Norway. Such tax liability may be modified through an applicable tax treaty.

Resident Holders of Instruments

Resident corporations and similar entities are not subject to Norwegian wealth taxation.

An individual resident holder of Instruments is subject to wealth tax in Norway at the applicable rate, and the Instruments are included in the net wealth tax base at the Instruments' quoted value, or the estimated market value if the Instruments are not listed.

Transfer Tax etc.

There is currently no Norwegian transfer tax on the transfer of Instruments. Norway does not levy any property tax or similar taxes on the Instruments.

UNITED KINGDOM

A Withholding tax

The following is an overview of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Instruments. It is based on current law and the published practice of Her Majesty's Revenue and Customs ("**HMRC**"), which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Instruments. The comments are made on the assumption that the Issuer is not resident in the United Kingdom for United Kingdom tax purposes. The comments relate only to the position of persons who are absolute beneficial owners of the Instruments. Prospective Holders should be aware that the particular terms of issue of any series of Instruments as specified in the relevant Final Terms may affect the tax treatment of that and other series of Instruments. The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Holders who are in any doubt as to their tax position should consult their professional advisers. Holders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Instruments are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Instruments. In particular, Holders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Instruments even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

UK Withholding Tax on Interest Payments by the Issuer

- B1 Provided that the interest on the Instruments does not have a United Kingdom source, interest on the Instruments may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax. The location of the source of a payment is a complex matter. It is necessary to have regard to case law and HMRC published practice. Case law has established that in determining the source of interest, all relevant factors must be taken into account. HMRC has indicated that the most important factors in determining the source of a payment are those which influence where a creditor would sue for payment, and has stated that the place where the Issuer does business, and the place where its assets are located, are the most important factors in this regard; however HMRC has also indicated that, depending on the circumstances, other relevant factors may include the place where the interest and principal are payable, the method of payment, the governing law of the Instruments and the competent jurisdiction for any legal action, the location of any security for the Issuer's obligations under the Instruments, and similar factors relating to any guarantee.
- B2 Interest which has a United Kingdom source ("**UK interest**") may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax if the Instruments in respect of which the UK interest is paid are issued for a term of less than one year (and are not issued under arrangements the effect of which is to render the Instruments part of a borrowing with a total term of one year or more).
- B3 UK interest on Instruments issued for a term of one year or more (or under arrangements the effect of which is to render the Instruments part of a borrowing with a total term of one year or more) may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax if the Instruments in respect of which the UK interest is paid constitute "quoted Eurobonds". Instruments which carry a right to interest will constitute quoted Eurobonds provided they are and continue to be listed on a recognised stock exchange within the meaning of Section 1005 of the Income Tax Act 2007. Securities will be "listed on a recognised stock exchange" for this purpose if they are admitted to trading on an exchange designated as a recognised stock exchange by an order made by the Commissioners for HMRC and either they are included in the United Kingdom official list (within the meaning of Part 6 of the FSMA) or they are officially listed, in accordance with provisions corresponding to those generally applicable in European Economic Area states, in a country outside the United Kingdom in which there is a recognised stock exchange.

The London Stock Exchange is a recognised stock exchange, and accordingly the Instruments will constitute quoted Eurobonds provided they are and continue to be included in the United Kingdom official list and admitted to trading on the Regulated Market of that Exchange.

The Luxembourg Stock Exchange is a recognised stock exchange. The Issuer's understanding of current HMRC published practice is that securities which are officially listed and admitted to trading on the Main Market of that Exchange may be regarded as "listed on a recognised stock exchange" for these purposes. The Oslo Stock Exchange is a recognised stock exchange. The Issuer's understanding of current HMRC published practice is that securities which are officially listed and admitted to trading on the Oslo Børs of that Exchange may be regarded as "listed on a recognised stock exchange" for these purposes.

B4 In all other cases, UK interest on the Instruments may fall to be paid under deduction of United Kingdom income tax at the savings rate (currently 20 per cent.) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

C ***Payments under Deed of Covenant***

Any payments made by the Issuer under the Deed of Covenant may not qualify for the exemptions from UK withholding tax described above.

D ***Other Rules Relating to United Kingdom Withholding Tax***

1. Instruments may be issued at an issue price of less than 100 per cent of their principal amount. Any discount element on any such Instruments will not generally be subject to any United Kingdom withholding tax pursuant to the provisions mentioned in B above.
2. Where Instruments are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax as outlined above.
3. Where interest has been paid under deduction of United Kingdom income tax, Holders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.
4. The references to "interest" in A to C above mean "interest" as understood in United Kingdom tax law. The statements in A to C above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Instruments or any related documentation. Where a payment on an Instrument does not constitute (or is not treated as) interest for United Kingdom tax purposes, and the payment has a United Kingdom source, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment or a manufactured payment for United Kingdom tax purposes (which will be determined by, amongst other things, the terms and conditions specified by the Final Terms of the Instrument). In such a case, the payment may fall to be made under deduction of United Kingdom tax (the rate of withholding depending on the nature of the payment), subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.
5. The above description of the United Kingdom withholding tax position assumes that there will be no substitution of an issuer and does not consider the tax consequences of any such substitution.

UNITED STATES FEDERAL INCOME TAXATION

The following summary discusses the principal U.S. federal income tax consequences of the acquisition, ownership and disposition of the Instruments. Except as specifically noted below, this discussion applies only to:

- Instruments purchased on original issuance at their issue price (as defined below);
- Instruments held as capital assets;
- U.S. Holders (as defined below); and
- Instruments with an original maturity of 30 years or less.

This discussion does not describe all of the tax consequences that may be relevant in light of a Holder's particular circumstances or to Holders subject to special rules, such as:

- financial institutions;
- insurance companies;
- dealers in securities or foreign currencies;
- persons holding Instruments as part of a hedging transaction, straddle, conversion transaction or other integrated transaction;
- U.S. Holders whose functional currency is not the U.S. dollar;
- partnerships or other entities classified as partnerships for U.S. federal income tax purposes; or
- former citizens and residents of the United States.

This summary is based on the Code, administrative pronouncements, judicial decisions and final, temporary and proposed U.S. Treasury Regulations all as of the date of this Base Prospectus and any of which may at any time be repealed, revised or subject to differing interpretation, possibly retroactively so as to result in U.S. federal income tax consequences different from those described below. Persons considering the purchase of the Instruments should consult the relevant Final Terms for any additional discussion regarding U.S. federal income taxation and should consult their tax advisors with regard to the application of the U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

This summary does not discuss Instruments that by their terms may be retired for an amount less than their principal amount and Instruments subject to special rules. Moreover, this summary does not discuss Bearer Instruments. In general, U.S. federal income tax law imposes significant limitations on U.S. Holders of Bearer Instruments. U.S. Holders should consult their tax advisors regarding the restrictions and penalties imposed under U.S. federal income tax law with respect to Bearer Instruments and any other tax consequences with respect to the acquisition, ownership and disposition of any of these Instruments.

As used herein, the term "**U.S. Holder**" means a beneficial owner of an Instrument that is for U.S. federal income tax purposes:

- a citizen or individual resident of the United States;
- a corporation created or organised in or under the laws of the United States or of any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust.

If an entity that is classified as a partnership for U.S. federal income tax purposes holds Instruments, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and upon the activities of the partnership. A partnership considering an investment in the Instruments should consult with its tax advisors regarding the U.S. federal tax consequences to its partners of an investment in the Instruments.

Payments of Stated Interest

Interest paid on an Instrument will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the Holder's method of accounting for U.S. federal income tax purposes, provided that the interest is "qualified stated interest" (as defined below). Interest income earned by a U.S. Holder with respect to an Instrument will constitute foreign source income for U.S. federal income tax purposes, which may be relevant in calculating the Holder's foreign tax credit limitation. The rules regarding foreign tax credits are complex and prospective investors should consult their tax advisors about the application of such rules to them in their particular circumstances. Special rules governing the treatment of interest paid with respect to original issue discount instruments and foreign currency instruments are described under "*—Original Issue Discount,*" "*—Contingent Payment Debt Instruments,*" and "*—Foreign Currency Instruments.*"

Special Rules Applicable to Certain Accrual Method Taxpayers

Pursuant to recent legislation (which, in the case of Instruments issued with original issue discount, applies only to taxable years beginning after 31 December 2018), an accrual method taxpayer that reports revenues on an "applicable financial statement" generally must recognise income for U.S. federal income tax purposes no later than the taxable year in which such income is taken into account as revenue in the applicable financial statements of the taxpayer. Thus, this rule could potentially require such a taxpayer to recognise income for U.S. federal income tax purposes with respect to Instruments prior to the time such income would be recognised pursuant to the rules described below. U.S. Holders should consult their tax advisers regarding the potential applicability of these rules to their investment in the Instruments.

Original Issue Discount

An Instrument that has an "issue price" that is less than its "stated redemption price at maturity" will be considered to have been issued at an original discount for U.S. federal income tax purposes (and will be referred to as an "original issue discount Instrument") unless the Instrument satisfies a *de minimis* threshold (as described below) or is a short-term Instrument (as defined below). The "issue price" of an Instrument generally will be the first price at which a substantial amount of the Instruments are sold to the public (which does not include sales to bond houses, brokers or similar persons or organisations acting in the capacity of underwriters, placement agents or wholesalers). The "stated redemption price at maturity" of an Instrument generally will equal the sum of all payments required to be made under the Instrument other than payments of "qualified stated interest." "Qualified stated interest" is stated interest unconditionally payable (other than in debt instruments of the issuer) at least annually during the entire term of the Instrument at a single fixed rate of interest, at a single qualified floating rate of interest or at a rate that is determined at a single fixed formula that is based on objective financial or economic information. A rate is a qualified floating rate if variations in the rate can reasonably be expected to measure contemporaneous fluctuations in the cost of newly borrowed funds in the currency in which the Instrument is denominated.

If the difference between an Instrument's stated redemption price at maturity and its issue price is less than a *de minimis* amount, i.e., $\frac{1}{4}$ of 1 per cent. of the stated redemption price at maturity multiplied by the number of complete years to maturity, the Instrument will not be considered to have original issue discount. U.S. Holders of the Instruments with a *de minimis* amount of original issue discount will include this original issue discount in income, as capital gain, on a pro rata basis as principal payments are made on the Instrument.

U.S. Holders of original issue discount Instruments that mature more than one year from their date of issuance will be required to include original issue discount in income for U.S. federal tax purposes as it accrues in accordance with a constant yield method based on a compounding of interest, regardless of whether cash attributable to this income is received. Under these rules, U.S. Holders generally will have to include in taxable income, increasingly greater amounts of original issue discount in successive accrual periods.

A U.S. Holder may make an election to include in gross income all interest that accrues on any particular Instrument (including stated interest, acquisition discount, original issue discount, *de minimis* original issue discount, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortisable bond premium or acquisition premium) in accordance with a constant yield method based on the compounding of interest, and generally may revoke such election only with the permission of the U.S. Internal Revenue Service ("IRS") (a "**constant yield election**"). If a U.S. Holder makes a constant yield

election with respect to an Instrument with market discount (discussed below), the U.S. Holder will be treated as having made an election to include market discount in income currently over the life of all debt instruments with market discount acquired by the electing U.S. Holder on or after the first day of the first taxable year to which such election applies. U.S. Holders should consult their tax advisors about making this election in light of their particular circumstances.

An Instrument that matures one year or less from its date of issuance (a "**short-term Instrument**") will be treated as being issued at a discount and none of the interest paid on the Instrument will be treated as qualified stated interest regardless of issue price. In general, a cash method U.S. Holder of a short-term Instrument is not required to accrue the discount for U.S. federal income tax purposes unless it elects to do so. Holders who so elect and certain other Holders, including those who report income on the accrual method of accounting for U.S. federal income tax purposes, are required to include the discount in income as it accrues on a straight-line basis, unless another election is made to accrue the discount according to a constant yield method based on daily compounding. In the case of a U.S. Holder who is not required and who does not elect to include the discount in income currently, any gain realized on the sale, exchange, or retirement of the short-term Instrument will be ordinary income to the extent of the discount accrued on a straight-line basis (or, if elected, according to a constant yield method based on daily compounding) through the date of sale, exchange or retirement. In addition, those U.S. Holders will be required to defer deductions for any interest paid on indebtedness incurred to purchase or carry short-term Instruments in an amount not exceeding the accrued discount until the accrued discount is included in income.

Market Discount

If a U.S. Holder purchases an Instrument (other than a short-term Instrument) for an amount that is less than its stated redemption price at maturity or, in the case of an original issue discount Instrument, its adjusted issue price, the amount of the difference will be treated as market discount for U.S. federal income tax purposes, unless this difference is less than a specified *de minimis* amount.

A U.S. Holder will be required to treat any partial principal payment (or, in the case of an original issue discount Instrument, any payment that does not constitute qualified stated interest) on, or any gain on the sale, exchange, retirement or other disposition of an Instrument, including disposition in certain nonrecognition transactions, as ordinary income to the extent of the market discount accrued on the Instrument at the time of the payment or disposition unless this market discount has been previously included in income by the U.S. Holder pursuant to an election by the Holder to include market discount in income as it accrues. Market discount will accrue on a straight line basis unless a U.S. Holder makes an election on an Instrument to accrue on the basis of a constant rate. An election to include market discount in income as it accrues applies to all debt instruments with market discount acquired by the electing U.S. Holder on or after the first day of the first taxable year to which such election applies and may not be revoked without the consent of the IRS. In addition, a U.S. Holder that does not elect to include market discount in income currently may be required to defer, until the maturity of the Instrument or its earlier disposition (including certain nontaxable transactions), the deduction of all or a portion of the interest expense on any indebtedness incurred or maintained to purchase or carry such Instrument.

Acquisition Premium and Amortisable Bond Premium

A U.S. Holder who purchases an Instrument for an amount that is greater than the Instrument's adjusted issue price but less than or equal to the sum of all amounts payable on the Instrument after the purchase date other than payments of qualified stated interest will be considered to have purchased the Instrument at an acquisition premium. Under the acquisition premium rules, the amount of original issue discount that the U.S. Holder must include in its gross income with respect to the Instrument for any taxable year will be reduced by the portion of acquisition premium properly allocable to that year.

If a U.S. Holder purchases an Instrument for an amount that is greater than the stated redemption price at maturity, the U.S. Holder will be considered to have purchased the Instrument with amortisable bond premium equal in amount to the excess of the purchase price over the amount payable at maturity. The Holder may elect to amortise this premium, using a constant yield method, over the remaining term of the Instrument. A Holder who elects to amortise bond premium must reduce its tax basis in the Instrument by the amount of the premium amortised in any year. An election to amortise bond premium applies to all taxable debt obligations then owned and thereafter acquired by the Holder and may be revoked only with the consent of the IRS.

Sale, Exchange or Retirement of the Instruments

Upon the sale, exchange or retirement of an Instrument, a U.S. Holder will recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the Holder's adjusted tax basis in the Instrument. A U.S. Holder's adjusted tax basis in an Instrument generally will equal the acquisition cost of the Instrument increased by the amount of original issue discount and market discount included in the U.S. Holder's gross income and decreased by any bond premium or acquisition premium previously amortised and by the amount of any payment received from the Issuer other than a payment of qualified stated interest. Gain or loss, if any, will generally be U.S. source income for purposes of computing a U.S. Holder's foreign tax credit limitation. For these purposes, the amount realised does not include any amount attributable to accrued but unpaid qualified stated interest on the Instrument. Amounts attributable to accrued but unpaid qualified stated interest are treated as payments of interest as described under "*—Payments of Stated Interest*".

Except as described below, gain or loss realised on the sale, exchange or retirement of an Instrument will generally be capital gain or loss and will be long-term capital gain or loss if at the time of sale, exchange or retirement the U.S. Holder has held the Instrument for more than one year. Exceptions to this general rule apply to the extent of any accrued market discount or, in the case of a short-term Instrument, to the extent of any accrued discount not previously included in the Holder's taxable income. See "*—Original Issue Discount*" and "*—Market Discount*." In addition, other exceptions to this general rule apply in the case of foreign currency Instruments, and contingent payment debt instruments. See "*—Foreign Currency Instruments*" and "*—Contingent Payment Debt Instruments*." The deductibility of capital losses is subject to limitations.

Contingent Payment Debt Instruments

If the terms of the Instruments provide for certain contingencies that affect the timing and amount of payments (including Instruments with a variable rate or rates that do not qualify as "variable rate debt instruments" for purposes of the original issue discount rules) they generally will be "contingent payment debt instruments" for U.S. federal income tax purposes. Under the rules that govern the treatment of contingent payment debt instruments, no payment on such Instruments qualifies as qualified stated interest. Rather, a U.S. Holder must account for interest for U.S. federal income tax purposes based on a "comparable yield" and the differences between actual payments on the Instrument and the Instrument's "projected payment schedule" as described below. The comparable yield is determined by the Issuer at the time of issuance of the Instruments. The comparable yield may be greater than or less than the stated interest, if any, with respect to the Instruments. Solely for the purpose of determining the amount of interest income that a U.S. Holder will be required to accrue on a contingent payment debt instrument, the Issuer will be required to construct a "projected payment schedule" that represents a series of payments the amount and timing of which would produce a yield to maturity on the contingent payment debt instrument equal to the comparable yield.

Neither the comparable yield nor the projected payment schedule constitutes a representation by the Issuer regarding the actual amount, if any, that the contingent payment debt instrument will pay.

For U.S. federal income tax purposes, a U.S. Holder will be required to use the comparable yield and the projected payment schedule established by the Issuer in determining interest accruals and adjustments, unless the Holder timely discloses and justifies the use of a different comparable yield and projected payment schedule to the IRS.

A U.S. Holder, regardless of the Holder's method of accounting for U.S. federal income tax purposes, will be required to accrue interest income on a contingent payment debt instrument at the comparable yield, adjusted upward or downward to reflect the difference, if any, between the actual and the projected amount of any contingent payments on the contingent payment instrument (as set forth below).

A U.S. Holder will be required to recognise interest income equal to the amount of any net positive adjustment, i.e., the excess of actual payments over projected payments, in respect of a contingent payment debt instrument for a taxable year. A net negative adjustment, i.e., the excess of projected payments over actual payments, in respect of a contingent payment debt instrument for a taxable year:

- will first reduce the amount of interest in respect of the contingent payment debt instrument that a Holder would otherwise be required to include in income in the taxable year; and

- to the extent of any excess, will give rise to an ordinary loss equal to so much of this excess as does not exceed the excess of:
 - the amount of all previous interest inclusions under the contingent payment debt instrument over
 - the total amount of the U.S. Holder's net negative adjustments treated as ordinary loss on the contingent payment debt instrument in prior taxable years.

Any net negative adjustment in excess of the amounts described above will be carried forward to offset future interest income in respect of the contingent payment debt instrument or to reduce the amount realised on a sale, exchange or retirement of the contingent payment debt instrument. Where a U.S. Holder purchases a contingent payment debt instrument for a price other than its adjusted issue price, the difference between the purchase price and the adjusted issue price must be reasonably allocated to the daily portions of interest or projected payments with respect to the contingent payment debt instrument over its remaining term and treated as a positive or negative adjustment, as the case may be, with respect to each period to which it is allocated.

Upon a sale, exchange or retirement of a contingent payment debt instrument, a U.S. Holder generally will recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the Holder's adjusted basis in the contingent payment debt instrument. A U.S. Holder's adjusted basis in an Instrument that is a contingent payment debt instrument generally will be the acquisition cost of the Instrument, increased by the interest previously accrued by the U.S. Holder on the Instrument under these rules, disregarding any net positive and net negative adjustments, and decreased by the amount of any noncontingent payments and the projected amount of any contingent payments previously made on the Instrument. A U.S. Holder generally will treat any gain as interest income, and any loss as ordinary loss to the extent of the excess of previous interest inclusions in excess of the total net negative adjustments previously taken into account as ordinary losses, and the balance as capital loss. The deductibility of capital losses is subject to limitations. In addition, if a Holder recognises loss above certain thresholds, the Holder may be required to file a disclosure statement with the IRS (as described under "*Certain Reporting Obligations*").

A U.S. Holder will have a tax basis in any property, other than cash, received upon the retirement of a contingent payment debt instrument equal to the fair market value of the property, determined at the time of retirement. The Holder's holding period for the property will commence on the day immediately following its receipt. Special rules apply to contingent payment debt instruments that are denominated, or provide for payments, in a currency other than the U.S. dollar ("**Foreign Currency Contingent Payment Debt Instruments**"). Very generally, these instruments are accounted for like a contingent payment debt instrument, as described above, but in the currency of the Foreign Currency Contingent Payment Debt Instruments. The relevant amounts must then be translated into U.S. dollars. The rules applicable to Foreign Currency Contingent Payment Debt Instruments are complex and U.S. Holders are urged to consult their own tax advisors regarding the U.S. federal income tax consequences of the acquisition, ownership and disposition of such instruments.

Foreign Currency Instruments

The following discussion summarises the principal U.S. federal income tax consequences to a U.S. Holder of the ownership and disposition of the Instruments that are denominated in a specified currency other than the U.S. dollar or the payments of interest or principal on which are payable in a currency other than the U.S. dollar ("**foreign currency Instruments**").

The rules applicable to foreign currency Instruments could require some or all gain or loss on the sale, exchange or other disposition of a foreign currency Instrument to be recharacterised as ordinary income or loss. The rules applicable to foreign currency Instruments are complex and may depend on the Holder's particular U.S. federal income tax situation. For example, various elections are available under these rules, and whether a Holder should make any of these elections may depend on the Holder's particular U.S. federal income tax situation. U.S. Holders are urged to consult their tax advisors regarding the U.S. federal income tax consequences of the ownership and disposition of foreign currency Instruments.

A U.S. Holder who uses the cash method of accounting and who receives a payment of qualified stated interest in a foreign currency with respect to a foreign currency Instrument will be required to include in

income the U.S. dollar value of the foreign currency payment (determined on the date the payment is received) regardless of whether the payment is in fact converted to U.S. dollars at the time, and this U.S. dollar value will be the U.S. Holder's tax basis in the foreign currency.

An accrual method U.S. Holder will be required to include in income the U.S. dollar value of the amount of interest income (including original issue discount or market discount, but reduced by acquisition premium and amortisable bond premium, to the extent applicable) that has accrued and is otherwise required to be taken into account with respect to a foreign currency Instrument during an accrual period. The U.S. dollar value of the accrued income will be determined by translating the income at the average rate of exchange for the accrual period or, with respect to an accrual period that spans two taxable years, at the average rate for the partial period within the taxable year. The U.S. Holder will recognise ordinary income or loss with respect to accrued interest income on the date the income is actually received. The amount of ordinary income or loss recognised will equal the difference between the U.S. dollar value of the foreign currency payment received (determined on the date the payment is received) in respect of the accrual period and the U.S. dollar value of interest income that has accrued during the accrual period (as determined above). Rules similar to these rules apply in the case of a cash method taxpayer required to currently accrue original issue discount or market discount.

An accrual method U.S. Holder or cash method U.S. Holder accruing original issue discount may elect to translate interest income (including original issue discount) into U.S. dollars at the spot rate on the last day in the interest accrual period (or, in the case of a partial accrual period, the spot rate on the last day of the partial accrual period in the taxable year) or, if the date of receipt is within five business days of the last day of the interest accrual period, the spot rate on the date of receipt. A U.S. Holder that makes this election must apply it consistently to all debt instruments from year to year and cannot change the election without the consent of the IRS.

Original issue discount, market discount, acquisition premium and amortisable bond premium on a foreign currency Instrument are to be determined in the relevant foreign currency. Where the taxpayer elects to include market discount in income currently, the amount of market discount will be determined for any accrual period in the relevant foreign currency and then translated into U.S. dollars on the basis of the average rate in effect during the accrual period. Exchange gain or loss realised with respect to such accrued market discount shall be determined in accordance with the rules relating to accrued interest described above. Accrued market discount (other than market discount currently included in income) taken into account upon the receipt of any partial principal payment or upon the sale, retirement or other disposition of an Instrument is translated into U.S. dollars at the spot rate on such payment or disposition date.

If an election to amortise bond premium is made, amortisable bond premium taken into account on a current basis shall reduce interest income in units of the relevant foreign currency. Exchange gain or loss is realised on amortised bond premium with respect to any period by treating the bond premium amortised in the period in the same manner as on the sale, exchange or retirement of the foreign currency Instrument. Any exchange gain or loss will be ordinary income or loss as described below. If the election is not made, any loss realised on the sale, exchange or retirement of a foreign currency Instrument with amortisable bond premium by a U.S. Holder who has not elected to amortise the premium will be a capital loss to the extent of the bond premium.

A U.S. Holder's tax basis in a foreign currency Instrument, and the amount of any subsequent adjustment to the Holder's tax basis, will be the U.S. dollar value amount of the foreign currency amount paid for such foreign currency Instrument, or of the foreign currency amount of the adjustment, determined on the date of the purchase or adjustment. A U.S. Holder who purchases a foreign currency Instrument with previously owned foreign currency will recognise ordinary income or loss in an amount equal to the difference, if any, between such U.S. Holder's tax basis in the foreign currency and the U.S. dollar fair market value of the foreign currency Instrument on the date of purchase.

Gain or loss realised upon the sale, exchange or retirement of a foreign currency Instrument that is attributable to fluctuation in currency exchange rates will be ordinary income or loss which will not be treated as interest income or expense. Gain or loss attributable to fluctuations in exchange rates will equal the difference between (i) the U.S. dollar value of the foreign currency principal amount of the Instrument, determined on the date the payment is received or the Instrument is disposed of, and (ii) the U.S. dollar value of the foreign currency principal amount of the Instrument, determined on the date the U.S. Holder acquired the Instrument. Payments received attributable to accrued interest will be treated in accordance with the rules applicable to payments of interest on foreign currency Instruments described above. The

foreign currency gain or loss will be recognised only to the extent of the total gain or loss realised by the Holder on the sale, exchange or retirement of the foreign currency Instrument. The source of the foreign currency gain or loss will be determined by reference to the residence of the Holder on whose books the Instrument is properly reflected. Any gain or loss realised by these Holders in excess of the foreign currency gain or loss will be capital gain or loss except to the extent of any accrued market discount or, in the case of short-term Instrument, to the extent of any discount not previously included in the Holder's income provided that the Instrument is not a Foreign Currency Contingent Payment Debt Instrument. Holders should consult their tax advisors with respect to the tax consequences of receiving payments in a currency different from the currency in which payments with respect to such Instrument accrue.

A U.S. Holder will have a tax basis in any foreign currency received on the sale, exchange or retirement of a foreign currency Instrument equal to the U.S. dollar value of the foreign currency, determined at the time of sale, exchange or retirement. A cash method taxpayer who buys or sells a foreign currency Instrument that is traded on an established securities market is required to translate units of foreign currency paid or received into U.S. dollars at the spot rate on the settlement date of the purchase or sale. Accordingly, no exchange gain or loss will result from currency fluctuations between the trade date and the settlement date of the purchase or sale. An accrual method taxpayer may elect the same treatment for all purchases and sales of foreign currency obligations *provided that* the Instruments are traded on an established securities market. This election cannot be changed without the consent of the IRS. If either (i) the Instrument is not traded on an established securities market or (ii) it is and the holder is an accrual method taxpayer that does not make the election described above with respect to such Instrument, exchange gain or loss may result from currency fluctuations between the trade date and the settlement date of the purchase or sale. Any gain or loss realised by a U.S. Holder on a sale or other disposition of foreign currency (including its exchange for U.S. dollars or its use to purchase foreign currency Instruments) will be ordinary income or loss.

Backup Withholding and Information Reporting

Information returns may be filed with the IRS in connection with payments on the Instruments and the proceeds from a sale or other disposition of the Instruments. A U.S. Holder may be subject to U.S. backup withholding on these payments if it fails to provide its tax identification number to the paying agent and comply with certain certification procedures or otherwise establish an exemption from backup withholding. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the Holder's U.S. federal income tax liability and may entitle them to a refund, provided that the required information is timely furnished to the IRS.

Certain Reporting Obligations

A U.S. taxpayer that participates in a "reportable transaction" will be required to disclose its participation to the IRS. The scope and application of these rules is not entirely clear. A U.S. Holder may be required to treat a foreign currency exchange loss from the Instruments as a reportable transaction if the loss exceeds U.S.\$50,000 in a single taxable year if the U.S. Holder is an individual or trust, or higher amounts for other U.S. Holders. In the event the acquisition, ownership or disposition of the Instruments constitutes participation in a "reportable transaction" for purposes of these rules, a U.S. Holder will be required to disclose its investment by filing Form 8886 with the IRS. Prospective purchasers should consult their tax advisors regarding the application of these rules to the acquisition, ownership or disposition of the Instruments.

In addition, U.S. Holders should consult their tax advisors about any additional reporting obligations that may apply as a result of the acquisition, holding or disposition of the Instruments.

The U.S. federal income tax discussion set forth above is included for general information only and may not be applicable depending upon a Holder's particular situation. Holders should consult their tax advisors with respect to the tax consequences to them of the ownership and disposition of the Instruments, including the tax consequences under state, local, non-U.S. and other tax laws and the possible effects of changes in U.S. federal or other tax laws.

The above summary is not exhaustive. It does not take into account special considerations that may apply in a particular situation. Investors and other interested parties should obtain individual tax advice in connection with the acquisition and holding as well as the sale or repayment of Instruments.

CERTAIN ERISA AND RELATED CONSIDERATIONS

The U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), imposes requirements on "employee benefit plans" within the meaning of Section 3(3) of ERISA that are subject to Title I of ERISA, including pension plans, profit-sharing plans, collective investment funds and separate accounts whose underlying assets include the assets of such employee benefit plans (collectively, "**ERISA Plans**"), and on those persons who are fiduciaries with respect to ERISA Plans. ERISA also imposes limits on transactions between ERISA Plans and their service providers or other "parties in interest".

Each ERISA Plan fiduciary should consider ERISA and the regulations and guidance thereunder when considering an investment in any interest in the Instruments. Fiduciaries of ERISA Plans, as well as other "plans" and arrangements within the meaning of and subject to Section 4975 of the Code (together with ERISA Plans, "**Plans**"), should also consider, among other items, the issues described below when deciding whether to invest in any interest in the Instruments.

THIS BASE PROSPECTUS IS NOT WRITTEN FOR ANY PARTICULAR PROSPECTIVE INVESTOR, AND IT DOES NOT ADDRESS THE NEEDS OF ANY PARTICULAR PROSPECTIVE INVESTOR. NONE OF THE ISSUER, THE ARRANGER, THE DEALERS, THE PAYING AGENT AND ANY OF THEIR RESPECTIVE AFFILIATES HAVE UNDERTAKEN TO PROVIDE IMPARTIAL INVESTMENT ADVICE OR TO GIVE ADVICE IN A FIDUCIARY CAPACITY, AND NONE OF THESE PARTIES HAVE OR SHALL PROVIDE ANY ADVICE OR RECOMMENDATION WITH RESPECT TO THE MANAGEMENT OF ANY INVESTMENT OR THE ADVISABILITY OF ACQUIRING, HOLDING, DISPOSING OR EXCHANGING OF ANY SUCH INVESTMENT. THE FOLLOWING DISCUSSION IS GENERAL IN NATURE, IS NOT INTENDED TO BE ALL INCLUSIVE AND SHOULD NOT BE CONSTRUED AS LEGAL ADVICE. EACH PLAN FIDUCIARY SHOULD TALK TO ITS LEGAL ADVISER ABOUT THE CONSIDERATIONS DISCUSSED IN THIS SECTION BEFORE INVESTING IN ANY INTEREST IN THE INSTRUMENTS. APPLICABLE LAWS GOVERNING THE INVESTMENT AND MANAGEMENT OF THE ASSETS OF GOVERNMENTAL, CHURCH, NON-U.S. AND OTHER BENEFIT PLANS MAY ALSO CONTAIN FIDUCIARY RESPONSIBILITY AND PROHIBITED TRANSACTION REQUIREMENTS. ACCORDINGLY, FIDUCIARIES OF SUCH PLANS, IN CONSULTATION WITH THEIR ADVISERS, SHOULD CONSIDER THE IMPACT OF SUCH LAWS ON AN INVESTMENT IN ANY INTEREST IN THE INSTRUMENTS.

Fiduciary Duty of Investing ERISA Plans

Under ERISA, a person who exercises discretionary authority or control regarding the management or disposition of an ERISA Plan's assets is generally considered a fiduciary of such an ERISA Plan. Investments by ERISA Plans are subject to ERISA's general fiduciary requirements, which should be considered in the context of the ERISA Plan's particular facts and circumstances. In considering an investment in any interest in the Instruments, an ERISA Plan fiduciary should consider, among other factors: (i) whether the investment would satisfy the diversification requirements of Section 404 of ERISA; (ii) whether the investment is prudent with respect to the Instrument's structure and the investment's potential risks and lack of liquidity; (iii) whether the investment would be consistent with the documents and instruments governing the ERISA Plan; and (iv) whether the investment would involve a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (as discussed below).

When evaluating the prudence of investing in any interest in the Instruments, an ERISA Plan fiduciary should consider the U.S. Department of Labor (the "**DOL**") regulation on investment duties, which can be found at 29 C.F.R. § 2550.404a-1. ERISA also requires an ERISA Plan fiduciary to maintain for the ERISA Plan's assets an indicia of ownership within the jurisdiction of the U.S. district courts.

Prohibited Transactions

Section 406 of ERISA and Section 4975 of the Code prohibit transactions involving the assets of Plans and certain persons and their affiliates having certain relationships to such Plans, including a Plan's fiduciaries and other service providers (referred to as "parties in interest" under ERISA and "disqualified persons" within the meaning of Section 4975 of the Code, and collectively, "**Parties in Interest**").

Whether or not the underlying assets of the Issuer are deemed to include assets of a Plan, an investment in any interest in the Instruments by a Plan with respect to which any of of the Issuer, the Arranger, the Dealers,

the Paying Agent and their respective affiliates (each, a "**Transaction Party**") is considered a Party in Interest may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code (collectively, "**prohibited transactions**"), unless a statutory or administrative exemption is applicable to the transaction.

The Transaction Parties may be Parties in Interest with respect to many Plans. The applicability of any exemption to the prohibited transaction rules will depend, in part, on the type of the Plan fiduciary making the decision to invest in any interest in the Instruments and the circumstances under which any such decision is made. Included among the exemptions are the administrative exemptions of Prohibited Transaction Class Exemption ("**PTCE**") 84-14 (for certain transactions determined or effected by independent qualified professional asset managers), PTCE 90-1 (for certain transactions involving insurance company pooled separate accounts), PTCE 91-38 (for certain transactions involving bank collective investment funds), PTCE 95-60 (for transactions involving certain insurance company general accounts) and PTCE 96-23 (for plan asset transactions managed by in-house asset managers) and the statutory exemptions of Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code (for the purchase and sale of securities and related lending transactions, **provided that** neither the issuer of the securities nor any of its affiliates have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any Plan involved in the transaction and **provided further that** the Plan pays not more and receives not less than adequate consideration in connection with the transaction).

The fiduciary of a Plan that proposes to acquire any interest in the Instruments should consider, among other things, whether any such acquisition may involve: (i) a direct or indirect extension of credit to a Party in Interest; (ii) a sale or exchange of any property between a Plan and a Party in Interest; or (iii) a transfer to, or use by or for the benefit of, a Party in Interest of a Plan's assets. In this regard, there can be no assurance that any of these administrative or statutory exemptions will be available with respect to any transaction involving any interest in the Instruments. Most of these exemptions do not provide relief from some or all of the self-dealing prohibitions under Section 406 of ERISA or Section 4975 of the Code.

Similar Plans

"Governmental plans" within the meaning of Section 3(32) of ERISA, "church plans" within the meaning of Section 3(33) of ERISA that have made no election under Section 410(d) of the Code, "non-U.S. plans" described in Section 4(b)(4) of ERISA and benefit plans that are not "Benefit Plan Investors" (as defined below) (any such plan, a "**Similar Plan**"), while not subject to the fiduciary responsibility and prohibited transaction provisions of Title I of ERISA or Section 4975 of the Code, may nevertheless be subject to any U.S. federal, state, local, non-U.S. or other law or regulation that is substantially similar to the foregoing provisions of ERISA and the Code (any such law or regulation, a "**Similar Law**"). Fiduciaries of such Similar Plans should consult with their counsel before purchasing any interest in the Instruments.

Representations and Warranties

The Instruments issued under this Programme may generally be permitted to be held by a Plan or any person or entity whose underlying assets are deemed for purpose of Title I of ERISA or Section 4975 of the Code to include assets of any such Plan by reason of the DOL regulation at 29 C.F.R. § 2510.3-101, as modified by Section 3(42) of ERISA, or otherwise (each, a "**Benefit Plan Investor**"), **so long as** the particular issuance of the Instruments becoming considered as an investment by a Benefit Plan Investor will be treated as indebtedness without substantial equity characteristics for purposes of Title I of ERISA or Section 4975 of the Code. (any such permitted issuance, an "**ERISA-Permitted Issuance**").

Each purchaser or transferee of any interest in the Instruments, will be required to represent and agree or be deemed to have represented and agreed that either (i) it is not and for so long as it holds any interest in the Instruments will not be (x) a Benefit Plan Investor or a Similar Plan that is subject to any Similar Law or (ii) provided that any interest in the Instruments are under an ERISA-Permitted Issuance, the purchase and holding of any interest in the Instruments will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, and in the case of a Similar Plan, a non-exempt violation of any Similar Law.

Each purchaser or transferee of any interest in the Instruments that is a Benefit Plan Investor will be deemed to have represented by its acquisition of any interest in the Instruments that (a) none of the Transaction Parties (i) have provided any investment recommendation or investment advice to the Benefit Plan Investor or any fiduciary or other person investing the assets of the Benefit Plan Investor (a "**Plan Fiduciary**") on

which either the Benefit Plan Investor or Plan Fiduciary has relied in connection with the decision to acquire any interest in the Instruments and (ii) are acting as a "fiduciary" within the meaning of Section 3(21) of ERISA or Section 4975(e)(3) of the Code to the Benefit Plan Investor or Plan Fiduciary in connection with the Benefit Plan Investor's acquisition of any interest in the Instruments; and (b) the Plan Fiduciary is exercising its own independent judgment in evaluating the transaction.

Each purchaser or transferee of any interest in the Instruments has exclusive responsibility for ensuring that its purchase and holding of any interest in the Instruments does not violate the prohibited transaction rules of Title I of ERISA, Section 4975 of the Code or any applicable Similar Law. The sale of any interest in the Instruments to a Benefit Plan Investor or a Similar Plan that is subject to any Similar Law is in no respect a representation by the Transaction Parties that such an investment meets all relevant requirements with respect to Benefit Plan Investors or Similar Plans that are subject to any Similar Law generally or any particular Benefit Plan Investor or Similar Plan that is subject to any Similar Law, or that such an investment is appropriate for Benefit Plan Investors or Similar Plans that are subject to any Similar Law generally or any particular Benefit Plan Investor or Similar Plan that is subject to any or Similar Law.

The foregoing discussion is general in nature and not intended to be all-inclusive. Prospective investors should consult with their own legal, tax, financial and other advisers prior to investing in an Instrument to review these implications in light of such investor's particular circumstances.

SUBSCRIPTION AND SALE

Instruments may be sold from time to time by the Issuer to any one or more of Barclays Bank Ireland PLC, Barclays Bank PLC, BNP Paribas, BofA Securities Europe SA, Citigroup Global Markets Europe AG, Citigroup Global Markets Limited, Crédit Agricole Corporate and Investment Bank, Daiwa Capital Markets Europe Limited, Deutsche Bank AG, London Branch, Goldman Sachs International, HSBC Bank plc, J.P. Morgan Securities plc, Kommunalbanken AS, Merrill Lynch International, Mizuho International plc, Morgan Stanley & Co. International plc, MUFG Securities (Europe) N.V., Nomura International plc, RBC Europe Limited, Skandinaviska Enskilda Banken AB (publ), SMBC Nikko Capital Markets Limited, Tokai Tokyo Securities Europe Limited and UBS Europe SE (the "**Dealers**"). The arrangements under which Instruments may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in an amended and restated dealership agreement dated 22 March 2019 (as the same may be supplemented, amended or replaced from time to time, the "**Dealership Agreement**") and made between the Issuer and the Dealers. The Dealership Agreement makes provision for the resignation or termination of appointment of Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Instruments.

If in the case of any Tranche of Instruments the method of distribution is an agreement between the Issuer and a single Dealer, the method of distribution will be described in the relevant Final Terms as "Non-Syndicated" and the name of that Dealer and any other interest of that Dealer which is material to the issue of that Tranche beyond the fact of appointment of that Dealer will be set out in the relevant Final Terms.

If in the case of any Tranche of Instruments the method of distribution is an agreement between the Issuer and more than one Dealer for that Tranche to be issued by the Issuer and subscribed by those Dealers, the method of distribution will be described in the relevant Final Terms as "Syndicated", the obligations of those Dealers to subscribe the relevant Instruments will be joint and several and the names and addresses of those Dealers and any other interests of any of those Dealers which is material to the issue of that Tranche beyond the fact of the appointment of those Dealers will be set out in the relevant Final Terms. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Instruments, the price at which such Instruments will be purchased by the Dealer(s) and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase.

United States of America

Each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that the Instruments have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and, accordingly, the Instruments may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S. Each Dealer has also represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent, warrant and agree that, except as permitted under the Dealership Agreement, and as described below, it will not offer, sell or deliver the Instruments (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of the Tranche of which the Instruments are a part as determined and certified to the Issue and Paying Agent by the Relevant Dealer (or in the case of such Tranche of Instruments sold to or through more than one Relevant Dealer, by each of such Relevant Dealers as to the Instruments of such Tranche sold by or through it, in which case the Issue and Paying Agent shall notify each Relevant Dealer when all such Relevant Dealers have so certified) except in accordance with Regulation S or Rule 144A as set out below, and it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells the Instruments during the distribution compliance period (other than resales pursuant to Rule 144A) a confirmation or other notice substantially to the following effect:

"The securities covered hereby have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**") or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of the Tranche of which the Instruments are a part as determined and certified to the Issue and Paying Agent by the Relevant Dealer (or in the case of such Tranche of Instruments sold to or through more than one Relevant Dealer, by each of such Relevant Dealers as to the Instruments of such Tranche sold by or through

it, in which case the Issue and Paying Agent shall notify each Relevant Dealer when all such Relevant Dealers have so certified) except in accordance with Rule 903 of Regulation S or Rule 144A under the Securities Act to a person that the seller reasonably believes is both a qualified institutional buyer (within the meaning of Rule 144A under the Securities Act) and a qualified purchaser (within the meaning of Section 2(a)(51)(A) of the United States Investment Company Act of 1940, as amended). Terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act".

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that neither it, its affiliates nor any person acting on its or their behalf has engaged or will engage in any form of general solicitation or general advertising (as those terms are used in Rule 502(c) under the Securities Act) in connection with any offer or sale of the Instruments in the United States.

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that neither it, its affiliates nor any persons acting on its or their behalf has engaged or will engage in any form of directed selling efforts (as defined in Regulation S) with respect to the Instruments and it and they have complied and will comply with the offering restrictions requirements of Regulation S. The Instruments are being offered and sold outside of the United States only to non-U.S. persons in reliance on Regulation S. Each Dealer may only, through its respective U.S. broker-dealer affiliates, arrange for the offer and resale of the Rule 144A Instruments within the United States only to QIBs that are QPs in accordance with Rule 144A. VPS Instruments will be sold outside the United States to non-U.S. persons in "offshore transactions" within the meaning of Regulation S.

Each Dealer has represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has offered and sold and will offer and sell Instruments in the United States only to persons whom it reasonably believes are both QIBs and QPs who can represent that (A) they are QIBs within the meaning of Rule 144A who are also QPs within the meaning of Section 2(a)(51)(A) of the Investment Company Act; (B) they are not broker-dealers who own and invest on a discretionary basis less than U.S.\$25 million in securities of unaffiliated issuers; (C) they are not a participant-directed employee plan, such as a 401(d) plan; (D) they are acting for their own account, or the account of one or more QIBs each of which is a QP; (E) they are not formed for the purpose of investing in the Instruments or the Issuer, (F) each account for which they are purchasing will hold and transfer at least U.S.\$100,000 in principal amount of Instruments at any time (or equivalent in another currency), (G) they understand that the Issuer may receive a list of participant holding positions in its securities from one or more book-entry depositories; and (H) they will provide notice of the transfer restrictions set forth in the Base Prospectus to any subsequent transferees.

In connection with the offer and resale of the Instruments in the United States each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree, that it is a QIB who is also a QP.

In addition, until 40 days after the commencement of the offering of the each Tranche of Instruments, an offer or sale of such Instruments within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A or another exemption from registration under the Securities Act.

Instruments in bearer form will be issued in accordance with the provisions of United States Treasury Regulation § 1.163-5(c)(2)(i)(D) (the "D Rules"), unless the relevant Final Terms specifies that Instruments in bearer form will be issued in accordance with the provisions of United States Treasury Regulation § 1.163-5(c)(2)(i)(C) (the "C Rules") or that TEFRA does not apply.

In addition, in respect of Instruments issued in accordance with the D Rules each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that:

- (a) except to the extent permitted under the D Rules, (i) it has not offered or sold, and during the restricted period will not offer or sell, Instruments in bearer form to a person who is within the United States or its possessions or to a United States person, and (ii) such Dealer has not delivered

and will not deliver within the United States or its possessions definitive Instruments in bearer form that are sold during the restricted period;

- (b) it has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Instruments in bearer form are aware that such Instruments may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;
- (c) if such Dealer is a United States person, it represents that it is acquiring the Instruments in bearer form for purposes of resale in connection with their original issuance and, if such Dealer retains Instruments in bearer form for its own account, it will only do so in accordance with the requirements of U.S. Treas. Reg. § 1.163-5(c)(2)(i)(D)(6); and
- (d) with respect to each affiliate (if any) that acquires from such Dealer Instruments in bearer form for the purposes of offering or selling such Instruments during the restricted period, such Dealer either (i) hereby represents and agrees on behalf of such affiliate (if any) to the effect set forth in subparagraph (a), (b) and (c) of this paragraph or (ii) agrees that it will obtain from such affiliate (if any) for the benefit of the Issuer the representations and agreements contained in subparagraphs (a), (b) and (c) of this paragraph; and
- (e) it shall obtain for the benefit of the Issuer the representations, and agreements contained in subparagraphs (a), (b), (c), and (d) of this paragraph from any person other than its affiliate with whom it enters into a written contract, (a "distributor" as defined in U.S. Treasury Regulation §1.163-5(c)(2)(i)(D)(4)), for the offer or sale during the restricted period of the Instruments.

Terms used in the above paragraph have the meanings given to them by the Code and Regulations thereunder, including the D Rules.

In addition, where the C Rules are specified in the relevant Final Terms as being applicable in relation to any Tranche of Instruments, Instruments in bearer form must be issued and delivered outside the United States and its possessions in connection with their original issuance. Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, Instruments in bearer form within the United States or its possessions in connection with the original issuance. Further, each Dealer represents and agrees and each further Dealer appointed under the Programme will be required to represent and agree in connection with the original issuance of Instruments in bearer form, that it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if such purchaser is within the United States or its possessions and will not otherwise involve its U.S. office in the offer or sale of Instruments in bearer form. Terms used in this paragraph have the meanings given to them by the Code and regulations thereunder, including the C Rules.

In connection with each sale of Instruments pursuant to Rule 144A under the Securities Act, neither the relevant Dealer nor any person acting on its behalf will engage in any form of general solicitation or general advertising (as those terms are used in Rule 502(c) under the Securities Act).

Prohibition of Sales to EEA Retail Investors

Unless the applicable Final Terms in respect of any Instruments specifies the "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Instruments which are the subject of the offering contemplated by this Base Prospectus as completed by the applicable Final Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; and

- (b) the expression an "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe the Instruments.

If the Final Terms in respect of any Instruments specify "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", in relation to each Relevant Member State, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Instruments which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Instruments to the public in that Relevant Member State:

- (a) *Approved Prospectus*: if the Final Terms in relation to the Instruments specify that an offer of those Instruments may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Public Offer**"), following the date of publication of a prospectus in relation to such Instruments which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, *provided that* any such prospectus which is not a drawdown prospectus has subsequently been completed by the Final Terms contemplating such Public Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Final Terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Public Offer;
- (b) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) *Fewer than 150 offerees*: at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) *Other exempt offers*: at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Instruments referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Instruments to the public**" in relation to any Instruments in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe the Instruments, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended or superseded) and includes any relevant implementing measure in the Relevant Member State.

Prohibition of Sales to Belgian Consumers

Unless the applicable Final Terms in respect of any Instruments specifies the "Prohibition of Sales to Belgian Consumers" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer or sell, directly or indirectly, any Instruments to Belgian Consumers, and has not distributed or caused to be distributed and will not distribute or cause to be distributed, the Base Prospectus or any other offering material relating to Instruments to Belgian Consumers. For these purposes, a "**Belgian Consumer**" has the meaning provided by the Belgian Code of Economic Law, as amended from time to time (*Wetboek van 28 februari 2013 van economisch recht/Code du 28 février 2013 de droit économique*), being any natural person resident or located in Belgium and acting for purposes which are outside his/her trade, business or profession.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) *No deposit-taking*: in relation to any Instruments having a maturity of less than one year:
 - (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and
 - (ii) it has not offered or sold and will not offer or sell any Instruments other than to persons:

General

Each Dealer has represented, warranted and agreed that, to the best of its knowledge, it has complied and will comply with all applicable laws and regulations in each country or jurisdiction in or from which it purchases, offers, sells or delivers Instruments or possesses, distributes or publishes this Base Prospectus or any Final Terms or any related offering material, in all cases at its own expense. Other persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Instruments or possess, distribute or publish this Base Prospectus or any Final Terms or any related offering material, in all cases at their own expense.

The Dealership Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, in applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed "*General*" above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or their affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the securities of the Issuer, including potentially the Instruments offered hereby. Any such short positions could adversely affect future trading prices of the Instruments offered hereby. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

CLEARING AND SETTLEMENT

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear and/or Clearstream, Luxembourg (together, the "Clearing Systems") currently in effect. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing Systems. Neither the Issuer nor any other party to the Issuing and Paying Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Instruments held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. The information in this section concerning the Clearing Systems has been obtained from sources that the Issuer believes to be reliable, but neither the Issuer nor any Dealer takes any responsibility for the accuracy thereof. The Issuer confirms that such information has been accurately reproduced and that, so far as it is aware and is able to ascertain from information published by such sources, no facts have been omitted which would render the reproduced information inaccurate or misleading.

DTC Book-Entry System

Registered Instruments whether as part of the initial distribution of the Instruments or in the secondary market, are eligible to be held in book-entry form in DTC.

DTC has advised the Issuer that it is a limited purpose trust company organised under the New York Banking Law, a "banking organisation" within the meaning of the New York Banking Law, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants ("**Participants**") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct participants ("**Direct Participants**") include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**").

Under the rules, regulations and procedures creating and affecting DTC and its operations (the "**DTC Rules**"), DTC makes book-entry transfers of Registered Instruments among Direct Participants on whose behalf it acts with respect to Instruments accepted into DTC's book-entry settlement system ("**DTC Instruments**") as described below, and receives and transmits distributions of principal and interest on DTC Instruments. The DTC Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Instruments ("**Owners**") have accounts with respect to the DTC Instruments similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Instruments through Direct Participants or Indirect Participants will not possess Registered Instruments, the DTC Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest with respect to the DTC Instruments.

Purchases of DTC Instruments under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Instruments on DTC's records. The ownership interest of each actual purchaser of each DTC Instrument ("**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Instruments are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Instruments, except in the event that use of the book-entry system for the DTC Instruments is discontinued.

To facilitate subsequent transfers, all DTC Instruments deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of DTC Instruments with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Instruments; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Instruments are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Instruments within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Instruments. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Instruments are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Instruments will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursements of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, DTC will exchange the DTC Instruments for Definitive Registered Instruments, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Instrument, will be legended as set forth under "*Transfer Restrictions*".

Book-entry Ownership of and Payments in respect of DTC Instruments

The Issuer may apply to DTC in order to have each Tranche of Instruments represented by the Rule 144A Global Instrument, and if applicable, the Regulation S Global Instrument, accepted in its book-entry settlement system. Upon the issue of any Global Registered Instruments, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Global Registered Instrument to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer.

Ownership of beneficial interests in a Global Registered Instrument will be limited to Direct Participants or Indirect Participants. Ownership of beneficial interests in a Global Registered Instrument will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal and interest in respect of a Global Registered Instrument registered in the name of DTC's nominee will be made to the order of such nominee as the registered holder of such Instrument. In the case of any payment in a currency other than U.S. dollars, payment will be made to the relevant Paying Agent on behalf of DTC's nominee and the relevant Paying Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Global Registered Instrument in the currency in which such payment was made and/or

cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Instruments will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Paying Agents, the Registrars or the Issuer. Payments of principal, premium, if any, and interest, if any, on Instruments to DTC are the responsibility of the Issuer.

Transfers of Instruments Represented by Global Registered Instruments

Transfers of any interests in Instruments represented by a Global Registered Instrument will be effected in accordance with the customary rules and operating procedures of Euroclear, Clearstream, Luxembourg and/or DTC, as the case may be. The laws of some states within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Instruments represented by a Global Registered Instrument to such persons may depend upon the ability to exchange such Instruments for Definitive Registered Instruments. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Instruments represented by a Global Registered Instrument held by DTC to pledge such Instruments to persons or entities that do not participate in the DTC system or to otherwise take action in respect of such Instruments may depend upon the ability to exchange such Instruments for Instruments in definitive form. The ability of any holder of Instruments represented by a Global Registered Instrument held by DTC to resell, pledge or otherwise transfer such Instruments may be impaired if the proposed transferee of such Instruments is not eligible to hold such Instruments through a direct or indirect participant in the DTC system.

Transfers at any time by a holder of a book-entry interest in a Rule 144A Global Instrument to a transferee who takes delivery of such book-entry interest through a Regulation S Global Instrument for the same Series of Instruments will only be made upon delivery to the Registrar of a certificate setting forth compliance with the provisions of Regulation S. Prior to the expiration of the distribution compliance period (as defined in Regulation S), ownership of book-entry interests in a Regulation S Global Instrument will be limited to persons that have accounts with Euroclear, Clearstream, Luxembourg and/or DTC, as the case may be, or persons who hold such book-entry interest through Euroclear, Clearstream, Luxembourg and/or DTC, as the case may be, and any sale or transfer of such book-entry interest to a US person (within the meaning of Regulation S) shall not be permitted during such period unless such resale or transfer is made pursuant to Rule 144A. Transfers at any time by a holder of a book-entry interest in a Regulation S Global Instrument to a transferee who takes delivery of such book-entry interest through a Rule 144A Global Instrument for the same Series of Instruments will only be made upon receipt by the relevant Registrar or the relevant Transfer Agent of a written certificate from the transferor of such book-entry interest to the effect that such transfer is being made to a person whom such transferor, and any person acting on its behalf, reasonably believes is a QIB within the meaning of Rule 144A that is also a QP within the meaning of Section 2(a)(51)(A) of the Investment Company Act in a transaction meeting the requirements of Rule 144A or otherwise in accordance with the transfer restrictions described under "*Transfer Restrictions*" and in accordance with any applicable securities laws of any state of the United States.

Subject to compliance with the transfer restrictions applicable to the Registered Instruments described under "*Transfer Restrictions*", cross-market transfers between DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream, Luxembourg accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrars, and/or the Paying Agents, as the case may be, and any custodian with whom the relevant Global Registered Instruments have been deposited.

On or after the relevant issue date for any Series, transfers of Instruments of such Series between accountholders in Euroclear or Clearstream, Luxembourg and transfers of Instruments of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in DTC and Euroclear or Clearstream, Luxembourg participants will need to have an agreed settlement date between the parties to such transfer. Because there

is no direct link between DTC, on the one hand, and Euroclear or Clearstream, Luxembourg on the other, transfers of interests in the relevant Global Registered Instruments will be effected through the relevant Registrar and/or the relevant Paying Agent, as the case may be, and the custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payments must be made separately.

Euroclear, Clearstream, Luxembourg and DTC have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Global Registered Instruments among participants and accountholders of Euroclear, Clearstream, Luxembourg and DTC. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Registrars, the Paying Agents or any Dealer(s) will be responsible for any performance by Euroclear, Clearstream, Luxembourg and DTC or its respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Instruments represented by Global Registered Instruments or for maintaining, supervising or reviewing any records relating to such beneficial interests.
